Laurie completed a review of the evaluation she completed of the Single Plan for Student Achievement. This outlined the progress made towards our goals last year.

Laurie also explained that these goals will continue but that there will be changes to the goals to align with the state factors for success. Specifically, goals related to CAASPP data will now be measuring distance from standard for student scores. This means staff will one focused on how far students are from proficient. Notably, our focal scholars: Black/African American, Socio Economically Disadvantaged, Special Ed, and multi-lingual learners, remain below standard despite posting gains in both ELA and Math.

4. Election of our positions; Chair, Vice Chair, Secretary- Agenda item tabled due to a lack of quorum

5. Election of P&O representatives:

The SSC needs to approve the nominees; ideally we would have 2 voting members from Willard and up to 2 more alternates. The P&O reps do NOT need to be members of the SSC.
