

2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year) Input Sections

Input Section 1: SARC Input Sections Overview

SARC Overview

SARC Publishing Deadline

The SARC publishing deadline is 2/1/26.

SARC Input Form Sections

Use the **SARC Input Sections** to update SARC information that is not populated by DTS.

The information you enter in the SARC Input Sections will automatically update the full SARC.

Where available, the section header is linked to detailed guidance from CDE.

A full version of CDE's Data Elements Document can be downloaded by [clicking here](#). CDE's Data Elements Document was updated in September of 2024. We will update this section when the 2025 SARC Data Elements are released.

SARC PDF from DTS

Once your updates are complete, please notify your district's SARC Coordinator (or DTS if you are a Single School District). DTS will provide a PDF export of the SARC with data and initiate translations (if applicable). Additionally, Coordinators can now download all SARCs at once through the Coordinator Menu. Please see instructions below:

Downloading the SARCs for all sites:

1. Log into DTS.
2. Select the District account.
3. Click the "View Documents (All Locations)" link on the right side of the Coordinator Menu.
4. Press the "Export Documents" button on the left side of the screen.
5. Follow the prompts to complete the export request.

SARC Data from CDE

SARC data is typically released by CDE in December. DTS populates the data to your SARC as soon as it becomes available. DTS will email as soon as data is released and imported to your SARC.

Please refer to the "SARC Data Updated by LEA" and "CDE SARC Data Populated by DTS" areas of this section for clarification on how data is populated to your SARC.

SARC Submission to CDE

SARC Coordinators are required to register using [MyCDEConnect](#). You will want to register as a SARC Coordinator. Once registered, your Main Authorizer (Superintendent) will need to approve your account. Once approved, you can follow the directions below to submit your SARC URL.

- Access the school accounts main "School Accountability Report Card (SARC)" page.
- Click the chain button for "External link to SARC" directly under the school's name within the blue box
- Enter the full SARC URL, which will be the webpage that hosts your SARC documents on your district website.

DTS SARC Support

Update Data for Multiple Sites	You can update data for multiple schools by clicking " Update Data - All Locations " in your Coordinator Menu (Coordinators only).
FIT Results	<p>DTS will import FIT Results for one or all schools on your behalf. You may send your completed CDE MS Excel FIT report to DTS by clicking here. Only the MS Excel version of the CDE FIT Tool can be imported to DTS. Please ensure that the FIT Tool sheet names have not been removed, renamed or otherwise altered.</p> <p>When downloading, please note that you may need to "Keep" the file based on your browser settings.</p>
PFT Results	<p>LEAs are required to populate their own Physical Fitness Test Participation Percentages. We've created an import request spreadsheet to make it easy for you to provide the data to DTS. You can download the spreadsheet by clicking here. Please provide one spreadsheet for all schools. You may send your results to DTS by clicking here.</p> <p>When downloading, please note that you may need to "Keep" the file based on your browser settings.</p>

Input Section 4: 2025-26 School Overview

Use this space to provide information about the school, its program, and its goals.

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

BIS K-8

Berkeley Independent Study Assisted Home School is for Kindergarten through 8th graders. Students meet with their teacher once a week for 90 minutes. Curriculum in the K-8 program adheres to state standards, and what BUSD offers for all K-5 and 6-8 schools. BIS K-8 includes a wide range of resources that students study both with their teacher and at home. Parent involvement at home is a necessity for this program, for approximately 20-25 hours per week of assistance and supervision.

At the beginning of each session, students are informally assessed as teachers review their work and listen to them discuss their assignments. Teaching strategies are then modeled and parents are coached to implement the strategies at home. Next, they review curriculum together for the multiple subjects, select lessons and discuss thematic units and projects that can be done the following week. It is a weekly collaborative approach between the teacher, parent teacher and student.

The tutoring and gardening programs are also available to K-8 students. A significant amount of each garden class is comprised of K-8 students. K-8 students can sign up for tutoring in the same manner as BIS high school students. Group art classes and field trips may also be included.

Input Section 5: 2025-26 Opportunities for Parental Involvement

Use this space to provide information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parental involvement.

