## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Oxford Elementary School moved to a new site on 1222 University Avenue in the Fall of 2020 and we are enjoying our new location and school site. Oxford is a small school and has created a tight-knit community where children feel cared for and supported, academically and emotionally. We have approximately 260 students, K-5, with two classes per grade level. Our talented staff is dedicated to the academic achievement, social and emotional growth, and general health of every child. In addition to a strong classroom curriculum, students enjoy a weekly library visit for selecting books to read at home. We strive to offer a well-rounded program for all of our students. We are committed to recognizing and celebrating the diversity of our community by having multicultural performances, music assemblies, the Annual Martin Luther King Jr. Oratorical Event, class plays, and more.

Our highly trained teachers work collaboratively to provide a challenging, engaging, and equitable learning environment for all students and are skilled at bringing out the best in everyone. In addition to our core program of reading, writing, mathematics, science and social studies, we also provide art, library, music, physical education, and gardening. All students in grades three, four, and five have personal chrome books to use throughout the year. Students use their chrome books to practice keyboarding, create stories, write essays and reports, and practice and enrich their language arts and math skills with programs such as Khan Academy, ZEARN, Freckle and Flocabulary. All students in the school have access to listening to books online with our Tales2Go program. Students have access to all of these programs at home through our Oxford Library Website.

At Oxford, there is an intervention team, or RTI team, that meets weekly to look at the unique needs of every individual student in the school, academically and emotionally. We provide services for many students with help from our special education teachers, literacy coach/teacher, math coach, speech pathologist, counselor, UC Berkeley tutors and mentors. In addition to

## 2021-22 School Overview

reading, writing and math intervention, the intervention team also discusses ways to build in academic challenge opportunities for students who are at or above grade level. Our after school program, LEARNS, serves up to two thirds of our school population, providing homework help, in addition to various enrichment classes like cooking, chess, organized sports and drama. Oxford holds bi-monthly community meetings, where we talk about the Toolbox and School Rules, and have class performances and songs.

We have very strong parent and community involvement in our classrooms and throughout the school. Our active PTA sponsors community events and fundraisers such as the Harvest Fair, Winter Fair, Read-a-thon, Caregiver Fundraising Party, Raffle and Spring Dance, and Talent Show. Parent and community volunteers work in the classroom, garden, cafeteria, and schoolyard. There are other ways for parents/guardians to get involved, too. We have an active ELAC (English Language Advisory Committee), as well as an SSC (School Site Council). Parent volunteers are seen throughout our school, in classrooms, on the playground, and helping with traffic, too.

Beth Rhine,  
Principal

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2020-21 Teacher Preparation and Placement

<b>Total Teaching Positions</b>	13.7	100.0	504.6	100.0	274759.1	100.0

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	25.0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0.0

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Williams legislation calls for the schools to have enough books in core classes for all students and asks districts to reveal whether those books are presenting information outlined in the California content standards. Textbook materials are adopted by the school board following a rotating adoption cycle for subject specific state adopted textbooks and instructional materials.

Year and month in which the data were collected

January 2022

<b>Reading/Language Arts</b>	Teachers College Reading and Writing Project Adopted 2011, Fast Track Phonics Adopted 2018	Yes	0%
<b>Mathematics</b>	A Story of Units (Eureka Math) Adopted 2013	Yes	0%
<b>Science</b>	Full Option Science Sysytem (FOSS) (Foss Delta Education) Adopted in 2007; NGSS FOSS kits 2019	Yes	0%
<b>History-Social Science</b>	TCI History Curriculum, Teacher-Created Materials	Yes	0%
<b>Health</b>	Healthy Oakland Teens Curriculum (5th Grade) Adopted 2017	Yes	0%

## School Facility Conditions and Planned Improvements

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well maintained and in good repair. A work order process alerts district personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority.

