**Rosa Parks
Elementary
Consolidated School Plan**

2015 – 2016

The Single Plan for Student Achievement

Rosa Parks Environmental Science Magnet School

School Name

01-61143-6090187

CDS Code

Date of this revision: 4/15/2015

The *Single Plan for Student Achievement* (SPSA) is a plan of actions to raise the academic performance of all students to the level of performance goals established under the California Academic Performance Index. California *Education Code* sections 41507, 41572, and 64001 and the federal No Child Left Behind Act (NCLB) require each school to consolidate all school plans for programs funded through the School and Library Improvement Block Grant, the Pupil Retention Block Grant, the Consolidated Application, and NCLB Program Improvement into the *Single Plan for Student Achievement*.

For additional information on school programs and how you may become involved locally, please contact the following person:

E-mail Address: donaldevans@berkeley.net

The District Governing Board approved this revision of the School Plan on 5/5/2015.

I. Consolidated School Plan for Educating The Whole Child

School Name: Rosa Parks Environmental Science Magnet School	School Year: 2015-2016
--	-------------------------------

Summary of School Goals:

The school has identified these primary goals as stated in the Local Control Accountability Plan (LCAP):

LCAP Goal 1: Provide high quality classroom instruction and curriculum that promote college and career readiness with academic interventions in place to eliminate barriers to student success.

LCAP Goal 2: End the racial predictability of academic achievement by ensuring that all systems are culturally and linguistically responsive to the needs of our students.

LCAP Goal 3: Ensure all school sites have safe, welcoming and inclusive climates for all students and their families, so that all students are in their classes ready to learn.

These goals serve as a framework for the targeted actions, services, and expenditures that will be most effective in improving outcomes for all students and subgroups of students by special circumstance (low income, English Learners, Foster Youth, Students with Disabilities) and by ethnicity (African-American, Latino)

Goals and actions delineated in the Plan are intended to improve and expand programs and services that have been correlated with positive outcomes for our most at-risk students, as well as to disrupt patterns and practices that continue to perpetuate the under-performance of specific subgroups of students.

PRIORITIES FOR ADDITIONAL FUNDS:

Additional funding for after school math and reading club

CONTINGENCY PLAN:

Site Committee Representatives:

Parents/Community	Staff
(Chair): Irisa Charney-Sirott (Chair)	(Principal): Paco Furlan
(Co-Chair, if applicable):	(Teacher): Katie Curry
Rena Dorph	(Teacher): Kathleen Gadway
David Kojan	(Teacher): Tracy Iglehart (Alternate)
Yalda Madabber	(Classified): Debrah Howe
Dan Smuts (Alternate)	(Teacher): Mary Martin
Mike Steinman	(Teacher): Brook Pessin-Whedbee
Montrella Wilson	

BSEP Planning & Oversight Committee Representative:

Laura Babitt

ELAC/DELAC (District English Learner Advisory Committee) Representative:

Maria Flores

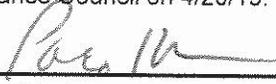

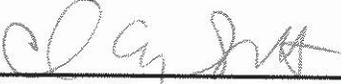

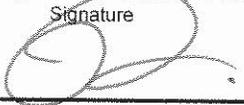

II. Recommendations and Assurances

The School Governance Council recommends this School Plan and its related expenditures to the District governing Board for approval, and assures the Board of the following:

1. The School Governance Council is correctly constituted, and was formed in accordance with District governing Board policy, state law, and local statute.
2. The School Governance Council reviewed its responsibilities under state law (including the Brown Act), local statute (the Berkeley Public Schools Educational Excellence Act of 2006), and District governing board policies.
3. The School Governance Council members do not have conflict of interest in making budget decisions regarding these categorical school funds. No one sitting on the School Governance Council stands to benefit financially from any decision of the Council.
4. The School Governance Council sought and considered all recommendations from the following groups or committees, before adopting this Plan:
 - School Advisory Committee for State Compensatory Education Programs
 - English Learner Advisory Committee
 - Other:

The School Governance Council also reviewed the results of the annual School Governance Council survey in the development of the plan.

5. The School Governance Council reviewed the content requirements for school plans of programs included in this Single Plan for Student Achievement, and believes all such content requirements have been met, including those found in district governing board policies, the Local Improvement Plan, and the Berkeley Schools Excellence Program local tax measure.
6. This school plan is based upon a thorough analysis of student academic performance, as well as other benchmarks of student achievement. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance by addressing the needs of the whole child.
7. This school plan was reviewed by the English Learner Advisory Council on 4/10/15.
8. This school plan was adopted by the School Governance Council on 4/20/15.

III. School Vision and Mission

Mission

The mission of Rosa Parks Elementary School is to welcome children of all abilities and cultural backgrounds and teach them to excel in both academic subjects and interpersonal skills. They learn to reason, see their place in the world, and express their ideas by studying mathematics, environmental science, and the language arts. All students develop the creative and critical thinking skills needed to navigate our challenging world and a level of empathy that makes them assets to their community and stewards of their environment.

Vision

Rosa Parks Elementary School is a safe and nurturing place where academic excellence is the standard for all. The students and the families here come from different walks of life; we have special gifts and special needs; we speak many languages and have varied traditions. We come together with a spirit of curiosity and respect to develop a lifelong love of learning. By studying the natural world we develop a respect for the diversity of our school, our community, and our planet. A sense of wonder bolsters our classroom experiences and we leave Rosa Parks with a deep sense of fair play and with the skills we need to achieve in middle school and beyond as lifelong learners.

IV. School Profile

For additional school facts and information, please view the attachment titled: Rosa Parks School Information Sheet 2014-15.docx

Rosa Parks School opened in 1997 after three year planning period in which parents, teachers, staff, and neighbors gave input. Through the efforts of the planning committee and support of the business and private community, the Rosa Parks School Capital Campaign raised funds and created partnerships which allowed the school to build a full-sized gymnasium, a fully equipped Science Lab, and a computer lab. When the school opened, there was a belief that it takes a village to raise a child and the physical layout of the school echoes this belief. The school is designed as a village in clusters of small buildings surrounding the interior courtyards. which lends itself to a feeling of being at home in a safe and nurturing environment.

