Principal's Message

Cragmont is a K-5 elementary school offering a strong/diverse academic program emphasizing the development of the whole child. We have high expectation for our staff, students, and parents, and teach our students to be responsible, respectful and safe citizens.

Cragmont has a long and proud history of high standards and academic excellence. We are dedicated to providing an instructional program that motivates our students to become lifelong learners and to improve our students' self esteem and confidence to become ethical citizens and leaders.

Our staff prides itself on the students' success and continues to move forward through thoughtful planning and maintenance of effective curriculum, creation of new programs, and powerful partnerships with both parents and community members. There is a special place for everyone at Cragmont.

Our core values are built upon courage, active listening, excellence, self control, and being Respectful , Responsible and Safe. We strive to educate our students to be sensitive to the environment and contribute their time, energies and talents to improve the welfare of the earth's future.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to reveal whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents are an important and very active part of our community. Parents/guardians are involved with their student's educational journey by participating in school events and activities and are an important and very active part of our community. PTA hosts annual events such as our Spring Carnival; Halloween event; Winter Faire, Spring Fling and Silent Auction; and organizes our many parent volunteers to chaperone on field trips, help in the library, supervise students in the yard, tutor students in reading and other academic subjects, and work in the office. They also help teachers by communicating important event information to our families. Parents also contribute as members of our School Governance Council (SGC). In addition, we have the Black Parent Advocacy Group (BPAG) and the English Language Advisory Committee (ELAC), two parent groups that focus on addressing the district/school achievement data on African-American and English Learner students. These groups also serve as a source of support and community for our African-American and EL families. We have a parent participation rate for parent-teacher conferences of about 90 percent. Our parents/guardians through their continued involvement help provide the support and interaction that contributes to a wonderful partnership between home and school, benefiting the children at Cragmont Elementary. Community support provides access to additional activities, events and resources that augment our educational focus. Please feel to call Karime Blanco, Family Engagement Coordinator, at (510) 644-8871 or Hazelle Fortich, Principal, at (510) 644-8810.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is a primary concern at Cragmont Elementary School. A variety of people visit the campus to volunteer in the classroom and participate in school events. During lunch, recesses, and before and after school, staff members, administrators, and noon supervisors who supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drill are held monthly, and intruder drills are held at least once a year.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The comprehensive school safety plan must be updated annually by the school site council/school governance council or may be delegated by school safety planning committee. The plan was last updated and reviewed with school staff in Spring 2016.

Professional Development provided for Teachers

Administrators and teachers take time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. During the last three school-years, each school in the Berkeley Unified School District dedicated 3 days annually for teacher and administrator professional development. During 2016-17, 100% of all Berkeley K-5 teachers and site administrators who had not completed this training in 2016 participated in four-days of Common Core State Standards Professional Development for their K-5 classrooms. A site literacy coach provides ongoing support for teachers to improve literacy instruction to students. A math teacher-leader at the site participates in monthly District training's, and supports math professional development and collaboration at the site. New teachers participate in a rigorous District BTSA program. Teacher-initiated professional development is supported through local funds earmarked for this purpose.

Types of Services Funded

The Berkeley Unified School District benefits from a local tax initiative called the Berkeley Schools Excellence Program (BSEP). We used BSEP funds, along with state and federal funds, to support improving student achievement, sending teachers to staff development, and purchasing instructional materials for classrooms. Our PTA's fund-raising efforts support many activities and supplies, including field trips, assemblies, family nights, after-school enrichment scholarships, teachers' classroom requests, classroom library books, and more.

Total expenses include only the costs related to direct educational services to students. This figure does not include food services, land acquisition, new construction, and other expenditures unrelated to core educational purposes. The expenses per-student figure is calculated by dividing total expenses by the district's average daily attendance (ADA). More information is available on the CDE's Web site.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