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

Parent involvement at home is a necessity for this program, for approximately 20-25 hours per week of assistance and supervision. The parent is the home teacher in this assisted home-school program. Parents can join the BIS School Site Council as well.

Input Section 6: 2025-26 School Safety Plan

This section should include information about the school's Comprehensive School Safety Plan (CSSP), including the dates on which the safety plan was last annually reviewed, updated, board approved and discussed with school faculty and a student representative, as well as a brief description of the key elements of the plan (please do not paste your entire safety plan in this field).

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

Input Section 6: 2025-26 School Safety Plan

The safety plan was revised 2-23-2024 approved by the School Site Council (SSC) and then the BUSD school board. In addition to the elements of the Safety Plan provided by BUSD. BIS strongly support teaching and learning through its ample classroom and recreation space. The safety of students and staff is our primary concern. A variety of people visit the campus to volunteer in the classroom and participate in school events. During lunch, recesses, and before-and-after school, staff members, administrators, and safety officers supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drill are held monthly, and intruder drills are held at least once a year.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated and reviewed with the school site council and BUSD School board in spring 2023.

Our school follows COVID-19 risk mitigation protocols developed by the District in consultation with local Public Health agencies.

The BIS/BTA site has these particular safety goals that the SCC has reviewed and updates yearly:

Goal 1: Preparedness for Armed Intruders, Disasters, and Fire

Strategy: Initiate drills for armed intruders, earthquakes, and fire as follows, record the drills in the Drill Schedule Google doc, including method of family notification.

1. Fire drills: pre-schools and elementary schools – monthly; middle schools, high schools, and adult school – x 4 per school year.
2. Earthquake drills: pre-schools and elementary schools (concise drills) – x 2 per school year; in depth drills x 1 – 2 per school year. Secondary: Middle schools / high schools, and Adult School (concise drill) – x 1 per school year in depth drill x 1-2 per school year.
3. Armed intruder drills using Run, Hide, Fight/Defend protocols: x 2 per school year all sites, 1 drill must include after-school program for applicable sites. Staff meeting x 1 per school year: review the Run, Hide, Fight/Defend armed intruder protocols with all staff.

Goal 2: Positive School Climate

A team of staff will participate in Positive Behavior Intervention and Support (PBIS) Professional Development training or activities. Activities will include review of site-specific data such as rates of discipline, use of alternatives to suspension / restorative justice where applicable, information from CA Healthy Kids Survey, ethnicity and equity data, and rates of absence from school. Evaluation of site-specific data will inform PBIS practices and a {rCA_BUSD_CSSP_PlanforClimate} for increasing implementation of school-wide PBIS. Elementary schools utilize “ToolBox” and “Welcoming Schools” as framework to support this goal; Secondary schools use PBIS and Multi-Tiered System of Support (MTSS) as framework to support this goal.

Goal 3: Student Attendance: School administrative team will monitor data to identify students with high rates of absenteeism. Interventions will be implemented using the MTSS framework: prevention, early intervention, and concentrated support for students with a higher than 10% rate of absence. Students who do not improve attendance after site-based Tier I and Tier II interventions have been implemented will be referred to the site Student Attendance Review Team (SART). Students who do not improve attendance after site-based Tier II and Tier III interventions have been implemented will be referred to the BUSD Student Attendance Review Board (SARB).

Goal 4: Site Goals

APPENDIX A

BTA/BIS Site Goals and Objectives 2024-2025

Goal A: Counseling. There is an ongoing need for these counseling and restorative practices:

Full-Time Restorative Practices educator on site to assist with the inevitable conflicts that could potentially lead to violence, and need restorative and harm repair practices work.

Restorative Practices coaching for teachers, students, and families to be able to do circles--community building and harm circles in their classes.

Ongoing (yearly) Professional Development for all staff in community healing and trauma-informed practice issues.

Input Section 6: 2025-26 School Safety Plan

Two full-time mental and behavioral health counselors for students who are culturally competent, and can work with all students. Now we have a part-time, two days a week paid through the City of Berkeley/Berkeley High Health Center. Have a school psychologist assigned to campus (who does IEP assessments) and can do group, and individual intensive crisis counseling. We have a part-time person now who serves students with IEPs at BIS and BTA. They are not on campus full-time.

