Budget Takeaways

- We are currently in planned deficit spending and unless cuts are made for 2022-23, we draw down our fund balance
- Our target for ending fund balance is, at a minimum, a 3% reserve across all of BSEP
- Making sure we have at least a 3% reserve will ensure we don't have to increase taxes or rely on the General Fund
- Unknown Variables in years 5-8 will impact the ending fund balance of Measure E1 (e.g., enrollment, COLA, increases in salaries and benefits)
- Reductions are necessary in 2022-23 to ensure sustainability of fund balance going into new measure
- Frequent updates to this analysis, as information becomes known, will assist in planning for a 3% reserve at the end of Measure E1
