School Description

Berkeley Technology Academy (BTA) is an alternative high school diploma program designed to meet the needs of students sixteen through eighteen years of age who are credit deficient at the comprehensive high school, Berkeley High School. Berkeley Technology Academy recognizes that students who have difficulty learning in a traditional school environment does not mean that they have difficulty learning. B-Tech teachers and staff uphold standards of relationships, rigor, and relevance in their approach to teaching, mentoring, and supporting students who may have performed below their potential. BTA emphasizes the importance of healthy relationships between staff and students, as well as families and community members in building a complete education.

Continuation education is for students no longer enrolled in a comprehensive high school who seek a route to earning a high school diploma. A continuation school is for students who are sixteen years of age or older, have not graduated from high school, are still required to attend school, and who are at risk of not graduating. Many students enrolled in continuation education are behind in high school credits. Others may need a flexible school schedule because they have jobs outside of school. Some students choose to attend a continuation school because of family needs or other circumstances. Students who attend a continuation school take courses that are required for graduation. They also receive guidance and career counseling. Some programs offer independent study, job-placement services, and concurrent enrollment in community college. The District intends to incorporate all of these options into the revised BTA program over time, as well as develop career readiness programs for students who choose to begin working immediately after graduation. BTA students will be able to participate in Berkeley High School clubs and BHS sports teams as long as they maintain the grade and behavior standards that make students eligible for participation.

Students who enter BTA (must be 16 or over), and who are behind in credits, can earn a continuation school diploma by earning 130 credits.

The classes/units for the 130 credit continuation school diploma must include the following:

- 30 units language arts
- 20 units mathematics
- 30 units social studies
- 10 units- arts OR language OR Career Technical Education
- 20 units PE
- 20 units science

Some students may temporarily come to BTA from BHS to try and catch up on credits and then transfer back to Berkeley High School once they get caught up to pursue the 220 credit diploma. BTA students who are on track for the 220 high school diploma, may also choose to pursue the 220 diploma, as all the courses offered at BTA, continue to be A-G approved classes.

BTA Mission

Our mission is to contest traditional notions of a high school graduate by providing an uncompromising, rigorous education for all our students and to build on the principle that strong, respectful, and caring relationships are vital to our success.

School-Wide Learning Outcomes

Upon completion of high school, Berkeley Technology Academy students will be academically literate, physically and socially healthy, and highly involved in their communities.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

* Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California Content Standards call for.

Textbooks and Instructional Materials

Year and month in which data were collected: December 2017

Core Curriculum Area	Textbooks and Instructional Materials/Year of Adoption
Reading/Language Arts	Board Approved, Standards Aligned Texts for all Language Arts Courses. The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%
Mathematics	Board Approved, Standards Aligned Texts for all Mathematics Courses. The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%
Science	Board Approved, Standards Aligned Texts for all Science Courses. The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%

School Facility Conditions and Planned Improvements (Most Recent Year)

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

Date of Last Inspection: January 3, 2018

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: September 2019

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	11	0	64	65	50	50
Math	0	0	57	60	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Parent, guardian or family involvement has been proven to be one of the most important factors in a student's success in the classroom. We encourage our families to take an active role in their students' education, and BTA's willing staff are always there to help. BTA has an established chartered Parent Teacher Student Association (PTSA). We provide immediate parent notification if students are in jeopardy of truancy or academic issues in the classroom. We offer quarterly parent meetings where we create Student Success Plans to ensure student success. Parents participate and serve in leadership positions on the School Site Council that gives the principal and staff guidance, and input on the School Plan for Student Achievement, the Safety Plan, and the school budget, the parcel tax money, Berkeley Schools Excellence Project (BSEP) and Title 1 monies.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The B-Tech facilities strongly support teaching and learning through its ample classroom and recreation space. The chart at right shows the results of the most recent school facilities inspection, as of October 2011.

The safety of students and staff is our primary concern. A variety of people visit the campus to volunteer in the classroom and participate in school events. During lunch, recesses, and before-and-after school, staff members, administrators, and safety officers supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drill are held monthly, and intruder drills are held at least once a year.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated and reviewed with school staff in spring 2017.

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Berkeley Unified School District dedicates 3 days annually for teacher and administrator professional development. Four BTA teachers are being trained in the district-wide Constructing Meaning framework for academic language. Teachers are supported through a continuous process of reflecting on learning in the weekly Professional Learning Community meeting. A PD teacher leader co facilitates and plans the weekly PD with the principal.

Types of Services Funded

The Berkeley Unified School District has used federal funding to provide supplemental alternative services and supplemental instructional materials provided to the Title I schools that support and assist Title I students. Alternative support includes tutoring, intervention curriculum and supplemental instructional supplies for targeted Title I students to close the achievement gap.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Rate for Berkeley Technology Academy	2015-16	2016-17	2017-18
Dropout Rate	51.1	45.2	43.2
Graduation Rate	46.8	50	52.3

Rate for Berkeley Unified School	2015-16	2016-17	2017-18
Dropout Rate	10.7	10.9	11
Graduation Rate	87.2	86.1	86.1

Rate for California	2015-16	2016-17	2017-18
Dropout Rate	9.7	9.1	9.6
Graduation Rate	83.8	82.7	83

For the formula to calculate the 2016-17 and 2017-18 adjusted cohort graduation rate, see the 2018-19 Data Element Definitions document located on the SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.

Career Technical Education Participation

Measure	CTE Program Participation
Number of pupils participating in CTE	0
% of pupils completing a CTE program and earning a high school diploma	
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	

Career Technical Education Programs

A CTE pathway is still in development at BTA. There has been a desire by the school board and the staff to have a program but it has not yet happened. In fact, a county R4 grant was returned at the end of the last school year because it was not spent. The District's CTE Coordinator is Wyn Skeels. Mr. Skeels continues to support the development of a CTE pathway, by funding a CTE Coach for the new principal, Ms. Heidi Weber. Ms. Weber and the school counselor will attend a Get Focused, Stay Focused (GFSF) (<http://getfocusedstayfocused.org/>) school site demonstration. This GFSF curriculum is used as one component of a CTE Pathway, the concurrent enrollment class. Here are a few notes about previous CTE exploration: In January 2017 Berkeley Technology Academy launched a Digital Media Arts course. Other possible pathways that students and staff are interested in are Public Health (Culinary Arts), Building Construction and Trade, and Information Technology.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/>, that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
