About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (510) 644-6120.

School Description

We are proud to present our annual report for the 2011-12 school year. We publish this report every year to share important facts about our school with the public we serve. It is our goal to present a clear picture of our students' academic achievements as well as the facts about our teachers and support staff who help make learning possible. In this report, you will find information about our teachers, students, test scores, resources, and finances. Many qualities contribute to making a public school successful, and no single report can fully describe them all. We've done our best to present a wide range of facts, and, when possible, we feature this data alongside data for other schools at the same grade level in the county and state. We believe that viewing the facts about our school compared to other schools in the district and state provides the most insight.

New to BHS was the implementation of a school wide advisory – 25:1 ratio of credentialed teacher to advisees. Each BHS student had one of their teachers as his or her advisor. The curriculum provides a common fund of knowledge, skills, and experiences that will serve all students as they navigate the high school years into college and careers.

Test results make up a large portion of this report. We present summaries of our schoolwide results on the California Standards Tests (CST) and the California Achievement Test (CAT/6). In addition, we report how well different groups of students have performed on these tests and how schoolwide scores have improved or declined over the past three years. You'll also see how our school looks through the lenses of federal and state measures of progress. These measures are the federal Adequate Yearly Progress (AYP) and the state of California's Academic Performance Index (API). They often provide differing views of progress. Note: Our data does not include the API for BHS because the state requires a 95% participation rate, and we have not been able to reach that number. We continue to look for ways to educate our student and parent population that this test that is low stakes for students, can have a major impact on programs and funding, and can impact the way people look at our school.

To provide insight into our school's learning environment, we share facts about our students, and the education and experience level of our teachers. You'll also find estimates of how well prepared our teachers are. At the end of the report, we shed some light on our district's spending— including how much we spend per student compared to other districts like ours in the state.

Open communication between our school and our public is something we value highly, and it's a responsibility we take seriously. We hope this report will generate a dialogue between members of our community and school leadership. We invite you to join us in this discussion. To get involved at our school, please contact our school office.

Opportunities for Parental Involvement

Parents contribute time in a variety of ways on the Berkeley High School campus, including participating in the PTA's fundraising and/or committees, volunteering in their student's classroom by working with small groups, correcting papers, and other ways of donating their time. Parents may also participate in various committees and organizations. Numerous programs and activities are enriched by the generous contributions made by the Rotary Club, as well as various other organizations and business in the community which donate resources and time at the school.

District Profile

We serve a city founded on the ideal of quality public education. Since 1868 the proud home to a great public university, Berkeley established California's first accredited high school, and in 1968 was the nation's first school district to desegregate without a court order. Our goal is always to give each of our children an equal opportunity to achieve the productive and fulfilled life that education brings.

With an enrollment of just over 9,000 students, Berkeley has 16 schools, from kindergarten through high school, plus extensive preschool and adult education programs. Its eleven elementary schools, with an average enrollment of about 379, are the product of an enduring community commitment to providing small, nurturing environments for our youngest students. Each school's student body represents the full spectrum of Berkeley families, both culturally and economically.

District Mission Statement

The Mission of the Berkeley Unified School District is to enable and inspire our diverse student body to achieve academic excellence and make positive contributions to our world.

Berkeley Unified School District's Vision

Our Students are curious and creative learners who succeed through personal initiative and sustained effort to reach high academic goals. They are critical thinkers who seek knowledge and possess technological competence and collaborative skills. Our students embrace diversity, act responsibly, and contribute to our community.

Our Educators believe that all students can meet or exceed rigorous academic standards. Teachers, staff, and administrators together form a rich professional learning community where all are supported to hone our professional craft and improve our effectiveness. Through the examination of our instructional practices and data, we adjust our teaching and operational systems in order to continuously improve. We are responsible in the stewardship of our fiscal resources and fair and equitable in their distribution.

Our Families and Community are integral to the success of our students and schools. Families are active, engaged and welcomed partners in their child's education, who give valued input and participate in making important decisions about our academic and enrichment programs. Our diverse community is passionate about equitable educational outcomes for all students. Our civic and community organizations partner with us to promote family engagement and the well-being and success of our students.

