About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (510) 644-6890.

Principal's Message

The Emerson Elementary School staff is dedicated to the success of all children. Our highly trained teachers work collaboratively to provide a challenging and engaging curriculum to our students and are skilled at bringing out the best in everyone. In addition to our core program of reading, writing, mathematics, science and social studies, we provide art, music, physical education, cooking, and gardening. Students in all grade levels go on field trips throughout the Bay Area culminating in a science based overnight field trip for our fifth graders.

We build community and self respect at our monthly All School Meeting by recognizing children for their unique personalities and skills and by celebrating our talents and accomplishments through song, poetry, spoken word, and skits. We practice a positive approach to student development, guiding students as they learn to: "Be Safe, Respectful, and Responsible." Our fifth graders contribute to the community by engaging in school service projects, such as tutoring in lower grade classrooms and helping in the office, cafeteria, and on the school yard.

Emerson has many systems in place to support and enrich our students. Our outstanding intervention, tutoring, and after school programs provide additional enrichment and support activities to over half the student population. Our math tutors provide challenge activities to students both during and after school as well as extra support to students who need it. Our intervention teachers and BUILD tutors work with students individually and in small groups to provide extra instruction in reading, writing, and math. Kids' World, our on site after school program, provides homework support as well as a broad range of classes and activities to keep student engaged in the afternoons. With this level of expertise and support, students do not fall through the cracks at Emerson School.

Finally, we have an enthusiastic parent community whose members volunteer many hours working in classrooms, at events, and on special projects. We are a truly unique community, committed to working and learning together the Emerson Way.

Susan Hodge
Principal

Opportunities for Parental Involvement

Parents and guardians support Emerson School in countless ways. Many parents help by working directly with students both during and after school, by chaperoning on field trips, and by helping during specialty classes such as cooking, gardening, library, and art. Some family members volunteer by maintaining our weekly Bear Facts newsletter and Emerson Web site, coordinating and working at special events such as our Walk-a-thon and Silent Auction and by being an active part of our PTA such as serving on the executive board or attending monthly PTA meetings. Parents also stay involved in the governance aspect of our school by participating on our School Leadership Council and our English Language Advisory Council. Other parents focus their talents on fundraising for the school and, due to their multitude of talents and perseverance, raise enough funds to provide for weekly Art and Game Time classes for all students, teacher mini-grants, part time bilingual office assistance to our teachers, and field trips and special events, such as our Family Art Night. To get involved at Emerson, please contact Sonia Colon in the school office at (510) 644-6890. We'd love to have you join the Emerson Team.

District Profile

We serve a city founded on the ideal of quality public education. Since 1868 the proud home to a great public university, Berkeley established California's first accredited high school, and in 1968 was the nation's first school district to desegregate without a court order. Our goal is always to give each of our children an equal opportunity to achieve the productive and fulfilled life that education brings.

With an enrollment of just over 9,000 students, Berkeley has 16 schools, from kindergarten through high school, plus extensive preschool and adult education programs. Its eleven elementary schools, with an average enrollment of about 379, are the product of an enduring community commitment to providing small, nurturing environments for our youngest students. Each school's student body represents the full spectrum of Berkeley families, both culturally and economically.

District Mission Statement

The Mission of the Berkeley Unified School District is to enable and inspire our diverse student body to achieve academic excellence and make positive contributions to our world.

Berkeley Unified School District's Vision

Our Students are curious and creative learners who succeed through personal initiative and sustained effort to reach high academic goals. They are critical thinkers who seek knowledge and possess technological competence and collaborative skills. Our students embrace diversity, act responsibly, and contribute to our community.

Our Educators believe that all students can meet or exceed rigorous academic standards. Teachers, staff, and administrators together form a rich professional learning community where all are supported to hone our professional craft and improve our effectiveness. Through the examination of our instructional practices and data, we adjust our teaching and operational systems in order to continuously improve. We are responsible in the stewardship of our fiscal resources and fair and equitable in their distribution.

Our Families and Community are integral to the success of our students and schools. Families are active, engaged and welcomed partners in their child's education, who give valued input and participate in making important decisions about our academic and enrichment programs. Our diverse community is passionate about equitable educational outcomes for all students. Our civic and community organizations partner with us to promote family engagement and the well-being and success of our students.

Our Schools are vital centers of community life enriched by the diversity of our city and welcoming to all families. Each classroom offers engaging and culturally relevant curriculum that builds on students' interests and abilities. Student needs, as identified by regular assessment, inform our teaching and guide appropriate and effective intervention services. We offer an enriched learning environment and a comprehensive system of supports to address the needs of the whole child.

Values and Beliefs of Berkeley Unified School District

- Students are our priority.
- We take pride in our diversity.
- We hold high expectations for ourselves and our students.
- We treat each other with respect and act with integrity.

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The safety of students and staff is very important to us at Emerson. A variety of people visit the campus to volunteer in the classroom and participate in school events; all visitors must sign in at our office upon their arrival. During lunch, recesses, and after school, staff members, administrators, and yard staff supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drills are held monthly, and intruder drills are held at least once a year.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated and reviewed with school staff in spring 2012.

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: October 2011

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

Date of Last Inspection: November 24, 2010

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

Administrators and teachers take time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. During the last three school-years, each school in the Berkeley Unified School District dedicated 3 days annually for teacher and administrator professional development. During 2010, 80% of all Berkeley K-5 teachers and site administrators participated in a four-day intensive literacy training to support Readers' Workshop in K-5 classrooms. A site literacy coach provides ongoing support for teachers to improve literacy instruction to students. A math teacher-leader at the site participates in monthly District trainings, and supports math professional development and collaboration at the site. New teachers participate in a rigorous District BTSA program. Teacher-initiated professional development is supported through local funds earmarked for this purpose.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assists students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

We use our state and federal money to pay for a Reading Coach/teacher, BUILD coordinator and tutors, after school intervention classes, and classroom materials. Each year we also set aside money for our teachers to engage in professional development by attending conferences, planning curriculum, and creating special projects. We use our Site Enrichment money (provided through a parcel tax) to pay for a credentialed art teacher, tutors, and instructional materials. Our PTA donates generously to our school, supporting our Art Teacher, Game time specialist, tutors, field trips, and assemblies. We have a state After-school Education and Safety program (ASES) grant supporting wonderful after-school program.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school’s use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected:

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to reveal whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

California Physical Fitness Test Results

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at www.cde.ca.gov/ta/tg/pf/.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
