School Description

At Thousand Oaks School we believe in developing and nurturing students' natural love of learning. We embrace and seek to expand the multitude of life experiences that students bring, promoting self-confidence and a respect for diversity. To prepare students for their roles as successful global citizens, our program is centered on academic progress and success. We provide a rigorous educational program supporting the development of effective communicators, critical thinkers and creative problem solvers.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

* Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to reveal whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

Textbooks and Instructional Materials

Year and month in which data were collected: December 2017

School Facility Conditions and Planned Improvements (Most Recent Year)

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.⁷

Date of Last Inspection: April 2, 2018

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: October 2019

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	46	50	64	65	50	50
Math	41	44	57	60	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

2018-19 Percent of Students Meeting Fitness Standards

Grade Level	4 of 6	5 of 6	6 of 6
5	20.5	21.9	30.1

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Parents, families and community members have multiple opportunities to be involved at Thousand Oaks Elementary School. Our Office of Family Engagement and Equity provides parent/caregiver support and interaction that contributes to a wonderful partnership between home and school, benefiting the children at Thousand Oaks. Some parents/caregivers help in classrooms as room parents, tutors and helpers, assist with yard supervision, chaperone field trips and help with special events. Parents/caregivers also assume leadership roles and become members of our parent groups and advisory committees. They serve as leaders and members of our School Site Council (SSC) and our English Learner Advisory Committee (ELAC), and represent our school on district advisory committees. Parents/caregivers lead and participate in parent groups such as Voices of the Village (Black Parent Group) and the PTA. These parent groups promote community and involvement with their many school events and celebrations, such as our Harvest Festival, Black History Month, Asian-American Heritage and Latinx celebrations. Our PTA hosts numerous events that provide many opportunities for involvement annually, including Book Fairs, Science Fair and Math and Literacy Nights. Please feel free to contact our Office of Family Engagement and Equity Specialist Laura Rivas at at 510-644-4114/ laurarivas@berkeley.net to learn about more opportunities to get involved.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

In order to have a safe and orderly environment, Thousand Oaks uses an integrated curriculum designed to:

- Provide appropriate structure and boundaries for students
- Nurture empathy and problem-solving skills
- Instill a strong anti-violence/anti-bullying environment at Thousand Oaks.

Positive Behavior Interventions and Support, also known as PBIS, serves as a broad framework for teaching school-wide rules and expectations for how students should behave in all common areas. This approach guides school-wide, classroom, and individual student interventions, as well as family collaboration. It offers a plan for supporting all students in school, including students with additional needs and the few students who need the most intensive supports. A key component of this approach is that behavioral expectations are explicitly taught to students, and reinforced throughout the school year. In addition PBIS provides supports for students to learn pro-social skills, and has consequences when students make negative behavior choices. Good behavior is recognized and celebrated by teachers, staff, and administrators through "Golden Leaf Awards" and "Class Leaf Awards" which are presented to students and classes observed making good decisions and following the rules.

The structure provided by through PBIS is complemented by the Toolbox curriculum, which focus on teaching students empathy, self-regulation, and problem-solving skills. In addition, Thousand Oaks is using the Welcoming Schools curriculum, which focuses on teaching family diversity and anti-bullying behavior. Together, these integrated curricula represent a proactive approach to ensuring a safe learning environment for all students by providing appropriate support and guidance to help children be successful.

All students are expected to follow the main rules: Be Safe, Be Respectful, Be Responsible, and Be an Ally at all times while at school as well as at any school sponsored activities off campus.

In addition, during lunch, recesses, and before-and-after school, staff members, administrators, and noon supervisors supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drill are held monthly, and intruder drills are held at least once a year.

Safety and disaster preparedness procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year.

Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

K-8 teachers participated in 3 full days of professional development during the 2019-20 school year. K-8 teachers participate in dedicated collaboration 5 partial day professional development, each session 2 hours in length. Every K-8 site has Literacy Coach and a Math Teacher Leader to support teachers in reflecting and improving math and literacy teaching skills through co-teaching and direct professional development at staff meetings. Professional development in K-8 has explicitly focused on the integration of content area subjects with English Language Development teaching strategies and

equitable teaching practices. New teachers participate in a rigorous District Teacher Induction program. Teacher-initiated professional development is supported through local funds earmarked for this purpose and through school site funds, as well.

Types of Services Funded

The Berkeley Unified School District has used federal funding to provide supplemental alternative services and supplemental instructional materials provided to the Title I schools that support and assist Title I students. Alternative support includes tutoring, intervention curriculum and supplemental instructional supplies for targeted Title I students to close the achievement gap.
