

## BUSD Yellow

Look you can't mess with me if you wanted to

I'm that kid that's always on time for school

Look don't vacation when we have school

If you're not sick come to school quick

I'm on time now don't want to be a fool

Gotta get those A's, so I can graduate

If I see you and don't speak

means I'm trying get to school

Imma boss, Imma be great

Let's make it there by eight

Now you see let's get straight to school before the school bell ring, quietly

You know where I'm at you know where I be

You in school just to clown

Wanna make your parents frown

I'm sitting in the front I know them teachers proud of me honestly, it don't matter bout who ain't fond of me

Up'd six bad grades in two months no one working as hard as me

I don't bother with them skippers don't let skippers bother me

See these A's and B's them goals is where they trying to see

Look I might just chill for a day

I might just chill with my crew

You know I'm coming to school

My grades is all A's

Here they go right in yo face

I'm like OK

Mom buy what I want  
Buy me some new Saint Laurent  
And a new phone  
Cause my grades is point  
You know that's what you want  
I'm the hottest in the street  
I know where I wanna be  
You won't catch me in them streets  
Hope you know that it ain't free  
One day pay my mommas bills  
I ain't got no time to chill  
Even though you mad me  
This is where you outta be