The RJ practices: RJ practices are needed to support students and staff in having restorative circles as an alternative means of suspension and to build community. Circles for Social Change are working with staff, and students, and are available to work with families during the 2023-2024 school year. This is paid through grant money.

BUSD's Crisis Guide (Updated 11/16/23). Create a version for BTA/BIS site only 24-25

Goal B: Continue Behavior Intervention Support Team (BIST)/ start a Care Of Services Team (COST) at BIS

Safety Committee strongly recommends continuing the work of the Behavior Intervention Support Team to identify, monitor, develop, and implement articulated individualized plans of action for students (through regular SST meetings) who may need additional support outside of the smaller learning community model that Berkeley Technology Academy offers. Need for improved communication between BIST and the other teaching staff. BIST should regularly inform the teaching staff about student needs and teaching staff should give input to BIST.

BIS would like to have a COST team. We are not staffed like other schools for a COST team with full-time RTI teachers. We have a 0.4FTE this school year funded through LCAP.

Goal C Maintain a Second Safety Officer

The 2023-2024 school year is the first year to have a second salaried safety officer. Seven years ago we had two salaried safety officers. It continues to not be possible for one safety officer to monitor everything at all three sites BIS, BTA, and King CDC. We continue to request a permanent second safety officer. BUSD agreed to bring on a second salaried safety officer as of spring 2023. For the last seven years, the second safety officer has been paid through a timesheet and was a different person each year.

Goal D: Need for Nurse on campus daily and a health center with services

BTA/BIS hasn't had a nurse for two years. Previously: the BTA nurse was on campus only 9-1pm on Tuesday and Thursday. No plan for what happens when students have needs other days of the week. Students are not easily welcome onto the BHS campus. We would like to have a nurse work with our CTE public health pathway. There have been no health center services this 2023-2024 school year. Last year there were three pop-up clinics. The previous year there was a health educator who led peer training/and workshops. Students from BIS did health workshops in most BIS classes. 24-25 there have been two pop up clinics from BHS Health Center Nurse Practitioner staff, and a health educator, and Americor staff here Wednesdays. They also started SHIFT, peer educators work again the second semester 2005.

Goal E: Continue to have a Nutrition Services staff at campus to serve breakfast and lunch. We have a new staff member.

The goal is to have recipes that our students will enjoy more for our student population. (Position brought back 23-24 school year. Before the pandemic it existed.) We have excellent food and hot breakfast twice a week. We would like to collaborate with the Nutrition Services staff and student interns to create meals at some point as a part of the BTA CTE Public Health Pathway.

Goal F: Facilities Upgrades

Some facility improvements to this campus to ensure the safety of all students and staff are addressed in the Facilities-Construction Project started in the summer of 2023-2024. And is still not finished by 1/17/ 2025. Key cards for all the gates on the perimeter of campus and the middle gate between BTA and BIS. This is the only remaining part of the project not completed.

BTA bungalows are over 20 years old and need to be replaced at some point. And the heaters in the rooms. And need to be checked for mold often.

The multipurpose room needs to be updated. New tables new chairs, and projector and speaker built in. The heater and windows in MPR are not easy to control or use. And a new sink.

And a new kitchen for Nutrition Services

Goal G: ATOD Substance Use Educator

Add an Alcohol Tobacco and Other Drug Counselor back to BTA. Had one for two years, 5 years ago. But the provider, New Bridges, City of Berkeley Contract was not renewed. Some students regularly come to school, especially after lunch having smoked. Some students do other drugs. There are no services at BTA/BIS presently. We have a Tobacco and Tobacco-Use

Input Section 6: 2025-26 School Safety Plan

Prevention Education (TUPE) group with our academic counselor. They meet every other week. The goal is to offer credits for classes. See every day and check in and not just when something happens and they need it.

Additional considerations:

This site floods when it rains heavily.

The portables at BTA are deteriorating and need to be repaired annually--floors, walls, and ceilings that are moist, have mold or are falling apart. At some point, these rooms will have to be replaced or be a part of a redesign.

The park/baseball field has no bathrooms. During the baseball season the team, the visiting team, families, officials, and visitors all come on campus to use the BTA/BIS bathrooms. It impacts the students and staff on campus. Neither the city, BUSD, nor BHS athletics have a plan to add bathrooms there. Sports Basement is the other bathroom that visitors and the visiting team uses it.