Our Schools are vital centers of community life enriched by the diversity of our city and welcoming to all families. Each classroom offers engaging and culturally relevant curriculum that builds on students' interests and abilities. Student needs, as identified by regular assessment, inform our teaching and guide appropriate and effective intervention services. We offer an enriched learning environment and a comprehensive system of supports to address the needs of the whole child.

Values and Beliefs of Berkeley Unified School District

- Students are our priority.
- We take pride in our diversity.
- We hold high expectations for ourselves and our students.
- We treat each other with respect and act with integrity.

Student Enrollment by Grade Level	
Grade Level	Number of Students
Gr. 9	815
Gr. 10	767
Gr. 11	802
Gr. 12	792
Total	3,176

Student Enrollment by Group	
Group	Percent of Total Enrollment
Black or African American	21.7
American Indian or Alaska Native	0.3
Asian	8.9
Filipino	0.7
Hispanic or Latino	20.9
Native Hawaiian/Pacific Islander	0.2
White	36.8
Two or More Races	9.2
Socioeconomically Disadvantaged	31.5
English Learners	12.0
Students with Disabilities	10.4

Average Class Size and Class Size Distribution												
Average Class Size				Number of Classrooms*								
				1-20			21-32			33+		
Year	11	12	13	11	12	13	11	12	13	11	12	13
English	24.8	23.7	19.0	32	31	50	81	90	94	13	2	12
Math	24.2	22.6	23.0	40	46	53	68	67	61	11	9	16
Science	26.6	27.1	27.0	20	17	18	63	62	99	18	5	10
SS	26.3	26.6	25.0	26	17	31	102	116	111	16	4	14

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area, English, Math, Science and Social Science (SS), rather than grade level.

Suspensions and Expulsions			
Schoolwide	10-11	11-12	12-13
Suspensions Rate	8.81		258
Expulsions Rate	0.2		0
Districtwide	10-11	11-12	12-13
Suspensions Rate	9.53		258
Expulsions Rate	0.15		0

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Berkeley High School dates back to the 1920s. The campus covers over 18 acres and strongly supports teaching and learning through its ample classroom and recreation space.

The safety of students and staff is our primary concern. A variety of people visit the campus to volunteer in the classroom and participate in school events. During lunch, recesses, and before-and-after school, staff members, administrators, and safety officers supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drill are held monthly, and intruder drills are held at least once a year. In the 2010-11 school year Berkeley High School added additional safety officers and an additional administrator to insure school safety.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated and reviewed with school staff in spring 2010.

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: January, 2012

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

Date of Last Inspection: September 27, 2010

School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The Overall Rating (bottom row)

School Facility Good Repair Status				
System Inspected	Repair Status			Repair Needed and Action Taken or Planned
	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	[X]	[]	[]	
Interior: Interior Surfaces	[X]	[]	[]	
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	[X]	[]	[]	
Electrical: Electrical	[X]	[]	[]	
Restrooms/Fountains: Restrooms, Sinks/ Fountains	[X]	[]	[]	
Safety: Fire Safety, Hazardous Materials	[X]	[]	[]	
Structural: Structural Damage, Roofs	[X]	[]	[]	
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	[X]	[]	[]	
Overall Rating	Exemplary	Good	Fair	Poor
	[]	[X]	[]	[]

Teacher Credentials			
Schoolwide	10-11	11-12	12-13
Fully Credentialed	199		120.2
Without Full Credential	0	0	
Teaching Outside Subject Area	0		
Districtwide	10-11	11-12	12-13
Fully Credentialed	◆	◆	425
Without Full Credential	◆	◆	0

Teacher Misassignments and Vacant Teacher Positions at this School			
Schoolwide	11-12	12-13	13-14
Teachers of English Learners	0	0	
Total Teacher Misassignments	0	0	
Vacant Teacher Positions	0	0	

* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

About 12 percent of our teachers have fewer than three years of teaching experience, which is below the average for new teachers in other high schools in California. Our teachers have, on average, 11 years of experience. About 43 percent of our teachers hold only a bachelor's degree from a four-year college or university. About 57 percent have completed a master's degree or higher.

