A MESSAGE FROM SUPERINTENDENT ENIKIA FORD MORTHEL

Dear Berkeley Unified community,

Our mission in BUSD is to "enable and inspire our diverse student body to achieve academic excellence and make positive contributions to our world."

We believe that to accomplish this mission and keep our promises of Excellence, Equity, Enrichment and Engagement, we must create school communities and classrooms that are welcoming, humanizing and inclusive. As educators, we have the unique opportunity and responsibility to make our school communities places where all students are seen, heard and affirmed. This happens in many ways including our interactions, our policies and practices, our content and relationships. It requires intentionality and a commitment to celebrate, explore and elevate our individual and collective consciousness about ourselves and each other.

This month, September 15 - October 15, is the month designated as Latine/x Heritage Month. We appreciate the many ways in which so many of our classes and school communities are places that uplift and celebrate the rich diversity and contributions of the Latine/x community all year long. We also value the fundamental opportunity Latinx Heritage Month offers schools to acknowledge the contributions, culture and history of Latine/x peoples as critical to the past, present and future. We want to explore and highlight the diversity, brilliance, contributions and richness of a diaspora of people, languages and cultures and the beautiful mosaic that is the Latine/x community both in their countries of origin and specifically here in Berkeley and the Bay Area. We hope that these resources support you in these efforts.

¡Adelante!
