Principal's Message

John Muir School, one of the smallest of the eleven elementary schools in the Berkeley Unified School District, is the "second home" to an ethnically rich and diverse population of 305 kindergarten through fifth grade students. Spanish, Korean, Lao, Mandarin, Italian, Arabic, and American Sign Language are among the numerous languages spoken by our families. A walk through our campus takes you to the natural creek and redwood grove restored by the John Muir community, past edible gardens managed by students, and through the landmark 1916 Tudor building symbolic of long-term positive values and the dignity of education.

The vision of John Muir School is to "achieve academic excellence, promote personal growth, and celebrate the joy and beauty of nature, community, diversity, and learning". At John Muir, students are the core of our work; therefore, every decision is made with their needs in mind and every action we take is based on our commitment to their success. We continually ask ourselves both formally and informally, "How can we help our students achieve their personal best?" Answering this question sharpens our focus, directs our priorities, and helps us establish a clear vision.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to reveal whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

Textbooks and Instructional Materials Year and month in which data were collected: December 2018

School Facility Conditions and Planned Improvements (Most Recent Year)

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

Date of Last Inspection: March 2, 2018

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: December 2017

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	59.0	55.0	59.0	64.0	48.0	50.0
Math	58.0	54.0	54.0	57.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
5	25.6	20.5	35.9

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students with Disabilities	16	14	87.50	7.14
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Students thrive when there is an active and aligned partnership among parents, teachers and the school. Parents recognize that ours is a school where they are welcomed and where their participation is constantly supported and encouraged. Our Family Engagement Site Specialist provides parent/caregiver support and interaction that contributes to a wonderful partnership between home and school, benefiting the children at John Muir Elementary. With these essential partnerships, we create multiple means by which parents can involve themselves in not only the success of their own children, but also in the success of the school as a whole. To maximize parent/caregiver involvement, our school believes in the importance of Home-School Connection, Parents as Teaching Partners and Parents as Voting Members of the School Community.

Our school communicates with parents/caregivers through multiple channels – phone, internet, newsletters, conferences and community forums for a strong home-school connection. It is our policy to assure positive two-way communication by relaying messages in multiple languages and using voice and print media so that parents can receive and understand important information and are therefore involved in their children’s education.

John Muir staff and faculty understand that involving parents/caregivers as our students’ first teachers is crucial to our students’ success. With the support of our Office of Family Engagement and Equity and the Parent Teacher Association, the school works closely with parents to help them understand how students are being taught to read, write and compute. The school’s policy is to involve parents/caregivers as allies and tutors, both at home and at school.

Our school also involves parents as decision-making partners in the school community and as voting members of the School Site Council, English Learner Advisory Committee and other governance and advisory bodies. We actively recruit under-represented members of the school community to participate in the governance processes, where we share student performance data with all parents through regular community forums. To learn more about opportunities to get involved at John Muir, please contact our Family Engagement and Equity Specialist Jocelyn Foreman at (510) 684-4100 / jocelynforeman@berkeley.net.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

John Muir Elementary School was constructed in 1916 and earthquake retrofitted in the 1970's. The main building is an interconnected, partial two-story reinforced concrete building with a partial basement. The facility strongly supports teaching and learning through its ample classroom, field, creek and playground space.

The safety of students and staff is our primary concern. Visitors and volunteers are required to check in at the main office. During lunch, recesses, and before-and-after school, staff members and the administrator supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. An Earthquake, Lockdown or Fire drill is held every month for the students and staff.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated in the Spring of 2018.

* Number of classes indicates how many classes fall into each size category (a range of total students per class).

Professional Development provided for Teachers

Administrators and teachers take time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. During the last three school-years, each school in the Berkeley Unified School District dedicated 3 days annually for teacher and administrator professional development. All K-8 schools have 5 dedicated 2 hour collaborations per year to integrate Common Core Standards, English Language Development teaching strategies, Content and Curriculum knowledge, and Social Emotional Learning into teaching practices. Every K-8 site has Literacy Coach and a Math Teacher Leader to support teachers in reflecting and improving math and literacy teaching skills through co-teaching and direct professional development at staff meetings. From 2016-2018, professional development K-8 has explicitly focused on the integration of content area subjects with English Language Development teaching strategies and equitable teaching practices. New teachers participate in a rigorous District BTS program. Teacher-initiated professional development is supported through local funds earmarked for this purpose.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded

The Berkeley Unified School District has used federal funding to provide supplemental alternative services and supplemental instructional materials provided to the Title I schools that support and assist Title I students. Alternative support includes tutoring, intervention curriculum and supplemental instructional supplies for targeted Title I students to close the achievement gap.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
