#### Recognition

The Board honored the Writer Coach Connection for their ten years in the District. The Writer Coach Connection pairs well-trained volunteers with middle and high school students to develop and refine their English writing assignments. Over 200 volunteers, many of them professional writers, are spread throughout our schools nearly every day of the week.

### **Teaching and Learning**

Maria Porter and Paul Perry presented a comprehensive report on ULSS, an interagency collaboration to provide a continuum of supports and services in BUSD's elementary and middle schools to address barriers to learning.

### **Public Testimony**

Several parents showed up to talk about teacher retention at Thousand Oaks elementary school. One speaker commented on school zone changes.

### **Committee Reports**

Julie Holcomb and Nancy Hoeffler from the BSEP Planning and Oversight Committee discussed class size data and expanded course offerings.

Isaiah Roter of the Audit Committee expanded on Item 4.7-C, an agenda item recommendation to select an independent auditor for the district.

### **8:30 Timed Item**

Item 3.1-A – Proposed Charter School

Open Public Hearing at 8:39

**Riddle/Leyva-Cutler** and approved unanimously to open hearing

Eleven members of the community commented about the proposed charter school either opposing or supporting approval of the Petition.

Superintendent Huyett advised that a recommendation will be brought to the Board within 60 days from the time it was received.

### **9:21 PM – Close Public Hearing**

### **Board Member Reports**

Director Riddle announced that the Alameda County School Board Association will have a guest speaker tomorrow night on the topic of charter schools.

Vice President Leyva-Cutler encouraged everyone to attend the rally in Sacramento on May 15 to support public education. She congratulated the *BHS Jacket* for its Golden Award from the Columbia Scholastic Press Association, one of ten awards handed out to high school websites throughout the country.

President Hemphill requested that we adjourn tonight's meeting in memory of Kyle Strang and Prentice Gray. Kyle was a junior in CAS, and Prentice graduated from BHS in 2009. The students were killed in a car accident on March 31.

### **Superintendent's Report**

The Superintendent briefly remarked about the work the Board Policy Subcommittee is doing around the SGC. There is an upcoming meeting on April 20 and they hope to have it ready for the April 28 agenda.

There will be a study session on May 5 to further discuss the ongoing vision, mission and goals work.

### **Approval of Consent Calendar**

**Selawsky/Riddle** and approved unanimously

### **PULLED ITEM**

Item 5.4-C – BHS Stadium Project

President Hemphill assured the public that, contrary to rumors, the district is not building a stadium on Derby Street. Apparently, flyers have been circulating with this incorrect information.

### **INFORMATION ITEM**

Item 3.2-I – BHS Principal Selection

Student Director Gonzalez was asked to submit the name of two BHS students, preferably sophomores or juniors who would be interested in sitting on the interview panel.

President Hemphill suggested that the panel should have two parents from the SGC.

### **ACTION ITEMS**

Item 3.2-A – Phase 1 – 2020 Plan

**Issel/Selawsky** and approved unanimously to accept Phase 1 of the plan as submitted

### **Motion to Extend Meeting past 11:00 pm**

**Selawsky/Issel** and approved unanimously

Item 1.1-A – Class Size Report

Superintendent Huyett outlined his recommendations. He is asking that the Board adopt the Class Size report which recommends expanded course offerings and counseling in middle schools. Program support is not included in this recommendation because the Budget Advisory Committee is still working on that component.

The report recommends that eight teachers at 6.4 FTE at the high school, and 1.6 FTE at the middle schools. For the middle schools, this is twice what it was last year in order to establish an AVID program at the sites. The AVID program is a successful remedial program that encourages

families and students who have not gone to college to get the support they need in order to pursue a college education.

At Berkeley High School, this report offers a compromise solution for the science course offerings as well as other courses. It provides continued expanded course offering support for all AP science classes, including environmental science and also supplemental science coursework for any students who wish to be involved.

If more staffing is needed, Superintendent Huyett will go back and adjust staffing – within the 6.4 FTE allocation. He will know when he returns with the program support piece.

The breakdown of the 6.4 FTE is as follows:

2.4 - science support

1.0 - existing classes in music and publications

3.0 – what used to be called equity grants (referred to as courses to support student learning)

Director Riddle requested that the Board be kept abreast about the proposed courses for the 3.0 FTE. If new courses are proposed, they first require Board approval.

**Riddle/Selawsky** and approved unanimously

#### **INFORMATION ITEMS**

Item 5.2-I – Proposed Bond Allocations

Item 2.1-I – Sunshine/BFT

Item 5.1-I – Facilities Construction Financial Update

All reports received as information