In addition to following the state adopted curriculum, Rosa Parks is dedicated to educating "The Whole Child." As an Environmental Science Magnet, we are proud to have the only fully equipped Science Lab in all of the Berkeley public elementary schools. The lab is staffed with a full-time Science instructor which enables the students to have access to a variety of hands-on learning experiences. We are committed to providing our students with an opportunity to experience science beyond the classrooms, both on campus and at the nearby Aquatic Park and Berkeley Marina. In addition to our focus on science, we also believe that the arts are an integral part of educating "The Whole Child." An example of how the arts are integrated into the core curriculum is evidenced by a tile mosaic mural on the Rosa Parks campus. This garden mural shows the life cycle of a bean plant and a butterfly as well as the layers of soil, rock and ground water below the garden. Forty second and third grade students and three teachers participated in this project. Additionally, Rosa Parks students have access to Cooking and Gardening which provides them with opportunities to acquire the skills to make healthy nutrition choices. The district-wide Music Program provides music literacy (singing, rhythm, recorder) once a week to all third grade students and twice a week to all fourth grade students. Fifth grade students choose between band, orchestra and chorus. Finally, our PE program is supported by PlayWorks which helps students learn to play organized games during recess time, engages them in physical activity, and develops their ability to play fairly with others.

Rosa Parks has a strong relationship with the Rosa Parks Collaborative, which is a program of LifeLong Medical Care. The Family Resource Center at Rosa Parks emerged through this partnership. The Collaborative Coordinator and Site Principal work together to provide support to children and their families throughout the school day as well as before and after school. Family/Community Outreach, Mental Health Services, and Kids' Village Before and Afterschool Program are the main services offered through the Family Resource Center. The Family Resource Center has played an integral role in assisting with parent outreach and bringing a diverse group of families together at Rosa Parks. Starting with the 2009-2010 school year, the Family Resource Center has sponsored a once a month family night called "The Tour of the World." These events help us to celebrate the diversity of our community by focusing on a region of the world each month. To celebrate, staff members and families host tables with activities for our children to learn more about the focus region. There is also a dinner focusing on foods from the region as well as art and performances by our children and other community members. This partnership between the school site and Rosa Parks Collaborative allows Rosa Parks to be a place in the community where students and families have one stop access to a plethora of educational, health, and social service resources designed to help our students succeed in school.

Current enrollment at Rosa Parks is 486 students. In some ways, the demographics of the school mirror that of the District with the exceptions of fewer African American students and more Latino, Disadvantaged, and English Language Learners. The students are 13% African American, 31% Latino, 29% White, 20% Multi-Ethnic/Other, 4 % Asian, 6% Students with Disabilities, 27% English Language Learners, and 35% Disadvantaged. The percentage of African Americans has decreased at Rosa Parks since 2003 while the percentage of students who are White and Multi Ethnic/Other has increased during this same time period.

Our current class configuration is as follows: three K's (three English only), four 1st's (all English only), four 2nd's (three regular English, one Two-Way Immersion Spanish), three 3rd's (two regular English, one Two-Way Immersion Spanish), two 4th's (one regular English, one Two-Way Immersion Spanish), and three 5th's (one regular English, one Two-Way Immersion Spanish). We are slowly transitioning our TWI program out of the school one grade level at a time, starting with the 2013-14 school year with no TWI in KG. Students are placed heterogeneously in our regular English classrooms and by parental choice in our Two-Way Immersion Spanish classrooms with the goal of 50% native Spanish speakers and 50% native English speakers in the TWI classrooms only. The academic expectations are the same in all classrooms based on the California Content Standards at each grade level. All In the TWI classrooms, students learn to speak, read,

and write in Spanish while the instruction in English increases annually. For example, in Kindergarten, approximately 75% of the instruction is in Spanish and 25% is in English. In 1st grade, the ratio changes to 70% in Spanish and 30% in English. In 2nd grade, 60% Spanish and 40% English. In 3rd grade, 50% Spanish and 50% English. In 4th and 5th grades, this stabilizes at 40% in both Spanish and 60% English with this program continuing at the Middle School Level until the end of 8th grade.

V. Comprehensive Needs Assessment Components

A. Data Analysis

For detailed school performance data analysis see two attachments: 1) Document: Rosa Parks Indicators of Progress to Achieve LCAP and SGC Goals 2014-15.pdf and 2) Power Point: Rosa Parks SGC Data presentation fall 2014.pptx. The analysis was presented to the School Governance Council in the fall of 2014 and includes CELDT, district assessments, attendance, and suspension data.

B. Surveys

The School Governance Council (SGC) created an online survey using Survey Monkey and also sent home a paper version of the survey. Both the online and paper versions of the survey were available in English and Spanish. The SGC made a particular effort this year to increase the parental response rate, and to increase the diversity of the respondents. The SGC also collaborated with the PTA in both creating, disseminating, and tabulating the results. Over 300 surveys were submitted to the school. The SGC also gave Rosa Parks staff a survey that focused on rating current programs as well as prioritizing spending for next year. This survey was filled out by most, but not all, Rosa Parks teachers. The results of both the parent survey and the staff survey informed the SGC's decisions about funding priorities.

C. Classroom Observations

The school principal observes teachers through weekly informal classroom walkthroughs and formal observations. The formal observation process consists of teachers identifying and setting professional goals, formal observations by the principal, pre and post observation conferences, and a summative evaluation. Both informal and formal observations provide information about instruction, curriculum, and student learning. This information is used to plan staff development and guide staff/collaboration meetings.

D. Student Work and School Documents

Teachers collaboratively meet during the year to analyze student work samples and plan instruction.

During each trimester, K-5 teachers give a battery of assessments to monitor the development of the core areas of literacy including reading, writing and spelling. These informal assessments provide classroom teachers, support staff, and intervention teachers information about students' literacy and math development so that teachers can use this information to modify instruction based on student needs during the course of the year.