Input Section 7: School Facility Conditions and Planned Improvements

This field should be reviewed and updated by the LEA/School. Using the most recently collected Facility Inspection Tool (FIT) data (or equivalent), provide a summary statement of the condition of the school facility, as required by Education Code sections 17014, 17032.5, 17070.75(a), and 17089(b).]. Please keep the narrative content to 2-3 paragraphs.

Safety Plan Goal F: Facilities Upgrades

Some facility improvements to this campus to ensure safety of all students and staff are addressed in the Facilities-Construction Project in spring of 2024.

A perimeter fence for the whole site--that includes fire gates that can be easily opened at the MLK parking lot and the Derby fire lane by the garden. Non-students have access to campus at the present without a perimeter fence, especially the garden and fire lane (people sleep there).

Push out doors at MLK, Derby, and by the BIS entrance (like the doors at the BHS A gate)

Additional cameras should be added to campus to cover the garden, the BIS courtyard and all of the doors for BTA, and the Derby side of campus as well.

Additional considerations:

This site floods when it rains heavily.

The portables at BTA are deteriorating and need to be repaired annually--floors, walls, and ceilings that are moist, and have mold, or are falling apart. At some point these rooms will have to be replaced or be a part of a redesign. They are more than 20 year old bungalows and at some point will need to be replaced.

The park/baseball field has no bathrooms . This is BUSD property. During the baseball season the team, the visiting team, families, officials, and visitors all come on campus to use the BTA/BIS bathrooms. It impacts the students and staff on campus. At some point we hope that there is a plan to address these needs.

Input Section 8: 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

This field should be reviewed and updated by the LEA/School. The narrative field is optional, but the table data is required. Please keep the narrative content to 2-3 paragraphs.

Note:

List all textbooks and instructional materials used in the school in core subjects (reading/language arts, math, science, and history-social science).

If an insufficiency exists, the description must identify the percent of students who lack sufficient textbooks and instructional materials. Be sure to use the most recent available data collected by the LEA and note the year and month in which the data were collected.

Input Section 9: 2023-24 Expenditures Per Pupil and School Site Teacher Salaries

NOTE: The most recent data available from CDE is two years old; the 2023-24 year reference is correct. For comparison purposes, data for the same fiscal year is requested from the school.

These fields will be populated by DTS with data provided by CDE as it becomes available:

- District Average Teacher Salary
- State Expenditures Per Pupil (Unrestricted)
- State Average Teacher Salary
- Percent Difference - School Site and District
- Percent Difference - School Site and State

The fields listed below should be reviewed and updated by the LEA/School:

- School Total Expenditures Per Pupil (School)
- School Expenditures Per Pupil (Restricted)
- School Expenditures Per Pupil (Unrestricted)
- School Average Teacher Salary (School)
- District Expenditures Per Pupil (Unrestricted)

This table displays the 2023-24 expenditures per pupil and average teacher salary for this school. Cells with N/A values do not require data.

Input Section 10: 2024-25 Types of Services Funded

This field should be reviewed and updated by the LEA/School. Use this space to provide specific information about the types of programs and services available at the school that support and assist students. Please keep the narrative content to 2-3 paragraphs.

LCAP funds a .4RTI teacher this year for the first time.

BSEP Provides funding that the School Site Council approved in spring 2023 for tutoring and for the gardening specialist.

All other funding is for certificated or classified staff though BUSD general fundes.

Input Section 11: 2024-25 California Physical Fitness Test Percentage of Students Participating

This field should be reviewed and updated by the LEA/School.

Only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) should appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

You may send your PFT Participation Percentages to DTS using the spreadsheet provided by [clicking here](#). You may send your results to DTS by [clicking here](#).

For multiple school updates, DTS Coordinators may update data for all schools using the “[Update Data – All Locations](#)” link in the Coordinator Menu. You can review an overview of the link by [clicking here](#).

Input Section 12: Professional Development

This field should be reviewed and updated by the LEA/School. The narrative field is optional, but the table data is required. Please keep the narrative content to 2-3 paragraphs.

