How Would You Feel?

How would you feel if you were homeless, jobless, or couldn't go to school?

What if you were homeless? How would you feel? You would feel sad and lonely. You would need hope. You would need hope and love to keep going. Cesar Chavez did that. He empowered the farmworkers to keep going.

What if you didn't have a job? How would you feel? You would feel depressed. You would need empowering. You would need empowering and hope to keep going. Cesar Chavez did that. He had the farmworkers strike and walk 1305 miles.

What if you couldn't go to school? How would you feel? You would feel that you wouldn't get a good education. You would need love. You would need love and empowering to keep going. Cesar Chavez did that. He let the grapes rot. He didn't care about the blisters on his feet. He just kept going.

When I'm older, I hope I can create change. These are some of the things I would like to do: feed the homeless, help reduce waste, and treat women like you would treat a man. I will try to empower others to do the same thing I want to do. That is because they are very important. I will try to be like Cesar Chavez.

There are many things that I will do, because they are very important.
Si Se Puede. Yes, It Can Be Done
