## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

### Principal's Message

Malcolm X Elementary School's integrated focus on the arts and academics is a strategy we use to build community, develop skills, and promote student voice. Our school has been recognized for both academic and artistic success by the California Department of Education on multiple occasions as a result. In 2016 Malcolm X Elementary was named Gold Ribbon School based on our signature practice in Response to Intervention and Instruction (RTI2), an articulated system of supports and practices to support students' academic success and social-emotional wellbeing. In 2016 the school also received the Title I Academic Achievement Award, granted to schools with demonstrated success in closing the opportunity gap for socioeconomically disadvantaged students. These awards continue a tradition of recognition of Malcolm X's academic excellence, as the school was selected as a California Distinguished School in 2012 and 2006 and a Title One Achievement award in 2009.

In addition to academic excellence, we also received the commendation from the CDE for our Exemplary Arts Program in 2016. At Malcolm X, our focus on the Visual and Performing Arts is another vehicle to promote student academic success, through engaging students, nurturing student creativity and expression, and allowing them to develop a wide array of talents and interests. arts programs. All students receive instruction in the four artistic disciplines- visual art, music, dance, and drama. This arts focus is present throughout the school year, either with a specialist or integrated into the academic curriculum, and students receive specific instruction to help them acquire the skills to express themselves through the arts. Students perform in grade level dramatic performances of increasing complexity every year. Weekly dance classes provide students with a lifelong form of physical exercise that encourages teamwork and self-expression, and helps to fulfill the state Physical Education requirements. In alignment with the state's Visual and Performing Arts standards, students also develop a sense of art history

## 2021-22 School Overview

and an appreciation of the artistic traditions of many cultures. Every year all students are exposed to high-quality professional performances by local, national, and international dance, music, and theatrical groups. Connections made between the art disciplines and other academic areas help engage students in their learning, and build a sense of community at the school.

The Malcolm X School motto is “Together We Can” because collaboration is such an important part of making our school work. Teachers at Malcolm X plan together as a team, sharing their ideas and techniques to ensure that all students have access to the best possible lessons. This collaborative ethic is also demonstrated by the way that parents and the school come together to help students learn and grow. Parental involvement is one of the pillars of the school's success, and parent volunteers support student learning in a variety of ways. Our school has an active PTA chapter, which plans community events and raises funds to support our school programs.

Students at Malcolm X develop an enthusiasm for learning, an appreciation for diversity, and a healthy spirit of inquiry. After school, Malcolm X offers extended learning opportunities that are linked to the academic and arts programs during the day. Students have the opportunity to continue their learning through programs such as LEARNS and BEARS after school programs, Project Connect after school intervention, and a variety of PTA-sponsored classes. Our goal is to provide each child with the educational experience that they need in order to thrive.

Sincerely,

Alexander Marcos Hunt

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to indicate whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

## School Facility Conditions and Planned Improvements

Malcolm X Elementary School was constructed in 1922 and covers 3.3 acres. Facilities include 27 classrooms, a library, a staff room, a multipurpose room/auditorium, a playground, a school garden, a music room, a Reading Recovery room, a science/art room, and a cafeteria. Comprehensive seismic retrofitting to this historic building happened in 1999. Recent improvements include new roofing for the entire building and the installation of solar panels. The building underwent major renovations during the 16-17 school year, including installing energy efficient double paned windows, replacing stucco on the original building, and improved flooring in classrooms and hallways. The next planned facilities upgrade is to renovate the cafeteria and kitchen in the next few school years.

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process. Touchless sinks and paper towel dispensers were added to all bathrooms in the summer of 2020 as a result of district COVID 19 safety measures.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

Date of Last Inspection: November 22, 2021

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parents and caregivers are involved in all aspects of our school. Our Office of Family Engagement and Equity engages parents/caregivers, parent groups, school staff and the community to build partnerships that support our school and student learning. Parents/caregivers assist teachers in the classroom, chaperone events and field trips and help with all aspects of our drama productions. They also serve on our School Site Council (SSC), the District Parent Advisory Committee (PAC), our English Learner Advisory Committee, Berkeley Schools Excellence Program (BSEP) committee, Inclusion Families group, LGBTQ Rainbow Families Group, Green Team sustainability group, FUSE Social Justice group, and the Safety Committee. Our PTA is very active and organizes fund-raisers, teacher appreciation luncheons, after-school programs, community service opportunities and field trips. To learn more about ways to become involved in our school, you can reach our Family Engagement and Equity Specialist Jocelyn Foreman at 510-684-4100/ [jocelynforeman@berkeley.net](mailto:jocelynforeman@berkeley.net), or by calling our main office at (510) 644-6313.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