About 94 percent of the faculty at Berkeley hold a full credential. This number is close to the average for all high schools in the state. About three percent of the faculty at Berkeley hold a trainee credential, which is reserved for those teachers who are in the process of completing their teacher training. In comparison, five percent of high school teachers throughout the state hold trainee credentials. About three percent of our faculty hold an emergency permit. Very few high school teachers hold this authorization statewide (just five percent). All of the faculty at Berkeley hold the secondary (single-subject) credential. This number is the same as the average for high schools in California. You can find three years of data about teachers' credentials in the Data Almanac that accompanies this report.

Teachers take some time each year to improve their teaching skills and to extend their knowledge of the subjects they teach.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Percent of Classes In Core Academic Subjects Core Academic Classes Taught by Highly Qualified Teachers		
Location of Classes	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100.0	0.0
Districtwide		
All Schools	100.0	0.0
High-Poverty Schools	100.0	0.0
Low-Poverty Schools	100.0	0.0

* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

Academic Counselors and Other Support Staff at this School	
Number of Full-Time Equivalent (FTE)	
Academic Counselor	8
Social/Behavioral or Career Development Counselor	1
Library Media Teacher (Librarian)	2
Library Media Services Staff (Paraprofessional)	1
Psychologist	2
Social Worker	0
Nurse	1
Speech/Language/Hearing Specialist	2
Resource Specialist	
Other	
Average Number of Students per Staff Member	
Academic Counselor	

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Restricted	Unrestricted	
School Site	\$6,533	\$1,024	\$5,509	\$56,100
District	♦	♦	\$5,852	\$65,957
State	♦	♦	\$5,537	\$67,106
Percent Difference: School Site/District			-6.2%	-11.5%
Percent Difference: School Site/ State			0.0%	-14.5%

* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

* **Basic/Unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: www.ed-data.org.

Teacher and Administrative Salaries (Fiscal Year 2011-12)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$38,497	\$40,928
Mid-Range Teacher Salary	\$64,489	\$64,449
Highest Teacher Salary	\$80,021	\$82,826
Average Principal Salary (ES)	\$108,782	\$102,640
Average Principal Salary (MS)	\$115,712	\$109,253
Average Principal Salary (HS)	\$135,256	\$118,527
Superintendent Salary	\$238,000	\$183,968
Percent of District Budget		
Teacher Salaries	35.0%	39.7%
Administrative Salaries	6.5%	5.8%

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at www.cde.ca.gov/ds/fd/cs/.

Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

The Berkeley Unified School District benefits from a local tax initiative called the Berkeley Schools Excellence Project (BSEP). We used BSEP funds, along with state and federal funds, to support improving student achievement, sending teachers to staff development, and purchasing instructional materials for classrooms. Our PTA's fund-raising efforts support many activities and supplies, including field trips, assemblies, family nights, afterschool enrichment scholarships, teachers' classroom requests, classroom library books, and more.

We are required to report financial data from the 2007-08 school year by the California Dept. of Education. More recent financial data is available on request from the district office.

Spending per Student

To make comparisons possible across schools and districts of varying sizes, we first report our overall spending per student. We base our calculations on our average daily attendance (ADA), which was 3,068 students during the 2007-08 school year.

We've broken down expenditures by the type of funds used to pay for them. Unrestricted funds can be used for any lawful purpose. Restricted funds, however, must be spent for specific purposes set out by legal requirements or the donor. Examples include funding for instructional materials, economic impact aid, and teacher and principal training funds.

Next to the figures for the district and state averages, we show the percentage by which the school's spending varies from the district and state averages. For example, we calculate the school's variance from the district average using this formula:

Total expenses include only the costs related to direct educational services to students. This figure does not include food services, land acquisition, new construction, and other expenditures unrelated to core educational purposes. The expenses-per-student figure is calculated by dividing total expenses by the district's average daily attendance (ADA). More information is available on the CDE's Web site.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected:

The main fact about text books that Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California Content Standard s call for.

