2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year) Input Sections

Input Section 1: SARC Input Sections Overview

SARC Overview	
SARC Publishing Deadline	The SARC publishing deadline is 2/1/26.
SARC Input Form Sections	Use the **SARC Input Sections** to update SARC information that is not populated by DTS. The information you enter in the SARC Input Sections will automatically update the full SARC. Where available, the section header is linked to detailed guidance from CDE. A full version of CDE's Data Elements Document can be downloaded by clicking here. CDE's Data Elements Document was updated in September of 2024. We will update this section when the 2025 SARC Data Elements are released.
SARC PDF from DTS	Once your updates are complete, please notify your district's SARC Coordinator (or DTS if you are a Single School District). DTS will provide a PDF export of the SARC with data and initiate translations (if applicable). Additionally, Coordinators can now download all SARCs at once through the Coordinator Menu. Please see instructions below: **Downloading the SARCs for all sites:** 1. Log into DTS. 2. Select the District account. 3. Click the "View Documents (All Locations) link on the right side of the Coordinator Menu. 4. Press the "Export Documents" button on the left side of the screen. 5. Follow the prompts to complete the export request.
SARC Data from CDE	SARC data is typically released by CDE in December. DTS populates the data to your SARC as soon as it becomes available. DTS will email as soon as data is released and imported to your SARC. Please refer to the "SARC Data Updated by LEA" and "CDE SARC Data Populated by DTS" areas of this section for clarification on how data is populated to your SARC.
SARC Submission to CDE	SARC Coordinators are required to register using MyCDEConnect. You will want to register as a SARC Coordinator. Once registered, your Main Authorizer (Superintendent) will need to approve your account. Once approved, you can follow the directions below to submit your SARC URL. - Access the school accounts main "School Accountability Report Card (SARC)" page. - Click the chain button for "External link to SARC" directly under the school's name within the blue box - Enter the full SARC URL, which will be the webpage that hosts your SARC documents on your district website.

DTS SARC Support	
Update Data for Multiple Sites	You can update data for multiple schools by clicking "Update Data - All Locations" in your Coordinator Menu (Coordinators only).
FIT Results	DTS will import FIT Results for one or all schools on your behalf. You may send your completed CDE MS Excel FIT report to DTS by clicking here. Only the MS Excel version of the CDE FIT Tool can be imported to DTS. Please ensure that the FIT Tool sheet names have not been removed, renamed or otherwise altered. When downloading, please note that you may need to "Keep" the file based on your browser settings.
PFT Results	LEAs are required to populate their own Physical Fitness Test Participation Percentages. We've created an import request spreadsheet to make it easy for you to provide the data to DTS. You can download the spreadsheet by clicking here. Please provide one spreadsheet for all schools. You may send your results to DTS by clicking here. When downloading, please note that you may need to "Keep" the file based on your browser settings.
DTS SARC Support	Please feel free to contact the DTS Support Team by clicking here.

City, State, Zip	
Phone Number	
Principal	Madeleine Rogin
Email Address	
School Website	
County-District-School (CDS) Code	

Input Section 3: 2025-26 District Contact Information

These fields should be reviewed and updated by the LEA/School. Provide current contact information.

District Name	
Phone Number	
Superintendent	

Email Address	

Input Section 4: 2025-26 School Overview

Use this space to provide information about the school, its program, and its goals.

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

Input Section 5: 2025-26 Opportunities for Parental Involvement

Use this space to provide information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parental involvement.

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

Berkeley Unified School District and Berkeley Child Development Program commit to family engagement that builds relational trust, links families to learning, connects schools and families to community resources, and develops the capacity of staff and family to partner together and lead student learning. Our school welcomes families to engage with school staff daily by communicating on the phone, via email, through district and school social media, and in person and will receive regular communications via school newsletters. Families in need of translation and interpretation services can seek support from the school office staff. Families are invited to attend a wide range of special events throughout the year including assemblies for academic and citizenship honorees and heritage months, and Back-to-School and Open House Nights. Learning opportunities for families are available throughout the year provided at both the school and district level on topics such as supporting your child's literacy development, building social/emotional competencies, and supporting mental and physical wellness. We believe families should be partners in student learning and are provided a variety of opportunities for input in important decisions through surveys and participation on leadership committees. Opportunities for families to gather in affinity-based spaces are provided throughout the district and school. For more information on family engagement opportunities and resources please contact: Madeleine Rogin, Principal.

Input Section 6: 2025-26 School Safety Plan

This section should include information about the school's Comprehensive School Safety Plan (CSSP), including the dates on which the safety plan was last annually reviewed, updated, board approved and discussed with school faculty and a student representative, as well as a brief description of the key elements of the plan (please do not paste your entire safety plan in this field).