During the 2025–26 school year, Berkeley Unified School District (BUSD) provided professional development at each school site with a strong focus on improving literacy outcomes for all students. Professional learning emphasized effective language and literacy instruction aligned to district priorities and the goal of ensuring students are on track for grade-level literacy by grade three.

At the elementary level, professional development supported the implementation of adopted English Language Arts instructional materials, with a focus on evidence-based literacy practices, instructional coherence, and meeting the needs of diverse learners. Teachers engaged in site-based professional learning and collaborative planning to strengthen foundational literacy skills, reading comprehension, and writing instruction.

At the secondary level, professional development emphasized integrated English Language Development (ELD) practices across content areas to support multilingual learners' language development and access to grade-level academic content. Teachers collaborated to strengthen instructional strategies that support language development, academic discourse, and literacy across disciplines.

Throughout the school year, educators participated in ongoing, job-embedded professional learning through collaboration, coaching, and alignment to School Plan for Student Achievement (SPSA) goals and district priorities. School leadership teams monitored the effectiveness of professional development using educator feedback and student learning data to support continuous improvement in literacy outcomes.

This table displays the number of school days dedicated to staff development and continuous improvement.

Subject	2023-24	2024-25	2025-26
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Input Section 13: Career Technical Education Programs (Grades 9-12 Only)

**This section applies to schools serving grades 9-12 only.
If your school does not serve grades 9-12, simply skip and leave this section blank.
It will not be included in the full SARC.**

2024-25 Career Technical Education Programs

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

To complete this section, provide:

- A list of programs offered by the school district in which pupils at the school may participate and that are aligned to the model curriculum standards adopted pursuant to Education Code Section 51226; and
- A list of program sequences offered by the school district. The list should identify courses conducted by a regional occupational center or program, and those conducted directly by the school district; and
- A listing of the primary representative of the district's CTE advisory committee and the industries represented on the committee.

Berkeley Independent Study K-8 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Safety Plan Goal F: Facilities Upgrades
Some facility improvements to this campus to ensure safety of all students and staff are addressed in the Facilities-Construction Project in spring of 2024.
A perimeter fence for the whole site--that includes fire gates that can be easily opened at the MLK parking lot and the Derby fire lane by the garden. Non-students have access to campus at the present without a perimeter fence, especially the garden and fire lane (people sleep there).
Push out doors at MLK, Derby, and by the BIS entrance (like the doors at the BHS A gate)
Additional cameras should be added to campus to cover the garden, the BIS courtyard and all of the doors for BTA, and the Derby side of campus as well.

Additional considerations:
This site floods when it rains heavily.
The portables at BTA are deteriorating and need to be repaired annually--floors, walls, and ceilings that are moist, and have mold, or are falling apart. At some point these rooms will have to be replaced or be a part of a redesign. They are more than 20 year old bungalows and at some point will need to be replaced.

The park/baseball field has no bathrooms . This is BUSD property. During the baseball season the team, the visiting team, families, officials, and visitors all come on campus to use the BTA/BIS bathrooms. It impacts the students and staff on campus. At some point we hope that there is a plan to address these needs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2025-26 School Safety Plan

The safety plan was revised 2-23-2024 approved by the School Site Council (SSC) and then the BUSD school board. In addition to the elements of the Safety Plan provided by BUSD. BIS strongly support teaching and learning through its ample classroom and recreation space. The safety of students and staff is our primary concern. A variety of people visit the campus to volunteer in the classroom and participate in school events. During lunch, recesses, and before-and-after school, staff members, administrators, and safety officers supervise students and school grounds to ensure an orderly, safe environment. The school is always fully compliant with all rules, laws, and regulations concerning state earthquake standards and hazardous materials. Earthquake and fire drill are held monthly, and intruder drills are held at least once a year.

Safety procedures, including elements of our Comprehensive Safe School Plan, are reviewed with school and district staff at the start of each school year. The plan was last updated and reviewed with the school site council and BUSD School board in spring 2023.

Our school follows COVID-19 risk mitigation protocols developed by the District in consultation with local Public Health agencies.