Textbooks and Instructional Materials

Core Curriculum Area	Textbooks and Instructional Materials/Year of Adoption
<p>Reading/Language Arts</p> <p>The textbooks listed are from most recent adoption: Yes</p> <p>Percent of students lacking their own assigned textbook: 0</p>	<p>Board Approved, Standards Aligned Texts for all Language Arts courses.</p>
<p>Mathematics</p> <p>The textbooks listed are from most recent adoption: Yes</p> <p>Percent of students lacking their own assigned textbook: 0</p>	<p>Broad approved, standards aligned texts for all math courses</p>
<p>Science</p> <p>The textbooks listed are from most recent adoption: Yes</p> <p>Percent of students lacking their own assigned textbook: 0</p>	<p>Board Approved, Standards Aligned Texts for all Science courses</p>
<p>History-Social Science</p> <p>The textbooks listed are from most recent adoption: Yes</p> <p>Percent of students lacking their own assigned textbook: 0</p>	<p>Board Approved, Standards Aligned Texts for all Social Science courses.</p>
<p>Science Laboratory Equipment</p> <p>The textbooks listed are from most recent adoption:</p> <p>Percent of students lacking their own assigned textbook:</p>	<p>Many science courses require that students conduct experiments. This gives our students a chance to practice the scientific method, in effect, learning science by doing science. Those courses are what we call lab courses, and, of course, they require equipment and materials. The purpose of the Williams legislation is to inform citizens if our schools have the proper equipment, and enough of it, for students to succeed. This legislation only requires high schools to provide this information.</p> <p>Please note that there is no state standard for equipping science labs. The next best authority we have to rely upon is the policy of our own school board. So you'll see in our report whether our school board has voted to approve a standard for equipping our science labs. If you have further questions about the condition of our science labs, we recommend you speak with your child's science teacher directly.</p>

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

STAR Results for All Students - Three-Year Comparison									
Subject	Percent of Students Scoring at Proficient or Advanced								
	School			District			State		
	10-11	11-12	12-13	10-11	11-12	12-13	10-11	11-12	12-13
ELA	53	56	61	60	64	64	54	56	55
Math	24	28	32	53	56	57	49	50	50
Science	49	55	62	56	63	65	57	60	59
H-SS	42	43	49	45	47	50	48	49	49

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2013 STAR Results by Student Group				
Group	Percent of Students Scoring at Proficient or Advanced			
	ELA	Math	Science	H-SS
All Students in the LEA	64	57	65	50
All Student at the School	61	32	62	49
Male	55	33	60	49
Female	67	32	64	50
Black or African American	26	6	32	17
American Indian or Alaska Native				
Asian	69	49	69	56
Filipino	64	62		
Hispanic or Latino	47	20	39	28
Native Hawaiian/Pacific Islander				
White	84	50	85	74
Two or More Races	74	36	69	60
Socioeconomically Disadvantaged	36	12	32	23
English Learners	8	8	9	
Students with Disabilities	18	9	22	15
Students Receiving Migrant Education Services				

California Physical Fitness Test Results

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at www.cde.ca.gov/ta/tg/pf/.

Grade Level	Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
9	18.2	17.0	21.1

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

API Growth by Student Group – Three-Year Comparison			
Group	Actual API Change		
	10-11	11-12	12-13
All Students at the School	B	19	22
Black or African American		10	27
American Indian or Alaska Native			
Asian		10	9
Filipino			
Hispanic or Latino		14	21
Native Hawaiian/Pacific Islander			
White		15	7
Two or More Races		26	12
Socioeconomically Disadvantaged		45	14
English Learners		34	0
Students with Disabilities		55	43

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Academic Performance Index Ranks - Three-Year Comparison			
API Rank	2010	2011	2012
Statewide		4	4
Similar Schools		1	1

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Indicator	School	District
Program Improvement Status		In PI
First Year of Program Improvement		2004-2005
Year in Program Improvement		Year 3
Number of Schools Currently in Program Improvement		14
Percent of Schools Currently in Program Improvement		82.4

API Growth by Student Group - 2013 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2013 Growth API (API-G) at the school, district, and state level.