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

Input Section 7: School Facility Conditions and Planned Improvements

This field should be reviewed and updated by the LEA/School. Using the most recently collected Facility Inspection Tool (FIT) data (or equivalent), provide a summary statement of the condition of the school facility, as required by Education Code sections 17014, 17032.5, 17070.75(a), and 17089(b).]. Please keep the narrative content to 2-3 paragraphs.

Input Section 8: 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

This field should be reviewed and updated by the LEA/School. The narrative field is optional, but the table data is required. Please keep the narrative content to 2-3 paragraphs.

Note:
List all textbooks and instructional materials used in the school in core subjects (reading/language arts, math, science, and history-social science).

If an insufficiency exists, the description must identify the percent of students who lack sufficient textbooks and instructional materials. Be sure to use the most recent available data collected by the LEA and note the year and month in which the data were collected.

Input Section 9: 2023-24 Expenditures Per Pupil and School Site Teacher Salaries

NOTE: The most recent data available from CDE is two years old; the 2023-24 year reference is correct. For comparison purposes, data for the same fiscal year is requested from the school.

These fields will be populated by DTS with data provided by CDE as it becomes available:

- **District Average Teacher Salary**
- **State Expenditures Per Pupil (Unrestricted)**
- **State Average Teacher Salary**
- **Percent Difference - School Site and District**
- **Percent Difference - School Site and State**

The fields listed below should be reviewed and updated by the LEA/School:

- **School Total Expenditures Per Pupil (School)**
- **School Expenditures Per Pupil (Restricted)**
- **School Expenditures Per Pupil (Unrestricted)**
- **School Average Teacher Salary (School)**
- **District Expenditures Per Pupil (Unrestricted)**

This table displays the 2023-24 expenditures per pupil and average teacher salary for this school. Cells with N/A values do not require data.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Restricted)	Expenditures Per Pupil (Unrestricted)	Average Teacher Salary
School Site				
District	N/A	N/A		
Percent Difference - School Site and District	N/A	N/A		
State	N/A	N/A		
Percent Difference - School Site and State	N/A	N/A		

Input Section 10: 2024-25 Types of Services Funded

This field should be reviewed and updated by the LEA/School. Use this space to provide specific information about the types of programs and services available at the school that support and assist students. Please keep the narrative content to 2-3 paragraphs.

Input Section 11: 2024-25 California Physical Fitness Test Percentage of Students Participating

This field should be reviewed and updated by the LEA/School.

Only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) should appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

You may send your PFT Participation Percentages to DTS using the spreadsheet provided by clicking here. You may send your results to DTS by clicking here.

For multiple school updates, DTS Coordinators may update data for all schools using the "Update Data – All Locations" link in the Coordinator Menu. You can review an overview of the link by clicking here.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility

Input Section 12: Professional Development

This field should be reviewed and updated by the LEA/School. The narrative field is optional, but the table data is required. Please keep the narrative content to 2-3 paragraphs.

During the 2025–26 school year, Berkeley Unified School District (BUSD) provided professional development at each school site with a strong focus on improving literacy outcomes for all students. Professional learning emphasized effective language and literacy instruction aligned to district priorities and the goal of ensuring students are on track for grade-level literacy by grade three.

At the elementary level, professional development supported the implementation of adopted English Language Arts instructional materials, with a focus on evidence-based literacy practices, instructional coherence, and meeting the needs of diverse learners. Teachers engaged in site-based professional learning and collaborative planning to strengthen foundational literacy skills, reading comprehension, and writing instruction.

At the secondary level, professional development emphasized integrated English Language Development (ELD) practices across content areas to support multilingual learners' language development and access to grade-level academic content. Teachers collaborated to strengthen instructional strategies that support language development, academic discourse, and literacy across disciplines.

Throughout the school year, educators participated in ongoing, job-embedded professional learning through collaboration, coaching, and alignment to School Plan for Student Achievement (SPSA) goals and district priorities. School leadership teams monitored the effectiveness of professional development using educator feedback and student learning data to support continuous improvement in literacy outcomes.
On October 7, 2024 and January 27, 2025 all TK-8 staff (certificated and classified) participated in a districtwide professional development day. For K-5 teachers, the focus was on implementing literacy practices learned in last years CORE Reading Academy as part of an ongoing districtwide professional learning initiative on reading instruction. Throughout the year, elementary schools continue to engage in sustained professional development centered on the implementation of our literacy diagnostic plan.

