ACTION

Protection from Government Registry

Alper explained this policy goes along with the policy for the protection of undocumented students. It clearly lays out that we will not provide any information relative to students' religion.

Participants reviewed and discussed language.

The Superintendent will check with student services and nutrition services to confirm that none of their procedures involve any requests for students to record their religion.

Participants discussed the various ways in which individual student's religion is recorded.

Chair Daniels said that BP/AR 5117 addresses inter-district attendance and enrollment. The goal is to establish the criteria whereby inter-district transfers are prioritized, granted, extended or revoked.

This policy will come back for further review and discussion.
