

## **Berkeley USD Transportation Department Field Trip Information & Rates**

Berkeley USD Transportation Department oversees all field trip requests for all school sites. If the Transportation Department is not able to accommodate a field trip request due to a schedule conflict with home-to-school bus routes, etc., the requestor will be provided with a current copy of the approved vendors' list at that time. All previous versions of the approved vendors' list shall be discarded.

Standard practice during the school year when submitting a request is to include the original "Special Trip Request" form when reserving a field trip with Transportation. Email, faxes, copies received are not acceptable. For Berkeley sites, a payment based on the estimated cost is required prior to the date of the trip. For all Non-Berkeley Schools or Organizations, a trip request form and full payment with Berkeley USD Transportation Department shall be submitted within ten (10) days prior to the date of the trip. If the trip request or payment have not been received in the allotted time, your scheduled field trip will be canceled. For all Berkeley schools, please indicate on the field trip request any payments from grants, private funding or Berkeley USD budget codes. The requestor is responsible to ensure funds are available in the budget code when reserving a field trip.

Any adjustments from the estimated hours & miles will be noted at the completion of the field trip. If payment is made and final cost is less than the estimate, a credit will be applied toward a future field trip request. Berkeley USD Accounting & Transportation cannot issue a refund once a payment is processed. All payments shall be paid with a personal/cashier check or money order. Cash payment or credit card will not be accepted. Please submit payments to the Transportation Department. All payments received will be processed and forward to Berkeley USD Accounting Department.

The requestor should review the estimate, Special Trip Request form and make sure that the departure and return times are correct, and/or agreed to with our Field Trip Coordinator, Chawn Jackson. Estimates submitted are based on miles for out-of-town trips, travel time to schools or sites; to the destination, return travel and bus returning to the bus yard.

Fees are accumulated based on three factors that includes fuel costs, vehicle mileage, driver's hourly and overtime wages. If you seek a reduction of the total cost of your trip, you may consider the amount time at the destination. Please plan accordingly; any delays may accrue additional charges. A cancellation charge of \$100 per bus will be assessed for less than 24-hour notification.

Berkeley USD bus drivers shall not deviate from the field trip itinerary, no exceptions. For any scheduling, destination changes please contact us within 24 hours from the date of the trip. You can reach the Field Trip Coordinator, Chawn Jackson by email at [chawnjackson@berkeley.net](mailto:chawnjackson@berkeley.net) or call 510-644-6182. For any questions regarding estimates, final bill, please contact Kelsey Jones at 510-644-6182, ext. 15203 or submit an email at [kelseyjones@berkeley.net](mailto:kelseyjones@berkeley.net). Thank you.

NOTE: To avoid any delays with our home-to-school bus routes, Field Trip Coordinators will only book field trips with a schedule pickup time at or after 9:30am, and drop off no later than 1:30pm for all scheduled field trips. Other requested times may not be approved. New charter, SPAB bus company will be vetted by the Transportation Manager during the summer only. If approved will be added on the vendors' list for the upcoming school year.

## **COVID POST-PANDEMIC SAFETY PROTOCOLS:**

For your continued support during these difficult times and as we work to navigate the “new normal”, we’ve thought a lot about how we can continue to provide the safest transportation, while also providing peace of mind. In response to the COVID-19 post-pandemic and to ensure the highest possible standards of cleanliness and disinfection, Berkeley Unified School District has enacted the following protocols, guided by current recommendations from the Centers for Disease Control and Prevention (CDC), the California Department of Education, California Public Health Department, Alameda County Public Health Department, City of Berkeley Public Health and recommendations from other school bus regulatory agencies to continued their “Best Practices” plan that specifically addresses actions to be taken for our school buses, bus drivers, and our passengers.

Berkeley Unified School District Transportation Department has procured electrostatic sprayers that will allow us to continue to disinfect ALL surface areas inside the school bus. This is far more effective than wiping and non-electrostatic fogging, as it allows for the solutions to meet dwell times so they can work to their full capabilities. This process also reduces the likelihood of cross contamination that can result with spray and wipe techniques, which can simply move bacteria from one surface to another.

Secondly, we shall follow the recommended protocols and safeguards regarding face coverings on school buses for Berkeley USD student activity field trips. Our student transportation service will continue to operate safely as we follow these and other rapidly evolving precautions identified by the aforementioned agencies. The safety of our students, teachers, adults/chaperones and bus drivers continues to be our highest priority. We thank you for your trust and support as we continue to operate as the safest and most reliable transportation in the industry.

NOTE: Berkeley Unified School District has imposed a face mask mandate on 5/23/22 while on district property, which includes school buses for all district employees including students and parents. Any modification to the mandate face masks being extended or eliminated will be updated on our webpage.