Local assessments in reading, math, and writing guide instruction. Reading Tests, TCRWP, are given 3 times a year and record student comprehension and fluency levels. Assessments for spelling (BEAR, DOLCH), and reading (Running Records), and math are also used to assess student performance. They are administered on an ongoing basis, and the results are used to provide teachers with data to revise lesson goals, plan interventions, and individualize learning. The Literacy Coach has instructed staff on the use of our schoolwide Assessment Wall to post most-recent reading/writing data. Local math assessments are given at the end of each chapter and 3 times yearly.

State assessments identify student proficiency and provide data for analysis of effective instructional practice. CELDT is administered to all EL students each fall to provide information on their academic progress. Student assessments guide the individualized development of curriculum units, instruction, and strategies.

E. Analysis of Current Instructional Program

(See Appendix H for additional analysis)

Identify 1-2 strategies or activities per LCAP goal that were particularly effective in improving student achievement. ? (ie: Lit Coaches; ELD teachers; Toolbox; effective Professional Development)

We have a full time literacy coach that teaches small group classes to students that need intervention. Further, the coach provides technical assistance and coaching for staff.

We have a full time ELD coach and after school intervention teacher. This coach runs our after school reading club and our during the day ELD intervention classes.

o Evidence of the direct or indirect impact of the strategies or activities on student achievement
Student achievement of our lowest achieving students continues to improve.
We continue to reclassify students in our ELD program at a rate higher than state and district average.

Identify 1-2 strategies or activities that were ineffective or minimally effective in improving student achievement.
We have implemented a school-wide language lab program.

o Based on an analysis of the impact of the strategies/activities, what appears to be the reason they were ineffective in improving student achievement?
Lack of resources and enough staff to serve all students in small enough groups has been a challenge.

Based on the analysis of this practice, would you recommend:

o Continuing it with the following modifications: look at regrouping strategies and adding additional support to the after school and language lab programs.

VI. Description of Barriers and Related School Goals

It also goes without saying that our plan for student achievement is constrained by the limited financial resources available to the school and the District. To fully implement our vision for Rosa Parks would require financial resources far beyond what is currently available. Nevertheless, the SGC has endeavored to use the limited data available (including very valuable data received from the parent and staff surveys), and limited resources available to implement the vision for Rosa Parks in as comprehensive a way as is feasible.

Barriers to school goals include:

1. Students receive a standards-based program in English Language Arts and Math, although the articulation across and between grade levels has been inconsistent;
2. The most recent SBE-adopted (K-8) core and intervention materials in mathematics and reading/English/language arts (ELA) and English Language Development (ELD) for every school and classroom in the district have not been consistently used and implemented;
3. Time provided for teacher collaboration is not sufficient;
4. Data-driven collaboration and curriculum planning to address needs of students is inconsistent across grade levels;
5. There is an ongoing need for consistent and data-driven differentiation and intervention in the classroom (Tier 1);
6. Demand for intervention (Tier 2 and Tier 3) in math and reading may exceed available resources;
7. Parent involvement varies within the school, and home/school communication is inconsistent;
8. Perception exists in the community that there are not enough resources to challenge our students performing at or above grade level;

Local Control and Accountability Plan (LCAP)

The Local Control and Accountability Plan (“the Plan”) is mandated by the state as the standardized vehicle for addressing state priorities and local goals, identifying the most effective actions and services to meet those goals, as well as accounting for the Local Control Funding Formula (LCFF) supplemental expenditures and the indicators for monitoring progress. The Plan includes a description of annual goals, for all pupils and for each subgroup of pupils as stipulated in Education Code sections 52060 and 52061 (Plan Sections 2, Sections 3A and 3B).

It is important to note that while the introductory section of this plan provides an overview of the many programs and services available to our students and families, the LCAP is not intended to serve as the district’s strategic plan. Berkeley’s LCAP focuses on the goals and action steps that expand and improve the programs and services directed to our high-need students, and made possible primarily with the increased allocation of supplemental LCFF funding.

BUSD’s Local Control and Accountability Plan consolidates the five strategic district goals into the following three LCAP goals:

LCAP Goal 1: Provide high quality classroom instruction and curriculum that promote college and career readiness with academic interventions in place to eliminate barriers to student success.

LCAP Goal 2: End the racial predictability of academic achievement by ensuring that all systems are culturally and linguistically responsive to the needs of our students.

LCAP Goal 3: Ensure all school sites have safe, welcoming and inclusive climates for all students and their families, so that all students are in their classes ready to learn.

These “big” goals serve as a framework for the targeted goals, actions, services, and expenditures that will be most effective in improving outcomes for all students and subgroups of students by special circumstance (low income, English Learners, Foster Youth, Students with Disabilities) and by ethnicity (African-American, Latino).[1]

Goals and actions delineated in the Plan are intended to improve and expand programs and services that have been correlated with positive outcomes for our most at-risk students, as well as to disrupt patterns and practices that continue to perpetuate the under-performance of specific subgroups of students.

Section 1: Stakeholder Engagement

The first section of the Plan provides an overview of the stakeholder engagement process used to inform the development of the LCAP, as well as a reflection on how community input informed the LCAP. It is through the engagement of

representatives from all of the district's stakeholders, and review of district data on student achievement and outcomes, that a need profile was developed.

BUSD's Local Control and Accountability Plan is driven by community agreement around what all students need in order to experience academic success, and to be college and career ready upon high school graduation.

Our Students Need:

- v Great, Culturally Competent Teachers
- v Career and College Goals Engagement with School
- v Social-Emotional Skills & Mental Health
- v Grade Level Literacy & Math Proficiency
- v Graduation Success
- v Schools and Families to Partner
- v English Fluency
- v Full

Section 2: Goals and Progress Indicators

The identification of student needs provided a foundation for setting targeted goals. Our goals ensure that all students benefit from a rigorous instructional program and targeted interventions and supports, and that they do so in a positive and engaging school setting, that is culturally and linguistically responsive to the needs of our diverse student body. Thirteen "targeted" goals have been set to meet the identified student needs, with each assigned one or more progress indicators (or metrics) that are either quantitative or qualitative in nature. The progress indicators, some of which are required by the state, provide tools for measuring the extent to which goals for all students and for the focus students are being met over the three-year period of the Plan. An evaluation of the success of the Plan, using these indicators, will inform revisions or adjustments to the actions and services in the Plan each year.

