

BERKELEY UNIFIED SCHOOL DISTRICT

TO: BSEP Planning and Oversight Committee
FROM: Natasha Beery, Director of BSEP and Community Relations
DATE: April 16, 2019
SUBJECT: Preliminary Recommendation for BSEP Funds in FY 2019-20
Communication, Translation and Community Engagement

BACKGROUND INFORMATION

In keeping with BSEP Measure E1 of 2016, two percent (2%) of revenues are dedicated to “support of the Planning and Oversight Committee and School Site Councils, and community engagement, communications and public information services.” (*Section 9A*)

Program Summary

BSEP Planning and Oversight (P&O) Support: The BSEP office ensures that the P&O Committee has the necessary information to carry out their oversight role by providing program and budget plans, revenue projections, reports and analysis for each of the distinct purposes of the Measures. The Director consults with all BSEP-funded program Directors, Coordinators and Supervisors, and works with the Superintendent, Associate Superintendent for Educational Services, and Assistant Superintendent for Business Services to ensure that District and BSEP plans are aligned. A Senior Budget Analyst works with the Director and each Budget Manager to ensure that plans and reports are provided in accordance with the Measure and with auditing and budgeting best practices, and ensures proper documentation of expenditures of BSEP funds, including Site funds. The BSEP Program Specialist (and hourly support as needed) provides the communications, record-keeping and meeting support for P&O committee.

Site Council Support: The BSEP office provides training and support to the School Site Councils and the Berkeley High School (BHS) BSEP Site Committee, working with principals, teachers, support staff, students and parent/guardians to develop each school’s annual *Single Plan for Student Achievement*, including the development and monitoring of the annual plan for expenditure of BSEP School Site Discretionary Funds and the BHS BSEP Annual Site Plan. Site Council training workshops include sessions on school survey design, BSEP-funded program information, and best practices for school leaders. The BSEP Director and Program Specialist provide materials, advice and support for school principals in conducting elections of site council representatives in order to ensure broad and diverse participation in elections and governance, and provides support throughout the year to ensure that each Principal and site committee has the information and support they need to deliberate and document their decisions.

Communications and Community Engagement: Multiple communication channels are needed to reach diverse audiences, including parent/guardians, students, employees, and community stakeholders, each with distinct interests and concerns. The major channels currently include the BUSD website, the bi-weekly A+ News, a weekly email Bulletin to all staff, an annual Community Report, flyers, brochures, press releases, school e-trees and newsletters, school messenger emails and phone blasts, as well as some forays into social media. Additional channels of communication employed as needed include public presentations, forums, and special events.

The Communications Team meets weekly, chaired by the Director of BSEP and Community Relations. The Team, which includes the Superintendent, the Public Information Officer (PIO), Director of Technology, and supports district initiatives, addresses goals set out in the Communications Plan, and advises and consults with the Superintendent on a wide range of strategies to meet the communications needs of the District. When special situations arise that require community engagement on a district or even site-specific level, the Communications Team and/or the Director provide support through developing situation specific communications and processes. In the past year, the Director and team have been called upon to draft responses for a wide range of media inquiries and public record requests about student and district activities, has developed protocols for the use of social media, law enforcement/immigration enforcement, supported schools with student advocacy and engagement, provided assistance for area-wide air quality disaster communications and decisions, partnered with facilities staff to manage communications around water quality testing at schools, coordinated a review process for school-public art projects, and supported a complex and time-consuming community engagement process for a school name change.

Translation/Interpretation: A Specialist Translator/Interpreter provides Spanish translation for key District materials and in-person interpretation for workshops, IEPs and other special meetings. In addition, a contract with a multilingual Language Line telephone service provides all school personnel with an important communication tool that improves communication with families by offering instant access to simultaneous interpretation, such as for parent/guardian conferences. Language Line use in the past year has included interpretation in Spanish, Arabic, Urdu, Pashto, Nepali, Mandarin, Cantonese, Laotian, Cambodian and Vietnamese. We have also been able to provide an in-person Arabic-speaking interpreter for some parent conferences. *Beginning in FY 19-20, we will conduct a pilot of video interpretation using Language Line apps with tablets available for parent conferences and other needs.*
