Principal's Message

We are proud to present our annual report for the 2019-20 school year. We publish this report every year to share important facts about our school with the public we serve. It is our goal to present a clear picture of our students' academic achievements as well as the facts about our teachers and support staff who help make learning possible. In this report, you will find information about our teachers, students, test scores, resources, and finances. Many qualities contribute to making a public school successful, and no single report can fully describe them all. We've done our best to present a wide range of facts, and, when possible, we feature this data alongside data for other schools at the same grade level in the district and state. We believe that viewing the facts about our school compared to other schools in the district and state provides the most insight.

To provide insight into our school's learning environment, we share facts about our students, and the education and experience level of our teachers. You will also find estimates of how well prepared our teachers are. At the end of the report, we shed some light on our district's spending—including how much we spend per student compared to other districts like ours in the state. Open communication between our school and our public is something we value highly, and it's a responsibility we take seriously. We hope this report will generate a dialogue between members of our community and school leadership. We invite you to join us in this discussion. To get involved at our school, please contact our school office.

Jefferson's Vision – It is our vision that all children who attend Jefferson Elementary School grow academically, socially, emotionally, and ethically in their time here. All students are valued, have a sense of purpose and belonging, and are committed to making our school and society a more just place to live.

Jefferson's Mission – In order to achieve our vision, we will provide students with an educational experience of challenge and relevance. We will work together to foster children's ability to think critically, creatively, and develop compassion and respect for others. Families are active, engaged and welcomed partners. We cultivate healthy and cooperative relationships among all community members as all are integral to the success of our students and school.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

* Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to reveal whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

Textbooks and Instructional Materials

School Facility Conditions and Planned Improvements (Most Recent Year)

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

Date of Last Inspection: April 2, 2018

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: October 2019

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	77	77	64	65	50	50
Math	75	72	57	60	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

2018-19 Percent of Students Meeting Fitness Standards

Grade Level	4 of 6	5 of 6	6 of 6
5	28.6	32.7	12.2

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Jefferson Elementary School welcomes parent/caregiver participation. Volunteering is strongly encouraged in order to enhance student academics, and to build a strong school community for the betterment of our children and families. A great way that caregivers get involved in the school community is to regularly attend and/or help at school events or in your child's classroom. Parents/caregivers volunteer in the following ways: Assisting teachers in the classroom and literacy library, chaperoning students on field trips, shelving books in the library, staffing the office, tutoring students and bringing enrichment activities to our classrooms. They are also active members on school governance committees (School Site Council, Berkeley Schools Excellence Program, School Advisory and English Language Advisory). Parents/caregivers are involved in our Village Group, Community Work Days, The Giving Campaign, the Green Committee, Our School Cares Parent Group, and a host of other committees. Our active PTA sponsors monthly events, including our annual family art night, literacy night, math and science night and holiday events. They also host fundraising campaigns such as the May Fair, Walk-a-thon, Silent Auction and Book Fairs that bring in money for school activities. Our Office of Family Engagement and Equity provides parent/caregiver support and interaction that contributes to a wonderful partnership between home and school, benefiting the children at Jefferson Elementary. Please feel free to contact our Family Engagement Specialist Lily Howell at 510-295-7791/ lilyhowell@berkeley.net, or by calling the school office at 510-644-6298.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Jefferson Elementary School was constructed in 1952 and was comprised of three buildings. In 2014, portions of the main building were remodeled; the main office and library were relocated and four additional classrooms were added. Classrooms were created on the south end of the auditorium/cafeteria building as the district central kitchen was relocated from Jefferson to ML King MS. The main building is an interconnected, partial two-story reinforced concrete building with a partial basement. The campus covers nearly three acres and includes 19 permanent classrooms, three staff work rooms, a library, one multipurpose room and cafeteria and one playground.

The safety of students and staff is our primary concern. A variety of people visit the campus to volunteer in the classroom and participate in school events. During lunch, recesses, and before-and-after school, staff members, administrators, and safety officers supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake, fire and lockdown drills are held monthly.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated and reviewed with school staff in fall 2019. The staff talks about drills and safety procedures on a monthly basis.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

K-8 teachers participated in 3 full days of professional development during the 2018-19 school year. K-8 teachers participate in dedicated collaboration 5 partial day professional development, each session 2 hours in length. Every K-8 site has Literacy Coach and a Math Teacher Leader to support teachers in reflecting and improving math and literacy teaching skills through co-teaching and direct professional development at staff meetings. Professional development in K-8 has explicitly focused on the integration of content area subjects with English Language Development teaching strategies and equitable teaching practices. New teachers participate in a rigorous District Teacher Induction program. Teacher-initiated professional development is supported through local funds earmarked for this purpose and through school site funds, as well.

Types of Services Funded

The Berkeley Unified School District has used federal funding to provide supplemental alternative services and supplemental instructional materials provided to the Title I schools that support and assist Title I students. Alternative support includes tutoring, intervention curriculum and supplemental instructional supplies for targeted Title I students to close the achievement gap.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