Section 3: Actions, Services, and Expenditures

Section 3 identifies all of the LCAP actions and direct services, as well as related expenditures, by dividing them in two sub-sections specific to the related student groups. Section 3A identifies the goals and related actions that serve all students, as well as African-American and Latino subgroups, and Students with Disabilities, while Section 3B specifically notes the goals and actions directed to serve the low income students, English learners, and foster youth, whose needs are specifically targeted by the supplemental funding formula. (In context of the plan format, it is important to consider that 70% of the district's low income students are also African-American or Latino.)

During the development of the Plan, our community and staff generated suggestions for programs that, if fully funded, would cost approximately \$10 million dollars, far in excess of the \$2.4 million in supplemental funding projected for 2014-15. A process of prioritizing actions and services focused on funding those which would improve and expand on programs that are effectively serving students, as well as new practices and services that would meet student needs. The identified expenditures had to fit within the total amount of projected LCFF Supplemental funding over the three-year plan period: \$2.4 million in 2014-15, \$3.6 million in 2015-16, and \$4.9 million in 2016-2017.

The LCAP allocates LCFF Supplemental Funding, and identifies other sources of funding in support of actions that 1) improve and expand effective programs and services, and 2) provide new programs and services. This table provides a summary of the actions in the Plan funded specifically with LCAP Supplemental Funding in 2014-15.

Actions that will IMPROVE and EXPAND service to students

- v Increase use of culturally and linguistically relevant instructional practices
- v Actively recruit, support and retain African-American and Latino teachers
- v Coach teachers in effective instructional practices for new Common Core English Language Arts and Math Standards and Next Generation Science Standards, including the integration of technology
- v Increase targeted interventions with students and families
- v Build stronger relationships with students by increasing alternative behavioral interventions, restorative practices, counseling and mental health services
- v Expand the Bridge program for African-American students at all three middle schools
- v Expand the AVID program to support middle and high school students on the path to college

- v Fund Literacy Coaches at every school

LCAP Supplemental Funding Supports:

Actions that will provide NEW service to students

- v Provide trained English Language Development (ELD) teachers at every school site
- v Provide and support RtI2 teacher coaches at all elementary schools
- v Plan and monitor college and career path for high school students needing academic support
- v Implement a district wide social-emotional curriculum for grades K-6

In order to achieve the district goals for all students, as well as to reach more aggressive goals for the identified high need student groups, the LCAP includes an accounting of the multiple funding sources working together to fund programs and services. Furthermore, each of our individual school sites has developed the state mandated Single Plan for Student Achievement ("School Plan") and has identified additional actions and expenditures in support of these goals for the students at their school.

Section 3.C.

Berkeley's Local Control and Accountability Plan intentionally includes the implementation of certain school wide practices that will have an impact on the learning environment and school climate as a whole, and meet the requirement of being the most effective means of delivering improved services to our target students, for whom there would be a disproportionately positive impact. In addition to the school wide improvements, expenditures are targeted to provide direct service to low income students, English learners, and foster youth including ELD teachers at every school, literacy coaches to provide one on one and small group instruction, mental health supports, the Middle School Bridge program, Alive and Free, and the AVID program.

[1] Forty-two percent of the students in Berkeley Unified School District are socio-economically disadvantaged (SED) as determined by federal standards, and of those students, 35% are African-American and 35% are Latino, while 8% are students of two or more races. English Learners (EL) make up 10.8% of the K-12 student body, and of those EL students 74.5% are considered low income.

VII. School and Student Performance Data (continued)

VIII. Planned Improvements in Student Performance

The content of this school plan is aligned with school goals for improving student achievement. School goals are based upon an analysis of verifiable state data, including the Academic Performance Index and the English Language Development Test, and include local measures of pupil achievement. The School Governance Council analyzed available data on the academic performance of all students, including English learners, educationally disadvantaged students, gifted and talented students, and students with exceptional needs. The council also obtained and considered the input of the school community.

Based upon this analysis, the council has established the following performance improvement goals, actions and expenditures.

Goal #1: High Quality Instruction and Curriculum

LCAP Goal:

BUSD LCAP Focus Goal 1: Provide high quality classroom instruction and curriculum that promote college and career readiness with academic interventions in place to eliminate barriers to student success.

Student groups and grade levels to participate in this goal:

All Kindergarten through Fifth grade students with a focus on the subgroups targeted in the Local Control Accountability Plan (LCAP):

English Language Learners (EL)
Socio-Economically Disadvantaged Students
Foster-Youth
African-American Students
Hispanic or Latino Students
Students with Disabilities

Anticipated annual performance growth for each group:

LCAP Goal 1.2 Implementation of the new Common Core State Standards (CCSS) : All teachers will be supported in teaching the new CCSS in English language arts/Literacy, mathematics and Next Generation Science Standards (NGSS) including the integration of technology to ensure all students have access to the curriculum and technology necessary to be successful.

LCAP Goal 1.3 Grade Level Literacy: Students will demonstrate grade level proficiency in literacy with Third Grade performance serving as the district indicator of progress toward this goal. By the end of third grade, 80 percent or more of students will meet reading targets by 2015-16. The applicable student subgroup meeting targets will increase by at least 7 percentage points each year.

Means of evaluating progress toward this goal:

In conducting monitoring and evaluation efforts, we use multiple measures (as listed under Group Data to be Collected). Upon evaluation, the following questions are examined:

- Relevance: Do the objectives and goals match the problems or needs that are being addressed?
- Efficiency: Is the project delivered in a timely and cost-effective manner?
- Effectiveness: To what extent does the intervention achieve its objectives? What are the supportive factors and obstacles encountered during the implementation?
- Impact: What happened as a result of the project? This may include intended and unintended positive and negative effects.
- Sustainability: Are there lasting benefits after the intervention is completed?

Group data to be collected to measure academic gains:

CCSS Training: Professional Development Sign-In
 CCSS Professional Development Evaluations from Teachers
 Annual Teacher Survey
 Literacy: Teacher College Reading and Writing Project Assessment (TCWRP)
 District Benchmark Assessments for ELA and Math
 Smarter Balanced Assessment (SBA) Participation in English Language Arts and Math
 California English Language Development Test (CELDT)
 School Accountability Report Card.