To further support instructional growth, every TK-8 site has dedicated Literacy Coaches, Equity Leads, and Math Teacher Leaders. These professionals provide job-embedded support by co-teaching, facilitating reflective practices, and offering targeted professional development during staff meetings.

New teachers benefit from a comprehensive and rigorous District Teacher Induction Program. Teacher-initiated professional development is also encouraged and funded through both district and site-level allocations to ensure staff have access to relevant and meaningful learning opportunities.

This table displays the number of school days dedicated to staff development and continuous improvement.

Subject	2023-24	2024-25	2025-26
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Input Section 13: Career Technical Education Programs (Grades 9-12 Only)

This section applies to schools serving grades 9-12 only.
If your school does not serve grades 9-12, simply skip and leave this section blank.
It will not be included in the full SARC.

2024-25 Career Technical Education Programs

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

To complete this section, provide:

- **A list of programs offered by the school district in which pupils at the school may participate and that are aligned to the model curriculum standards adopted pursuant to Education Code Section 51226; and**
- **A list of program sequences offered by the school district. The list should identify courses conducted by a regional occupational center or program, and those conducted directly by the school district; and**
- **A listing of the primary representative of the district's CTE advisory committee and the industries represented on the committee.**

THE REMAINING SECTIONS ARE PROVIDED FOR REVIEW AND INCLUDE THE UPDATES FROM YOUR INPUT SECTIONS

2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest **California School Dashboard** 	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments ("ineffective" under ESSA)						
Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA)						
Unknown/Incomplete/NA						
Total Teaching Positions						

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Teacher Preparation and Placement

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Berkeley Unified School District and Berkeley Child Development Program commit to family engagement that builds relational trust, links families to learning, connects schools and families to community resources, and develops the capacity of staff and family to partner together and lead student learning. Our school welcomes families to engage with school staff daily by communicating on the phone, via email, through district and school social media, and in person and will receive regular communications via school newsletters. Families in need of translation and interpretation services can seek support from the school office staff. Families are invited to attend a wide range of special events throughout the year including assemblies for academic and citizenship honorees and heritage months, and Back-to-School and Open House Nights. Learning opportunities for families are available throughout the year provided at both the school and district level on topics such as supporting your child's literacy development, building social/emotional competencies, and supporting mental and physical wellness. We believe families should be partners in student learning and are provided a variety of opportunities for input in important decisions through surveys and participation on leadership committees. Opportunities for families to gather in affinity-based spaces are provided throughout the district and school. For more information on family engagement opportunities and resources please contact: Madeleine Rogin, Principal.

Professional Development

During the 2025–26 school year, Berkeley Unified School District (BUSD) provided professional development at each school site with a strong focus on improving literacy outcomes for all students. Professional learning emphasized effective language and literacy instruction aligned to district priorities and the goal of ensuring students are on track for grade-level literacy by grade three.

Professional Development

At the elementary level, professional development supported the implementation of adopted English Language Arts instructional materials, with a focus on evidence-based literacy practices, instructional coherence, and meeting the needs of diverse learners. Teachers engaged in site-based professional learning and collaborative planning to strengthen foundational literacy skills, reading comprehension, and writing instruction.

At the secondary level, professional development emphasized integrated English Language Development (ELD) practices across content areas to support multilingual learners' language development and access to grade-level academic content. Teachers collaborated to strengthen instructional strategies that support language development, academic discourse, and literacy across disciplines.

Throughout the school year, educators participated in ongoing, job-embedded professional learning through collaboration, coaching, and alignment to School Plan for Student Achievement (SPSA) goals and district priorities. School leadership teams monitored the effectiveness of professional development using educator feedback and student learning data to support continuous improvement in literacy outcomes.
On October 7, 2024 and January 27, 2025 all TK-8 staff (certificated and classified) participated in a districtwide professional development day. For K-5 teachers, the focus was on implementing literacy practices learned in last years CORE Reading Academy as part of an ongoing districtwide professional learning initiative on reading instruction. Throughout the year, elementary schools continue to engage in sustained professional development centered on the implementation of our literacy diagnostic plan.

To further support instructional growth, every TK-8 site has dedicated Literacy Coaches, Equity Leads, and Math Teacher Leaders. These professionals provide job-embedded support by co-teaching, facilitating reflective practices, and offering targeted professional development during staff meetings.

New teachers benefit from a comprehensive and rigorous District Teacher Induction Program. Teacher-initiated professional development is also encouraged and funded through both district and site-level allocations to ensure staff have access to relevant and meaningful learning opportunities.

This table displays the number of school days dedicated to staff development and continuous improvement.