The BIS/BTA site has these particular safety goals that the SCC has reviewed and updates yearly:

Goal 1: Preparedness for Armed Intruders, Disasters, and Fire

Strategy: Initiate drills for armed intruders, earthquakes, and fire as follows, record the drills in the Drill Schedule Google doc, including method of family notification.

1. Fire drills: pre-schools and elementary schools – monthly; middle schools, high schools, and adult school – x 4 per school year.
2. Earthquake drills: pre-schools and elementary schools (concise drills) – x 2 per school year; in depth drills x 1 – 2 per school year. Secondary: Middle schools / high schools, and Adult School (concise drill) – x 1 per school year in depth drill x 1-2 per school year.
3. Armed intruder drills using Run, Hide, Fight/Defend protocols: x 2 per school year all sites, 1 drill must include after-school program for applicable sites. Staff meeting x 1 per school year: review the Run, Hide, Fight/Defend armed intruder protocols with all staff.

Goal 2: Positive School Climate

A team of staff will participate in Positive Behavior Intervention and Support (PBIS) Professional Development training or activities. Activities will include review of site-specific data such as rates of discipline, use of alternatives to suspension / restorative justice where applicable, information from CA Healthy Kids Survey, ethnicity and equity data, and rates of absence from school. Evaluation of site-specific data will inform PBIS practices and a {rCA_BUSD_CSSP_PlanforClimate} for increasing implementation of school-wide PBIS. Elementary schools utilize “ToolBox” and “Welcoming Schools” as framework to support this goal; Secondary schools use PBIS and Multi-Tiered System of Support (MTSS) as framework to support this goal.

Goal 3: Student Attendance: School administrative team will monitor data to identify students with high rates of absenteeism. Interventions will be implemented using the MTSS framework: prevention, early intervention, and concentrated support for students with a higher than 10% rate of absence. Students who do not improve attendance after site-based Tier I and Tier II interventions have been implemented will be referred to the site Student Attendance Review Team (SART). Students who do not improve attendance after site-based Tier II and Tier III interventions have been implemented will be referred to the BUSD Student Attendance Review Board (SARB).

Goal 4: Site Goals

APPENDIX A

BTA/BIS Site Goals and Objectives 2024-2025

Goal A: Counseling. There is an ongoing need for these counseling and restorative practices:

Full-Time Restorative Practices educator on site to assist with the inevitable conflicts that could potentially lead to violence, and need restorative and harm repair practices work.

Restorative Practices coaching for teachers, students, and families to be able to do circles--community building and harm

2025-26 School Safety Plan

circles in their classes.

Ongoing (yearly) Professional Development for all staff in community healing and trauma-informed practice issues.

Two full-time mental and behavioral health counselors for students who are culturally competent, and can work with all students. Now we have a part-time, two days a week paid through the City of Berkeley/Berkeley High Health Center. Have a school psychologist assigned to campus (who does IEP assessments) and can do group, and individual intensive crisis counseling. We have a part-time person now who serves students with IEPs at BIS and BTA. They are not on campus full-time.

The RJ practices: RJ practices are needed to support students and staff in having restorative circles as an alternative means of suspension and to build community. Circles for Social Change are working with staff, and students, and are available to work with families during the 2023-2024 school year. This is paid through grant money.

BUSD's Crisis Guide (Updated 11/16/23). Create a version for BTA/BIS site only 24-25

Goal B: Continue Behavior Intervention Support Team (BIST)/ start a Care Of Services Team (COST) at BIS

Safety Committee strongly recommends continuing the work of the Behavior Intervention Support Team to identify, monitor, develop, and implement articulated individualized plans of action for students (through regular SST meetings) who may need additional support outside of the smaller learning community model that Berkeley Technology Academy offers. Need for improved communication between BIST and the other teaching staff. BIST should regularly inform the teaching staff about student needs and teaching staff should give input to BIST.

BIS would like to have a COST team. We are not staffed like other schools for a COST team with full-time RTI teachers. We have a 0.4FTE this school year funded through LCAP.

Goal C Maintain a Second Safety Officer

The 2023-2024 school year is the first year to have a second salaried safety officer. Seven years ago we had two salaried safety officers. It continues to not be possible for one safety officer to monitor everything at all three sites BIS, BTA, and King CDC. We continue to request a permanent second safety officer. BUSD agreed to bring on a second salaried safety officer as of spring 2023. For the last seven years, the second safety officer has been paid through a timesheet and was a different person each year.