Description of Specific Actions to Meet This Goal

Action	Start/Completion Date	Object Code/Item	Proposed Expenditure(s)	Funding Source	Cost
1. Rosa Parks teachers and staff ensure implementation of a balanced, high quality English Language Arts Program using district-adopted programs and practices within a dedicated literacy block. Teachers will implement the Columbia Teacher's College Reading Program, Caulkin's writing program, guided reading, literature circles, readers' workshop, and spelling lessons with the support of the Literacy Coach. The Coach will give ongoing training to personnel during staff meetings and will provide model lessons in classes. Teachers will be released (using hourly and full day substitutes) to observe one another and plan curriculum and instruction. Teachers will receive district-provided training during the Summer Literacy Institute and implement practices from the training. The Rosa Parks administration and leadership will make every effort to ensure maximum participation at the Summer Literacy Institute among Rosa Parks teachers. Those that have received training and coaching will work to support other staff during collaboration to further develop and implement Reader's Workshop. The Principal and teachers will develop common agreements and school-wide practices for implementing Reader's Workshop at all grade levels. All appropriate and necessary materials will be purchased including leveled texts, book sets, work work materials, teacher resources, handwriting materials, Quick Read books, listening centers/cd's, software, and all necessary materials including but not limited to pencils, pens, markers, paper, folders, and chart paper. Conduct a retreat at the start of the 2013-14 school year to create a focus for the year around literacy Contract with Build and Stiles Hall tutoring services Continue to implement the accelerated reader program	August 2015-June 2016	1102 Certificated Monthly	1.0 FTE Literacy Coach (.25 BSEP)	BSEP	21,500
		1102 Certificated Monthly	Facilitating 5th grade teacher TSA (75% BSEP, 25% TWI)	BSEP	48,750
		5800 Contracted Services (inc software subscriptions)	BUILD and Stiles Hall tutoring	PTA	5,000
		5800 Contracted Services (inc software subscriptions)	Accelerated Reader contract	Title I A - Basic Funding	1,800
		4380 Other/Reserve	Unallocated Reserve	Title I A - Basic Funding	67

Description of Specific Actions to Meet This Goal

Action	Start/Completion Date	Object Code/Item	Proposed Expenditure(s)	Funding Source	Cost
Teachers will work with the Mills program on an inquiry cycle with their most challenged students. Teachers will have the chance to participate in Mills professional development after school.					
8. Provide opportunity for all 5th grade students to participate in the revolutionary war simulation	August 2015-June 2016	5800 Contracted Services (inc software subscriptions)	Walk through the revolution		
9. Integrate visual and performing arts into the curriculum to ensure that every child has the opportunity to practice critical thinking, to acquire knowledge in a meaningful way, to discover and express their own experiences, to investigate creative ideas, to make new connections for themselves and others, and to learn the value of collaboration, interdependence, and compassion. <ul style="list-style-type: none"> • Time will be spent during collaboration meetings to develop lessons and units of study to be implemented throughout the school year • Support will be given in the planning, preparation, and implementation of the arts in the classroom • Students in grades K-2 will receive Dance once a week • Students in grades 3-5 will continue to participate in the BUSD music program • Regular communication with the Visual and Performing Arts District coordinator will occur Purchase materials/supplies to support the visual and performing arts programs. Purchase materials to support the core program at Rosa Parks including the above benchmark language lab. Hire an Arts integration teacher to work with students (10 sessions per year)	August 2015-June 2016	2102 Classified Monthly	Dance Teacher .23	BSEP	16,100
		5800 Contracted Services (inc software subscriptions)	VAPA Art Teacher	BSEP	
		4300 Materials and Supplies	Materials and supplies	BSEP	13,700
		5800 Contracted Services (inc software subscriptions)	VAPA art Teacher	PTA	3,000
10. Purchase Technology to continue to support our 1:1 laptop program in 4th and 5th grade	August 2015-June 2016	4300 Materials and Supplies	Computers	PTA	3,170

VIII. Planned Improvements in Student Performance (continued)

Goal #2: Cultural and Linguistic Responsiveness

LCAP Goal:

BUSD LCAP Focus Goal 2: End the racial predictability of academic achievement by ensuring that all systems are culturally and linguistically responsive to the needs of our students.

Student groups and grade levels to participate in this goal:

All Kindergarten through fifth grade students with a focus on the subgroups targeted in the Local Control Accountability Plan (LCAP):

English Language Learners (EL)
Socio-Economically Disadvantaged Students
Foster-Youth
African-American Students
Hispanic or Latino Students
Students with Disabilities

Anticipated annual performance growth for each group:

2.1 Reduce the number of students with ten or more total absences by 10% of the 2013-14 percentages (enrollment reported as of June).

2.2 Use Toolbox competencies to measure social-emotional progress. (Baseline year)

2.3 Reduce the total number of suspensions by 5% annually, and reduce the percentage of African-Americans suspended by 5% annually.

Means of evaluating progress toward this goal:

In conducting monitoring and evaluation efforts, we use multiple measures (as listed under Group Data to be Collected). Upon evaluation, the following questions are examined:

- Relevance: Do the objectives and goals match the problems or needs that are being addressed?
- Efficiency: Is the project delivered in a timely and cost-effective manner?
- Effectiveness: To what extent does the intervention achieve its objectives? What are the supportive factors and obstacles encountered during the implementation?
- Impact: What happened as a result of the project? This may include intended and unintended positive and negative effects.
- Sustainability: Are there lasting benefits after the intervention is completed?