A safe school environment is the bedrock on which students' learning and growth rests. During lunch, recesses, and before-and-after school, staff members and the principal supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drills are held regularly, and lockdown procedure drills are practiced at least once a year. Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan is updated annually, and the staff reviews our emergency each year. The coordinated Emergency Disaster plan adopted by Berkeley Unified School District and Malcolm X Elementary in 2011 is based on the National Incident Management System guidelines created by FEMA, and this plan is updated annually. This enables our staff to better coordinate with local, state, and federal emergency workers in the case of an emergency. Our School Safety Plan and emergency procedures are reviewed and updated every year, and staff is trained annually to ensure that we are as prepared as possible in the case of an emergency.

Each year, our safety plan includes site level goals that address needs we have identified in the school.

One goal in our Safety Plan is to pursue strategies to improve school climate, by implementing strategies designed to build a positive school community, teach conflict resolution and develop self regulation skills. Benchmarks for this goal include reducing the number of behavioral incidents requiring office referrals or suspension. Strategies to achieve this goal include implementation of school-wide positive discipline practices, and building home-school communication around behavior expectations. All Malcolm X teachers are trained in the Welcoming Schools anti-bullying curriculum, and implemented lessons from this program in their classroom. The entire school is also trained in the school wide Positive Behavior Support program. Our school teaches social emotional skills through a program called Toolbox, which teaches students different skills for conflict resolution and self-regulation. Teachers at Malcolm X also teach lessons from the Welcoming Schools curriculum, an anti-bias and anti-bullying curriculum that aims to create an inclusive school environment. In the 2020-21 school year, our goal is to revise and teach school wide procedures and behavioral norms to reflect the requirement of social distance, mask-wearing and safety practices.

## 2021-22 School Safety Plan

A second goal in the Safety Plan is the improvement of traffic safety around the school. This has been identified as an area of concern due to the density of traffic in adjoining streets, and the frequency of traffic accidents involving children in the area. Our rolling morning drop-off zone was consistently staffed by parent volunteers from each classroom on a rotating basis. The procedures of safe drop off and pick up have been revised to ensure compliance with current health regulations aimed at preventing the transmission of COVID 19.

Our third safety plan goal is related to disaster preparedness, and includes action steps related to practice for a variety of emergencies, as well as communication with parents about our emergency procedures. Our school follows COVID-19 risk mitigation protocols developed by the District in consultation with local Public Health agencies, and has reviewed our emergency plans to include procedures for safety drills and procedures during the pandemic.

## 2020-21 Types of Services Funded

The Berkeley Unified School District has used federal funding to provide supplemental alternative services and supplemental instructional materials provided to the Title I schools that support and assist Title I students. Alternative support includes tutoring, intervention curriculum and supplemental instructional supplies for targeted Title I students to close the achievement gap. During the 19-20 school year, Malcolm X Elementary did not received Title I funding. Title I funding for the 20-21 and 21-22 school year was used to fund additional teacher staffing for Math Intervention.

## 2019-20 Teacher and Administrative Salaries

This table displays the 2019-20 Teacher and Administrative salaries. For detailed information on salaries, see the CDE Certification Salaries & Benefits web page at <http://www.cde.ca.gov/ds/fd/cs/>.

## Professional Development

During the 2021-22 school year all new teachers to BUSD engaged in two days of professional development on curriculum and effective pedagogical practices to empower students on 8/9 and 8/10 2021. All TK-8 teachers engaged in 3 full days of professional development on 8/12, 10/11, and 1/31. Professional development focused on integration of the 7 tenets of Ethnic Studies and the Five Pursuits of abolitionist teaching. Additionally, teachers engaged in deepening their understanding on Universal Design for Learning. All 6-8th grade teachers engaged in 5 two hour sessions which were dedicated collaboration time to continue to deepen their learning. All TK-5 teachers engaged in collaboration on the writing process and scoring. Every TK-8 site has a Literacy Coach Equity Lead, and a Math Teacher Leader to support teachers in reflecting and improving math and literacy teaching skills through co-teaching and direct professional development at staff meetings. Professional development in TK-8 has explicitly focused on best practices to engage and empower students through abolitionist and culturally responsive teaching. New teachers participate in a rigorous District Teacher Induction program. Teacher-initiated professional development is supported through local funds earmarked for this purpose and through school site funds, as well.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