Goal D: Need for Nurse on campus daily and a health center with services

BTA/BIS hasn't had a nurse for two years. Previously: the BTA nurse was on campus only 9-1pm on Tuesday and Thursday. No plan for what happens when students have needs other days of the week. Students are not easily welcome onto the BHS campus. We would like to have a nurse work with our CTE public health pathway. There have been no health center services this 2023-2024 school year. Last year there were three pop-up clinics. The previous year there was a health educator who led peer training/and workshops. Students from BIS did health workshops in most BIS classes. 24-25 there have been two pop up clinics from BHS Health Center Nurse Practitioner staff, and a health educator, and Americor staff here Wednesdays. They also started SHIFT, peer educators work again the second semester 2005.

Goal E: Continue to have a Nutrition Services staff at campus to serve breakfast and lunch. We have a new staff member.

The goal is to have recipes that our students will enjoy more for our student population. (Position brought back 23-24 school year. Before the pandemic it existed.) We have excellent food and hot breakfast twice a week. We would like to collaborate with the Nutrition Services staff and student interns to create meals at some point as a part of the BTA CTE Public Health Pathway.

Goal F: Facilities Upgrades

Some facility improvements to this campus to ensure the safety of all students and staff are addressed in the Facilities-Construction Project started in the summer of 2023-2024. And is still not finished by 1/17/ 2025. Key cards for all the gates on the perimeter of campus and the middle gate between BTA and BIS. This is the only remaining part of the project not completed.

BTA bungalows are over 20 years old and need to be replaced at some point. And the heaters in the rooms. And need to be checked for mold often.

The multipurpose room needs to be updated. New tables new chairs, and projector and speaker built in. The heater and windows in MPR are not easy to control or use. And a new sink.

And a new kitchen for Nutrition Services

Goal G: ATOD Substance Use Educator

Add an Alcohol Tobacco and Other Drug Counselor back to BTA. Had one for two years, 5 years ago. But the provider, New

2025-26 School Safety Plan

Bridges, City of Berkeley Contract was not renewed. Some students regularly come to school, especially after lunch having smoked. Some students do other drugs. There are no services at BTA/BIS presently. We have a Tobacco and Tobacco-Use Prevention Education (TUPE) group with our academic counselor. They meet every other week. The goal is to offer credits for classes. See every day and check in and not just when something happens and they need it.

Additional considerations:

This site floods when it rains heavily.

The portables at BTA are deteriorating and need to be repaired annually--floors, walls, and ceilings that are moist, have mold or are falling apart. At some point, these rooms will have to be replaced or be a part of a redesign.

The park/baseball field has no bathrooms. During the baseball season the team, the visiting team, families, officials, and visitors all come on campus to use the BTA/BIS bathrooms. It impacts the students and staff on campus. Neither the city, BUSD, nor BHS athletics have a plan to add bathrooms there. Sports Basement is the other bathroom that visitors and the visiting team uses it.

Professional Development

During the 2025–26 school year, Berkeley Unified School District (BUSD) provided professional development at each school site with a strong focus on improving literacy outcomes for all students. Professional learning emphasized effective language and literacy instruction aligned to district priorities and the goal of ensuring students are on track for grade-level literacy by grade three.

At the elementary level, professional development supported the implementation of adopted English Language Arts

Professional Development

instructional materials, with a focus on evidence-based literacy practices, instructional coherence, and meeting the needs of diverse learners. Teachers engaged in site-based professional learning and collaborative planning to strengthen foundational literacy skills, reading comprehension, and writing instruction.

At the secondary level, professional development emphasized integrated English Language Development (ELD) practices across content areas to support multilingual learners' language development and access to grade-level academic content. Teachers collaborated to strengthen instructional strategies that support language development, academic discourse, and literacy across disciplines.

Throughout the school year, educators participated in ongoing, job-embedded professional learning through collaboration, coaching, and alignment to School Plan for Student Achievement (SPSA) goals and district priorities. School leadership teams monitored the effectiveness of professional development using educator feedback and student learning data to support continuous improvement in literacy outcomes.