Group data to be collected to measure academic gains:

Professional Development: Cultural Competency Training Sign-ins and Evaluations
Teacher Cultural and Linguistic Relevance as measured by the District Equity Rubric
Recruit and Retain Teachers of Color as measured by the District Indicators Report
Teacher Surveys,
CDE Title III Annual Accountability Measures (AMAO1, AMAO2)
California English Language Development Test (CELDT) measures of annual progress
Re-Designation (RFEP) Records to measure rate of reclassifications

Description of Specific Actions to Meet This Goal

Action	Start/Completion Date	Object Code/Item	Proposed Expenditure(s)	Funding Source	Cost
<p>1. Provide professional development to (a) improve culturally and linguistically responsive teaching and (b) continue to use a positive behavioral support system, in order to increase student engagement and achievement and reduce inequities in discipline.</p> <p>Rosa Parks will continue to implement the district adopted program (Building Effective Schools Together (BEST), along with Second Step, and Welcoming Schools anti-bias curriculum to increase student achievement and engagement, reduce inequities in discipline, safeguard students from bias, and promote positive behavior support.</p> <ul style="list-style-type: none"> • Teachers, classified staff, parents, and the principal will create and display school-wide rules for common areas. Rules will be posted in all common areas, school communications, and communicated to parents/guardians • Teachers, classified staff, parents, and the principal will and develop strategies for teaching and reinforcing school-wide behavior expectations throughout the year • All staff will teach students school-wide rules and behavior expectations through specific lessons, school-rules assemblies, and by modeling expected behavior • All staff will reinforce and reteach expected behavior in students through the use of positive recognition, active supervision techniques, and conflict resolution/de-escalation strategies • Parents/Guardians will receive information on school rules at the beginning of the year. Rules will be referred to throughout the year. • Teachers will develop grade level agreements for when to refer a student to the office and when to address student behavior in the classroom • Continue to use progressive discipline and logical consequences to help students correct when they make negative behavior choices • Teachers and Principal will work collaboratively to identify key lessons in Second Step, Welcoming Schools, and PBS lessons to be taught at each grade level. 	<p>August 2013-June 2014</p>	<p>5800 Contracted Services (inc software subscriptions)</p>	<p>Professional development</p>	<p>PTA</p>	<p>2,000</p>

Description of Specific Actions to Meet This Goal

Action	Start/Completion Date	Object Code/Item	Proposed Expenditure(s)	Funding Source	Cost
<ul style="list-style-type: none"> • Noon duty supervisors and Kids' Village group leaders with other identified support staff will meet regularly to strengthen their supervision techniques, learn additional strategies, and problem-solve student conflict situations as they arise <p>School will continue the IPBS (individual positive behavior team) to work with students with difficult behavioral challenges.</p> <p>Rosa Parks will implement a system of recognizing students for following school-wide behavior expectations as part of a positive behavior support system. This will include:</p> <ul style="list-style-type: none"> • Using student certificates of acknowledgement, and positive reinforcement coupons (Way To Be cards) • Holding regular assemblies to recognize students • Displaying/recognizing students in school newsletters and/or on school and class bulletin boards • Training teachers and staff on Active Supervision methods • Involving students in selecting a school-wide reward when a designated number of positive reinforcement coupons have been earned <p>Materials and supplies such as books, posters, dvds, and student incentives, will be purchased to support this implementation The staff will implement the new district wide social emotional curriculum (TOOL BOX) Attend 4 trainings Host 2 parent trainings Teach weekly lessons</p>					
2. Purchase IXL reading and Math intervention computer based program	August 2015-June 2016	5800 Contracted Services (inc software subscriptions	IXL subscription	Title I A - Basic Funding	2,300
3. Develop an Equity Centered Professional Learning Community to guide staff in setting equity goals to address issues of race, class, privilege, and how these impact students and families. Support all	August 2013-June 2014	5800 Contracted Services (inc software subscriptions	PlayWorks - PTA	PTA	25,500

Description of Specific Actions to Meet This Goal

Action	Start/Completion Date	Object Code/Item	Proposed Expenditure(s)	Funding Source	Cost
<p>teachers in developing programs to personalize the learning environment for all students. Partner with district equity coach and school equity coach to deliver high quality professional development. Partner with Pamela Harisson Small to deliver staff development to staff around issues of race and equity.</p> <ul style="list-style-type: none"> Rosa Parks teachers and staff will provide specific differentiation, intervention, or remediation for students who excel, are GATE identified students, need additional time to learn, are designated as Special Education students with Individual Education Plans (IEP), or are underperforming students. Collaboration and Staff meeting time will be spent discussing focus students (gifted and talented students (GATE), English Language Learner students, newcomers, or students who have a significant history of low achievement). Teachers will create individualized learning plans for several focus students Health, wellness, and fitness instruction will be integrated into the curriculum and will include cooking and gardening classes, character development, social competency, and conflict resolution strategies. Students will have access to the Science lab in order to have hands on learning experiences that will allow them to develop higher order thinking skills and scientific reasoning. This will be showcased in a culminating event in the Spring, i.e. Science Fair. Lunchtime enrichment activities will be provided for students. <p>Provide additional k-1 recess coverage</p> <p>Purchase materials and supplies to support the health/wellness/fitness/Science programs and help to personalize the learning environment for all students.</p>		5800 Contracted Services (inc software subscriptions)	The Mosaic Project-	PTA	18,000

VIII. Planned Improvements in Student Performance (continued)

Goal #3: Safe, Welcoming and Inclusive School Climate

LCAP Goal:

BUSD LCAP Focus Goal 3: Ensure all school sites have safe, welcoming and inclusive climates for all students and their families, so that all students are in their classes ready to learn.

Student groups and grade levels to participate in this goal:

All Kindergarten through fifth grade students with a focus on the subgroups targeted in the Local Control Accountability Plan (LCAP):

English Language Learners (EL)
Socio-Economically Disadvantaged Students
Foster-Youth
African-American Students
Hispanic or Latino Students
Students with Disabilities

Anticipated annual performance growth for each group:

- 3.1 Increase the percentage of students and families who report feeling welcomed and valued as a partner in their child's education as measured by CHKS and district survey.
- 3.2 Recruit and retain certificated employees of color.
- 3.3 Increase the percentage of participants of color serving on the SGC so that the representatives on this committee mirrors the demographics of our student population.

Means of evaluating progress toward this goal:

In conducting monitoring and evaluation efforts, we use multiple measures (as listed under Group data to be collected to measure academic gains). Upon evaluation, the following questions are examined:

- Relevance: Do the objectives and goals match the problems or needs that are being addressed?
- Efficiency: Is the project delivered in a timely and cost-effective manner?
- Effectiveness: To what extent does the intervention achieve its objectives? What are the supportive factors and obstacles encountered during the implementation?
- Impact: What happened as a result of the project? This may include intended and unintended positive and negative effects.
- Sustainability: Are there lasting benefits after the intervention is completed?