Safety issues are the top priority for Maintenance and Operations. District maintenance supervisors inspect school sites continually and complete repairs in a timely manner. They use a work order process to ensure an efficient, prioritized repair process.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

Date of Last Inspection: August 16, 2021

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parents/caregivers are welcomed partners at Oxford Elementary School. We have an active School Site Council, SSC, that meets on a monthly basis. Parents/caregivers also serve on the English Learner Advisory Committee, the PTA, and represent our school on district advisory committees. We encourage parents/caregivers to volunteer in classrooms. Volunteers can tutor and read with students, provide additional homework assistance, and support the classroom teachers. Parents/caregivers can volunteer on the schoolyard, office, school garden, art class, and science class. They are welcome to attend all school performances and events including community meetings, and chaperone field trips. Our involved parents/caregivers raise funds to support enrichment classes, classroom aide support, a counseling program, art classes, classroom supplies, school-wide events and more. Our Office of Family Engagement and Equity provides parent/caregiver support and interaction that contributes to a wonderful partnership between home and school, benefiting the children at Oxford Elementary. We encourage parents/caregivers who are interested in volunteering to notify the classroom teacher or the principal. Interested volunteers can also contact our Office of Family Engagement and Equity Specialist, Carol Perez, at 510-849-7396/ carolynperez@berkeley.net to learn about more opportunities to get involved.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	0.00	0.00	1.40	0.03	3.47	0.20
Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Oxford moved to 1222 University Avenue after recognizing the safety concerns at the original site, in the case of a major seismic event. The new Oxford site (previously REALM Charter School and Berkeley High West Campus) was completely renovated and remodeled to be an elementary school. Facilities include 14 permanent classrooms, one library, two staff rooms, one multipurpose room, two teacher resource rooms, a counseling room, three small offices, and a reading intervention room. The facility strongly supports teaching and learning through its classroom and playground space.

The safety of students and staff is our primary concern. During lunch, recesses, and before-and-after school, staff members, administrators, and instructional aides supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drills are held monthly, and intruder drills are held at least twice a year.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated and reviewed with school staff in February 2022.

## 2020-21 Types of Services Funded

The Berkeley Unified School District has used federal funding to provide supplemental alternative services and supplemental instructional materials provided to the Title I schools that support and assist Title I students. Alternative support includes tutoring, intervention curriculum and supplemental instructional supplies for targeted Title I students to close the achievement gap. In addition to federal funding, Oxford targets a portion of the site budget to providing supports for students including a math coach, literacy coach, academic tutors, and instructional aides.

## 2019-20 Teacher and Administrative Salaries

## Professional Development

Teachers engaged in 3 full days of professional development during the 2021-2022 school year. In addition, every Wednesday afternoon is designated for professional development. The focus of those Wednesdays rotates through Literacy, Math, Social Emotional Growth, Equity, and Community Building. Every TK - 5 site has a Literacy Coach, an Equity Teacher Leader, and a Math Teacher Leader to support teachers in reflecting and improving math and literacy teaching skills through co-teaching and direct professional development at staff meetings. New teachers participate in a rigorous District Teacher Induction program every fall, upon being hired in BUSD. Teacher-initiated professional development is supported through local funds earmarked for this purpose and through school site funds, as well. At Oxford, teachers are encouraged to visit other classrooms to observe best practices, and to collaborate with their grade level teams.

During the 2021-22 school year all new teachers to BUSD engaged in two days of professional development on curriculum and effective pedagogical practices to empower students on 8/9 and 8/10 2021. All TK-8 teachers engaged in 3 full days of professional development on 8/12, 10/11, and 1/31. Professional development focused on integration of the 7 tenets of Ethnic Studies and the Five Pursuits of abolitionist teaching. Additionally, teachers engaged in deepening their understanding on Universal Design for Learning. All TK-5 teachers engaged in collaboration on the writing process and scoring. Every TK-8 site has a Literacy Coach Equity Lead, and a Math Teacher Leader to support teachers in reflecting and improving math and literacy teaching skills through co-teaching and direct professional development at staff meetings. Professional development in TK-8 has explicitly focused on best practices to engage and empower students through abolitionist and culturally responsive teaching. New teachers participate in a rigorous District Teacher Induction program. Teacher-initiated professional development is supported through local funds earmarked for this purpose and through school site funds, as well.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
