

As BUSD develops our next three-year Local Control and Accountability Plan (LCAP), the community is warmly invited to join District leadership and program leaders at a series of upcoming community meetings in both English and Spanish. All sessions will be recorded and available on the BUSD YouTube channel.

We would appreciate your input before the meeting on April 28 to the following question, which you can answer online here:
my.thoughtexchange.com/765245294

Assuming we return to pre-pandemic school schedules in the Fall of 2021, and considering BUSD's goals for high quality, linguistically and culturally competent instruction, providing academic support, and safe, welcoming and inclusive schools:

What are the most important ways for BUSD to support all students, and particularly our students with highest needs?

Berkeley