Group data to be collected to measure academic gains:

California Healty Kids Survey (CHKS)/Healthy Kids Climate Report
Family Connectedness Survey
District LCAP Survey
CALPADS
District Indicators Report: Attendance Information; chronic absenteeism

Description of Specific Actions to Meet This Goal

Action	Start/Completion Date	Object Code/Item	Proposed Expenditure(s)	Funding Source	Cost
<p>1. Provide parent forums and educational events on topics identified as critical by diverse parent groups, in formats that honor the cultures and languages of the participants.</p> <ul style="list-style-type: none"> Provide weekly parenting classes, based upon the needs of parents, and student tutoring sessions. Appendix I - Analysis of Current Instructional Program

The following statements are adapted from No Child Left Behind (NCLB), Title I, Part A and the California Essential Program Components (EPC). These statements were used to discuss and develop findings that characterize the instructional program at this school for students:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Special consideration was given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs. A synopsis of the discussion is provided.

Standards, Assessment, and Accountability

1. Use of state and local assessments to modify instruction and improve student achievement (NCLB)

During each trimester, K-5 teachers give a battery of assessments to monitor the development of the core areas of literacy including reading, writing and spelling. These informal assessments provide classroom teachers, support staff, and intervention teachers information about students' literacy and math development so that teachers can use this information to modify instruction based on student needs during the course of the year. Staff meetings and collaboration meetings are provided for teachers to study assessments, plan, and work on specific lessons for targeting low achieving students.

Local assessments in reading, math, and writing guide instruction. Reading Tests, DRA and QRI, given 3 times yearly and record student comprehension and fluency levels. Assessments for spelling (BEAR, DOLCH), and reading (Running Records), and math are also used to assess student performance. They are administered on an ongoing basis, and the results are used to provide teachers with data to revise lesson goals, plan interventions, and individualize learning. The Literacy Coach has instructed staff on the use of our schoolwide Assessment Wall to post most-recent reading/writing data. Local math assessments are given at the end of each chapter and 3 times yearly.

State assessments identify student proficiency and provide data for analysis of effective instructional practice in the areas of English Language Arts, Math, and Science (5th grade). CELDT is administered to all EL students each fall to provide information on their academic progress. The Cog-At test is administered to all 3rd grade students. Those scoring at a specific level are designated as gifted students (GATE), and teachers differentiate curriculum for them. Teachers can receive training on using differentiated instruction to support/increase student learning for gifted students. This approach is supported by legislation passed in California in 2001 that shifts the focus of GATE programming from "pull out" classes to teaching strategies and content that are integrated into all classrooms. Many of these strategies are integral parts of most Berkeley schools including GLAD, Math Assessment Collaborative (MAC), differentiated instruction, Writing Workshop, enrichment through art, music, cooking, gardening, and after school programs. In addition every teacher formally plans and assesses their own teaching plans and delivery.

2. Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Student assessments guide the individualized development of curriculum units, instruction, and strategies. Staff meetings and collaboration meetings are provided for teachers to study assessments, plan, and work on specific lessons for targeting low achieving students.

Weekly gathered data, running records and BEAR spelling assessments, guide the development of literacy and spelling groups and designate just-right book levels for guided reading instruction and specific spelling lessons. The ULSS team uses this assessment information along with datawise information to identify students for intervention services.

Staffing and Professional Development

3. Status of meeting requirements for highly qualified staff (NCLB)

All teaching staff at Rosa Parks are certificated and teaching within their credentialed area. In addition, roughly half of the staff are BCLAD certified, enabling them to teach in a Spanish bilingual/TWI program. The majority of the non-BCLAD staff are CLAD certified which allows them to teach English Language Learners. Teaching staff who are not CLAD certified are taking classes and will test to acquire the CLAD certificate/CTEL permit.

4. Principals' Assembly Bill (AB) 75 training on State Board of Education (SBE) adopted instructional materials (EPC)

The principal has previously completed AB 75/SB430 training. All teaching staff and the principal have attended SB472 training on implementing our district adopted Everyday Mathematics curriculum.

5. Sufficiency of credentialed teachers and teacher professional development (e.g., access to AB 466 training on SBE-adopted instructional materials) (EPC)

All teaching staff and the principal are attending SB472 training on implementing our district adopted Everyday Mathematics curriculum.

6. Alignment of staff development to content standards, assessed student performance, and professional needs (NCLB)

All site-based and district-wide staff development is aligned with grade level content standards and addresses the professional needs of teachers to increase student achievement.

7. Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Literacy instructional assistance is provided by our site-based Literacy Coach. Support for our large English Language Learner population provided by our ELD Coach. The Literacy and ELD Coaches provide ongoing support and assistance for teachers through collaborative planning, co-teaching, and small group instruction. This is in-classroom support that allows teachers to observe and learn best literacy practices and assessment techniques.

District math coaches along with our math teacher leader, model lessons, help teachers build EveryDay Math curriculum, and set up yearly math teaching plans.

The Evaluation and Assessment office has teachers on special assignment, who prepare and present student assessment data to teachers, and instruct teachers on how to use data to inform instruction.

8. Teacher collaboration by grade level (EPC)

Teachers collaborate a minimum of four hours each month. This collaboration includes curriculum planning, analysis of student work, and planning lesson strategies and materials. The focus for site-based collaboration is determined by the Leadership team. In addition, district-based collaboration occurs throughout the year and provides teachers an opportunity to network and collaborate with grade-level colleagues from other sites.

Teaching and Learning

9. Alignment of curriculum, instruction, and materials to content and performance standards (NCLB)

Teachers follow the designated grade-level state standards to build their curriculum units; and all teachers use state/district mandated materials to teach units in math, literacy, science, and social studies. Specific performance standards for each curriculum area is designated, and students are expected to make grade-level progress

10. Adherence to recommended instructional minutes for reading/language arts and mathematics (EPC)

1. Grades 4-5 minutes based on the average day of 305 instructional minutes, with no allowance for passing time or transitions. (Note that there are 315 minutes on MTThF and 265 minutes on Wednesday.)

