Principal's Message

Emerson Elementary School is a wonderful school. The entire staff is dedicated to the success of all students and the children thrive under our care. Our highly trained teachers work collaboratively to provide a challenging and engaging curriculum to our students and are skilled at bringing out the best in everyone. In addition to our core program of reading, writing, mathematics, science and social studies, we provide art, music, physical education, conditioning, and gardening. Students in all grade levels go on field trips throughout the Bay Area culminating in a science based overnight field trip for our fifth graders. All students in grades three, four, and five have personal chrome books to use throughout the year. Students use their chromebooks to practice keyboarding, create stories, essays and reports, practice and enrich their language arts and math skills with programs such as Khan Academy, ZEARN, Flocabulary, NewsELA, and RAZ Kids. All students in the school have access to listening to books line with our Tales2Go program and can practice their reading and comprehension skills on RAZ Kids. Students can have access to all of these programs from home as well.

We build community and self respect at our monthly All School Meeting by recognizing children for their unique personalities and skills and by celebrating our talents and accomplishments through student performances including songs, dances, poetry, spoken word, instrumental pieces, jump rope rhymes, skits, etc. We practice a positive approach to student development, guiding students as they learn to: "Be Safe, Be Respectful, Be Responsible and Be an Ally." Our fifth graders contribute to the community by engaging in school service projects, such as tutoring in lower grade classrooms and helping throughout the school.

Emerson has many systems in place to support and enrich our students. Our outstanding intervention, tutoring, and after school programs provide additional enrichment and support activities to over half the student population. Our math tutors and computer programs provide challenge activities to students both during and after school as well as extra support to students who need it. Our intervention teachers and BUILD tutors work with students individually and in small groups to provide extra instruction in reading, writing, and math. Kids' World, our on site after school program, provides homework support as well as a broad range of classes and activities to keep student engaged in the afternoons. Students play and compete on our soccer, basketball, and football teams, exercise their creative talents in art and drama, With this level of expertise and support, students do not fall through the cracks at Emerson School.

Finally, we have an enthusiastic parent community whose members volunteer many hours working in classrooms, at events, and on special projects. We are a truly unique community, committed to working and learning together the Emerson Way.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to reveal whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents and guardians support Emerson School in countless ways. Many parents help by working directly with students both during and after school, by chaperoning on field trips, and by helping during specialty classes such as cooking, gardening, library, and art. Some family members volunteer by maintaining our weekly Bear Facts newsletter and Emerson Web site, coordinating and working at special events such as our Walk-a-thon and Silent Auction and by being an active part of our PTA such as serving on the executive board or attending monthly PTA meetings. Parents also stay involved in the governance aspect of our school by participating on our School Leadership Council and our English Language Advisory Council. Other parents focus their talents on fundraising for the school and, due to their multitude of talents and perseverance, raise enough funds to provide for weekly Art and Game Time classes for all students, teacher mini-grants, part time bilingual office assistance to our teachers, and field trips and special events, such as our Family Art Night. To get involved at Emerson, please contact Sonia Colon in the school office at (510) 644-6890. We'd love to have you join the Emerson Team.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is very important to us at Emerson. A variety of people visit the campus to volunteer in the classroom and participate in school events; all visitors must sign in at our office upon their arrival. During lunch, recesses, and after school, staff members, administrators, and yard staff supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drills are held monthly, and intruder drills are held at least once a year.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated and reviewed with school staff in spring 2017.

Professional Development provided for Teachers

Administrators and teachers take time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. During the last three school-years, each school in the Berkeley Unified School District dedicated 3 days annually for teacher and administrator professional development. During 2016-17, 100% of all Berkeley K-5 teachers and site administrators who had not completed this training in 2016 participated in four-days of Common Core State Standards Professional Development for their K-5 classrooms. A site literacy coach provides ongoing support for teachers to improve literacy instruction to students. A math teacher-leader at the site participates in monthly District training's, and supports math professional development and collaboration at the site. New teachers participate in a rigorous District BTSA program. Teacher-initiated professional development is supported through local funds earmarked for this purpose.

Types of Services Funded

The Berkeley Unified School District benefits from a local tax initiative called the Berkeley Schools Excellence Program (BSEP). We used BSEP funds, along with state and federal funds, to support improving student achievement, sending teachers to staff development, and purchasing instructional materials for classrooms. Our PTA's fund-raising efforts support many activities and supplies, including field trips, assemblies, family nights, after-school enrichment scholarships, teachers' classroom requests, classroom library books, and more.

Total expenses include only the costs related to direct educational services to students. This figure does not include food services, land acquisition, new construction, and other expenditures unrelated to core educational purposes. The expenses per-student figure is calculated by dividing total expenses by the district's average daily attendance (ADA). More information is available on the CDE's Web site.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