Group	School	District	State	
All Students at the School	Students	2,075	6,653	4,655,989
	API-G	757	822	790
Black or African American	Students	428	1,368	296,463
	API-G	572	675	708
American Indian or Alaska Native	Students	6	16	30,394
	API-G		751	743
Asian	Students	184	532	406,527
	API-G	776	838	906
Filipino	Students	14	36	121,054
	API-G	775	835	867
Hispanic or Latino	Students	441	1,477	2,438,951

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	No	No
Met Percent Proficient: Mathematics	No	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	No	Yes

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information webpage at www.universityofcalifornia.edu/admissions/. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU webpage at www.calstate.edu/admission/admission.shtml. (Outside source)

Completion of High School Graduation Requirements

This table displays, by student group, the number of students who were a part of the school's most recent graduating class for which CDE has available data and meet all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

Completion of High School Graduation Requirements			
Group	Graduating Class of 2013		
	School	District	State
All Students	763	803	418,598
Black or African American	172	198	28,078
American Indian or Alaska Native	1	2	3,123
Asian	67	67	41,700
Filipino	6	6	12,745
Hispanic or Latino	141	146	193,516
Native Hawaiian/Pacific Islander	2	2	2,585
White	271	275	127,801
Two or More Races	75	76	6,790
Socioeconomically Disadvantaged	181	195	217,915
English Learners	86	87	93,297
Students with Disabilities	57	70	31,683

Dropout Rate and Graduation Rate			
Indicator	2009-10	2010-11	2011-12
Schoolwide			
Dropout Rate (1-year)	13.50	10.10	11.20
Graduation Rate	86.24	86.01	86.43
Districtwide			
Dropout Rate (1-year)	15.70	15.50	14.40
Graduation Rate	84.45	79.62	82.99
Statewide			
Dropout Rate (1-year)	16.60	14.70	13.10
Graduation Rate	80.53	77.14	78.73

* The National Center for Education Statistics graduation rate as reported in AYP is provided in this table.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB. For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at cahsee.cde.ca.gov/.

CAHSEE Results for All Students - Three-Year Comparison Percent of Students Scoring at Proficient or Advanced			
Subject	2010-11	2011-12	2012-13
Schoolwide			
English-Language Arts	60	64	69
Mathematics	60	61	71
Districtwide			
English-Language Arts	60	63	64
Mathematics	59	61	66
Statewide			
English-Language Arts	59	56	57
Mathematics	56	58	60

Advanced Placement Courses (School Year 2011-12)		
Subject	Number of AP Courses Offered*	Percent of Students In AP Courses
Computer Science	4	---
English	3	---
Fine and Performing Arts	7	---
Foreign Language	6	---
Mathematics	6	---
Science	6	---
Social Science	3	---
All courses	35	11.6

* Where there are student course enrollments.

California High School Exit Examination Grade Ten Results by Student Group - Most Recent Year

Group	English-Language Arts			Mathematics		
	Not Proficient	Proficient	Advanced	Not Proficient	Proficient	Advanced
All Students in the LEA	36	18	46	35	36	29
All Students at the School	31	18	51	29	38	32
Male	36	19	45	30	37	33
Female	27	17	56	28	40	32
Black or African American	64	20	15	59	35	6
American Indian or Alaska Native						
Asian	18	32	50	16	39	45
Filipino						
Hispanic or Latino	44	25	31	42	42	16
Native Hawaiian/Pacific Islander

Two or More Races	37	12	51	30	42	28
Socioeconomically Disadvantaged	57	23	20	51	36	13
English Learners	90	10		85	12	2
Students with Disabilities	84	7	9	75	24	2
Students Receiving Migrant Education Services						

Career Technical Education Participation	
Measure	CTE Program Participation
Number of pupils participating in CTE	640
Percent of pupils completing a CTE program and earning a high school diploma	
Percent of CTE courses sequenced/ articulated between the school/ institutions of postsecondary education	

Courses for University of California and/or California State University	
UC/CSU Course Measure	Percent
2012-13 Students Enrolled in Courses Required for UC/CSU Admission	87.3
2011-12 Graduates Who Completed All Courses Required for UC/CSU Admission	46.1

Career Technical Education Programs

This section provides information about Career Technical Education (CTE) programs including:

- Programs and classes offered that are specifically focused on career preparation and or preparation for work
- How these programs and classes are integrated with academic courses and how they support academic achievement
- How the school addresses the needs of all students in career preparation and/or preparation for work, including needs unique to defined special populations of students
- The measurable outcomes of these programs and classes, and how they are evaluated
- State the primary representative of the district’s CTE advisory committee and the industries represented on the committee

Our high school offers courses intended to help students prepare for the world of work. These career technical education courses (CTE, formerly known as vocational education) are open to all students.