Daily minutes:

90 English Language Arts (some of the language arts minutes can be combined with social studies and science curriculums)

30 English Language Development

60 Math

2. Grades 1-2-3, based on 285 daily instructional minutes, with no allowance for passing times.

Daily minutes:

120 English Language Arts (with 45 for writing and 75 for reading, including reading in the content areas)

30 English Language Development

60 Math

3. Kindergarten, based on 260 daily instructional minutes with no allowance for passing times.

Daily minutes:

60 English Language Arts (reading and writing)

30 English Language Development and other English Language Arts interventions

50 Math, including interventions

11. Lesson pacing schedule (EPC)

The district has created and provided a pacing guide for math which ensures that all students receive the complete standards-based curriculum in this area. Local assessments are aligned with the pacing guide

12. Availability of standards-based instructional materials appropriate to all student groups (NCLB)

Standards-based instructional materials are used at every grade level for core curriculum. Additional materials in Spanish have been purchased with site funds to provide English Language Learners and students in the bilingual program access to the core curriculum.

13. Use of SBE-adopted and standards-aligned instructional materials, including intervention materials (EPC)

Teachers use SBE-adopted, standards-aligned instructional materials for the core curriculum.

A goal for 2010-2011 is to purchase and implement standards-aligned, state approved intervention materials for our afterschool interventions

Opportunity and Equal Educational Access

14. Services provided by the regular program that enable underperforming students to meet standards (NCLB)

There are during school and after school support services that enable underperforming students to meet standards. The services include: Reading Recovery, support through the ULSS program, tutorials in ELA, ELD, and school-based support from the Resource Teacher and Full Inclusion Teacher.

15. Research-based educational practices to raise student achievement at this school (NCLB)

From classroom teachers, students receive individualized instruction, enhanced instruction time, and scaffolded lessons to increase learning success. Teachers use research-based practices when teaching guided reading, spelling, and math. Specialists support individual students with the delivery of targeted educational strategies and methods.

Instructional Assistants support the learning of students in Special Education by using specific support strategies which enable students to meet their IEP goals and objectives

16. Opportunities for increased learning time (Title I SWP and PI requirement)

Afterschool academic interventions taught by teachers provide students who are struggling academically the opportunity to develop skills and concepts necessary to reach grade level proficiency. Volunteers provide additional assistance during this time.

The afterschool programs provide a structured environment for students to complete their homework in grade level groups. Instructional Technicians and contracted tutors provide mentoring and support for students during this time.

17. Transition from preschool to kindergarten (Title I SWP)

Transition meetings are held for Special Education preschool students entering Kindergarten. The Full Inclusion teacher attends these meetings in order to inform staff of the student's needs once the student is enrolled in kindergarten. In addition, Kindergarten teachers regularly contact preschool teachers to learn additional information about students in their class. At times, preschool programs contact the school to observe kindergarten classes and meet with teachers in order to better prepare students for Kindergarten.

Involvement

18. Resources available from family, school, district, and community to assist under-achieving students (NCLB)

Parents/guardians receive information and resources through Parent-Teacher Conferences, IEP goals and SST meetings. Back to School Night and Open House encourage parent participation, help staff receive input, and enable us to communicate standards and opportunities for assistance. Teacher, Principal, and PTA Newsletters keep families informed. All school communications are translated into Spanish. Free and Reduced price meals help students receive balanced nutrition. Our Special Education teachers and staff provide a range of services for students in Special Education. In addition, our Resource Teacher and Full Inclusion Teacher work towards meeting student needs (both IEP and general education students) both in the classroom and as a pull-out program. The Psychologist provides testing and student/family support.

Other support services include: Adaptive Physical Education, Speech Therapy, and Occupational Therapy. These services are provided to students as designated in students' IEP or 504 plan. Counseling is available for identified students and our counselors provide free parenting trainings and talks.

19. Strategies to increase parental involvement (Title I SWP)

Rosa Parks has an active PTA and ELAC and parents are involved in our SGC. Parents also regularly volunteer in classrooms and with special events . There are numerous celebrations, evening activities, informational trainings, and assemblies that occur throughout the year where parents can be involved. PIQE (The Parent Institute for Quality Education) was brought in starting with the 2009-2010 school year to provide parent education courses to our families. The Family Resource Center also hosts weekly parenting classes on a variety of topics. Finally, we have a monthly Rosa Parks Family Night through our Tour of the World program.

While parent involvement is increasing, we continuously seek to find ways to better engage and involve parents, and in particular underrepresented parent groups. This is a goal for 2010-2011.

20. Involvement of parents, community representatives, classroom teachers, and other school personnel in the planning, implementation, and evaluation of consolidated application programs (5 CCR 3932)

School Governance Council is composed of 6 parents and 6 teachers who meet regularly to follow the state and federal guidelines for funding sources. Beginning in September, parents/guardians are encouraged to join the nomination/voting process to become members of this team. A goal for 2010-2011 is to have the make up of the SGC represent the demographics of our student population in order to have full representation and voice from all groups.

An annual survey is conducted by the SGC and given to parents/guardians and staff, . Survey information is used to develop priorities for the school and identify areas to improve

Funding

21. Services provided by categorical funds that enable underperforming students to meet standards (NCLB)

22. Fiscal support (EPC)

Rosa Parks is one of the largest Elementary schools in the district. We truly have a diverse student population, including a high percentage of English Language Learners, a large percentage of GATE identified students, and over half of our students receiving free and/or reduced lunch. This diversity enriches our school and also poses challenges as at times we have limited resources to best meet the needs of our students. Students would benefit from increased resources in the areas of Literacy support, Speech and Language, and ULSS support. It is our hope that through strategic budgeting and by identifying and acquiring additional funding sources (such as grants) that we can more fully serve our growing and diverse student population.

Appendix J - Home/School Compact

It is important that families and schools work together to help students achieve high academic standards. Through a process that included teachers, families, and students, the following are agreed upon roles and responsibilities that we, as partners, will carry out to support student success in school and life.

Student Pledge:

see attached Three Way Pledge

Parents Pledge:

see attached Three Way Pledge

Staff Pledge:

see attached Three Way Pledge
