# Rosa Parks Environmental Science Magnet 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year) 

## General Information about the School Accountability Report Card (SARC)

SARC Overview

## DataQuest

## California School Dashboard

## Internet Access

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest// that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

> The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Principal's Message
We are proud to present our annual report for the school year. It is our goal to present a clear picture of our students' academic achievements as well as facts about our teachers and support staff who help make learning possible. In this report, you will find information about our teachers, students, test scores, resources, and finances. We've tried to present a wide range of facts and to compare our school with other schools in the district and state.

At the end of the report, we shed some light on our district's spending-including how much we spend per student compared to other districts like ours in the state. Open communication between our school and our public is something we value. It's a responsibility we take seriously. We hope this report will generate a dialogue between members of our community and school leadership. We invite you to join us in this discussion. To get involved at our school, please contact our school office.

Susanne Reed,
Principal

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1 ):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to reveal whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

## Year and month in which the data were collected

## School Facility Conditions and Planned Improvements

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that $100 \%$ of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

Date of Last Inspection: October 17, 2022

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

## College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.
Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. # State Priority: Other Pupil Outcomes 

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

## 2023-24 Opportunities for Parental Involvement

Berkeley Unified School District and Rosa Parks Elementary School commit to family engagement that builds relational trust, links families to learning, connects schools and families to community resources, and develops the capacity of staff and family to partner together and lead student learning. Our school welcomes families to engage with school staff daily by communicating on the phone, via email, through district and school social media, and in person and will receive regular communications via school newsletters. Families in need of translation and interpretation services can seek support from the school office staff. Families are invited to attend a wide range of special events throughout the year including assemblies for academic and citizenship honorees and heritage months, Family Math and Literacy Nights, Back-to-School and Open House Nights, and field trips as chaperones. Learning opportunities for families are available throughout the year provided at both the school and district level on topics such as supporting your child's literacy development, building social/emotional competencies, and supporting mental and physical wellness. We believe families should be partners in student learning and are provided a variety of opportunities for input in important decisions through surveys and participation on leadership committees such as the School Site Council, English Learner Advisory Committee, Parent Teacher Association, and a variety of additional school-based committees. Opportunities for families to gather in affinity-based spaces are provided throughout the district and school. For more information on family engagement opportunities and resources please contact: Nabatah Ahmed, Family Engagement \& Equity Specialist, or Susanne Reed, Principal.

## 2023-24 School Safety Plan

Rosa Parks Elementary School includes classrooms, a library, and playground areas. The facility strongly supports teaching and learning through its ample classroom and playground space.

The safety of students and staff is a primary concern at Rosa Parks Elementary School. A variety of people visit the campus to volunteer in the classroom and participate in school events. During lunch, recesses, and before and- after school, staff members, administrators, and school campus aides supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drill are held monthly, and intruder drills are held at least once a year.

Our school follows COVID-19 risk mitigation protocols developed by the District in consultation with local Public Health agencies.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan is updated and approved in February, 2023.

## Fiscal Year 2022-23 Types of Services Funded

The Berkeley Unified School District receives federal funding to provide supplemental services and instructional materials provided to the Title I schools that support schools that have high numbers of students that are socioeconomically disadvantaged. Supplemental services include intervention supports, curriculum, programming, and instructional supplies for Title I schools to close the achievement gap.

The district also receives supplemental and concentration funds as part of the Local Control Funding Formula that is used to pay for direct services for unduplicated students through a variety of resources and materials. Funds are utilized to support students to graduate college and/or career ready. The district makes certain that all students have access to and success in a broad curriculum. We do this by expanding College and Career support programs, Career Pathways, and implementing intervention systems. Direct services include staffing, intervention support, counselors, and academic coaches.

## Professional Development

During the 2023-24 school year (until January 2023 all new teachers to BUSD engaged in two days of professional development on curriculum and effective pedagogical practices to empower students on $8 / 8$ and 8/9 2022. All TK-8 teachers engaged in 2 full days of site based professional development on $8 / 10$ and $8 / 11$. On 10/9/23, all TK-8 staff (certificated and classified) engaged in an all day professional development. The focus for K-5 was on the CORE Reading Academy Day 1. Additionally, all elementary sites are engaging in ongoing (year long) districtwide professional development focused on the CORE reading academic. Every TK-8 site has a Literacy Coach Equity Lead, and a Math Teacher Leader to support teachers in reflecting and improving math and literacy teaching skills through co-teaching and direct professional development at staff meetings. New teachers participate in a rigorous District Teacher Induction program. Teacher-initiated professional development is supported through local funds earmarked for this purpose and through school site funds, as well.
This table displays the number of school days dedicated to staff development and continuous improvement.
