

Berkeley Research, Evaluation and Assessment (BREA) Office

Division of Responsibilities

How can BREA support the school site or your department? Through the partnership of the Site Principal, BREA Data Coach, Data Teams and collaboration with PD TSAs / Lead Teachers, the BREA staff provides Qualitative and Quantitative analysis including: Beginning of year **class profiles** for teachers of grades K-12; Back to School Night **School Profiles**; Data reports, support for Principals to define priorities for their **Single School Plan** and work with their **School Governance Councils and Parent Advocates**; Collaborate with ELA, Math, Music, Science and Technology TSAs for **Assessment and Testing Timelines** and assessing CCSS implementation. Support and analysis of district-wide **common assessments** and the development of classroom, department and grade-level **formative assessments**. **Qualitative Surveys, focus groups and 1:1 interviews** to focus evaluation of LCAP goals; Coordination and support for **State mandated testing (including SBAC)**; Support and training in **Illuminate** including 1:1 “IllumiDates” and tri-annual professional development series which includes Illuminate Basics, Formative and Online Assessments and Using Data for Culturally Responsive Inquiry. BREA staff meets weekly as a PLC using an inquiry model for their own **Action Research**.
