Principal's Message

Longfellow Middle School, a designated Arts and Technology Magnet School, is located in South Berkeley. The school has 475 students, which indicates we are the smallest of the three middle schools in Berkeley. Being a small middle school allows our staff to create an environment that is nurturing, with a strong academic focus that is infused with the arts. We offer unique experiences for our students that encourage parent/community partnerships such as The Music/Drama/ Arts Showcase, Grand Parent's Day, Annual Ski Trip, Eight Grade Yosemite Trip and our Monthly Student Assemblies, ie: Be an Ally Month Assembly. Longfellow is home to the Berkeley Unified School District's middle school Two-Way Immersion Program, a continuation of the elementary program to teach students in both English and Spanish. The native English and Spanish speakers in this program will gain proficiency in both languages. At lunchtime, students have two daily choices of made-to-order meals and an organic salad bar. Our nutrition education program includes cooking and gardening classes at each grade level.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (510) 644-6360.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to reveal whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

We welcome parents to get involved in all aspects of our school, including assisting teachers, monitoring recess periods, chaperoning events, assisting with fund-raising, helping after school, or serving as a writing coach for our eighth grade students. We also welcome parents on our Berkeley Schools Excellence Project committee, which analyzes budgetary needs and makes funding recommendations. We are thankful for our active PTA, which has awarded teacher mini grants, sponsored winter and spring family nights and the spring fair, and much more.

To get involved in Longfellow's PTA, please contact the school office at (510) 644-6360.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The oldest buildings of Longfellow Middle School were constructed in 1922. Currently, the school campus covers 3.73 acres and includes 27 permanent classrooms, a staff work room, a library, a gym, 1 computer lab, a cafeteria, a theater, a READ 180 lab, and a cooking/gardening center, that is scheduled to be redesigned in 2013-14. In the 2007-08 school year, the school renovated the Sixth Grade Building in 2008. The facility strongly supports teaching and learning through its ample classroom and recreation space.

The safety of students and staff is our primary concern. A variety of people visit the campus to volunteer in the classroom and participate in school events. During lunch, recesses, and before-and-after school, staff members, administrators, and safety officers supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drill are held quarterly, and intruder drills are held twice a year.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated and reviewed with school staff in fall 2014.

Suspensions and Expulsions

Types of Services Funded at Longfellow Arts and Technology Middle School

Our school was awarded an After School Education and Safety Program state grant that supports before-school and afterschool enrichment programs and physical activities and a 21st Century Grant to fund our afterschool program. In addition, we have a grant from Alameda County for our health project. Local agencies, including the Longfellow PTA, In Dulci Jubilo, and the Berkeley Public Education Foundation, fund mini-grants for teachers.

Professional Development provided for Teachers at Longfellow Arts and Technology Middle School

Administrators and teachers take time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. During the last three school-years, each school in the Berkeley Unified School District dedicated 3 days annually for teacher and administrator professional development. Longfellow has made a bold commitment to equity and culturally responsive instructional practices that will ensure an effective instructional program for all students. A math teacher-leader at the site participates in monthly District trainings, and supports math professional development and collaboration at the site. New teachers participate in a rigorous District BTSA program. Teacher-initiated professional development is supported through local funds
