2025-2026 Data Newsletter:ROSA PARKS ELEMENTARY

Berkeley Unified School District: Excellence, Equity, Engagement and Enrichment

Enable and inspire our diverse student body to achieve academic excellence and make positive contributions to our world.

This newsletter provides a high level glance of various data points for our school. It summarizes multiple measures including State Assessments (ELPI, SBA & CAST), district internal assessments (DIBELS & Star) and non-assessment data (like chronic absenteeism).

3x5 targets: BUSD has set a "3x5" growth target for the 2024-25 school year and beyond. Our goal is to increase proficiency annually by 3% for all students, with an accelerated target of 5% growth for focal student groups, across all content areas. It is important to note that the 3x5 sections below are intended to check how close we came to this new target with last year's data.

To protect student confidentiality and align with state reporting guidelines, data is reported for groups of 10 or more students (25 or more for CHKS).

Overall District level data can be found on the BREA website page. Individual school newsletters can be found on the school website pages. Follow link to your school here: https://www.berkeleyschools.net/schools/

DEMOGRAPHICS Grades K-5

Program abbreviations key: EL (English Learner), SED (Socio-Economically Disadvantaged), SpEd (Special Education), McKinney Vento (students experiencing housing insecurity)
Race/ethnicity note: "Other" includes Filipino, American Indian or Alaska Native, Native Hawaiian or Other Pacific Islander, and students who did not report a race or ethnicity.

Year	Total	Asian	Black/ AA	His/ Latinx	Multi Ethnic	Other	White	SPED	SED	EL	His/Latx EL	McKinney Vento	Foster Youth	Free/Red. Lunch
'23-'24	371	9.7% (36)	9.4% (35)	23.7% (88)	12.7% (47)	0.8% (3)	43.7% (162)	10.8% (40)	32.9% (122)	6.5% (24)	2.4% (9)	1.3% (5)	0.5% (2)	32.6% (121)
'24-'25	393	9.9% (39)	8.7% (34)	22.1% (87)	14.8% (58)	1.5% (6)	43.0% (169)	10.2% (40)	33.8% (133)	7.1% (28)	1.8% (7)	2.8% (11)	0.0% (0)	33.8% (133)

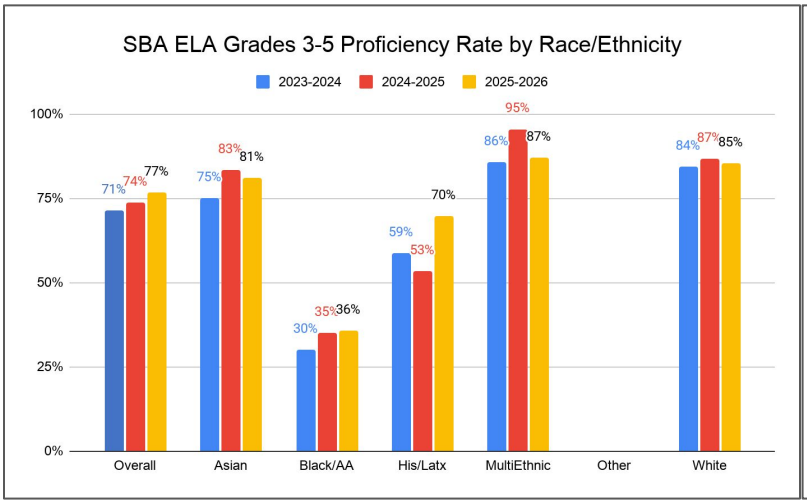
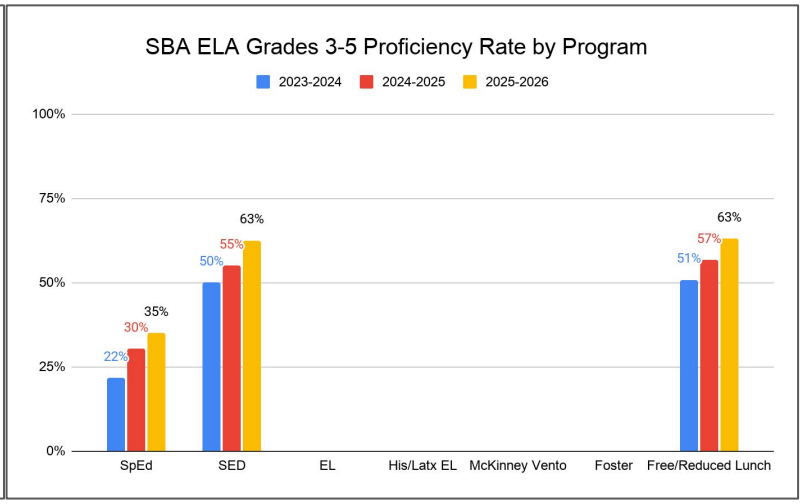
What is it?

The Demographics table shows our school enrollment by race/ethnicity and program as of October each year. The number in parentheses represents the number of students in each subgroup.

SMARTER BALANCED ASSESSMENT (SBA) - ENGLISH LANGUAGE ARTS Grades 3-5





What is it?

The Smarter Balanced Summative Assessment for English Language Arts (SBA for ELA) is the annual state standardized literacy test administered each Spring to students in Grades 3-8 and 11. It measures proficiency on the California Common Core State Literacy (Reading and Writing) Standards. The charts above show the percentage of students in Grades 3-5 who showed proficiency (Met or Exceeded Standard) in literacy.

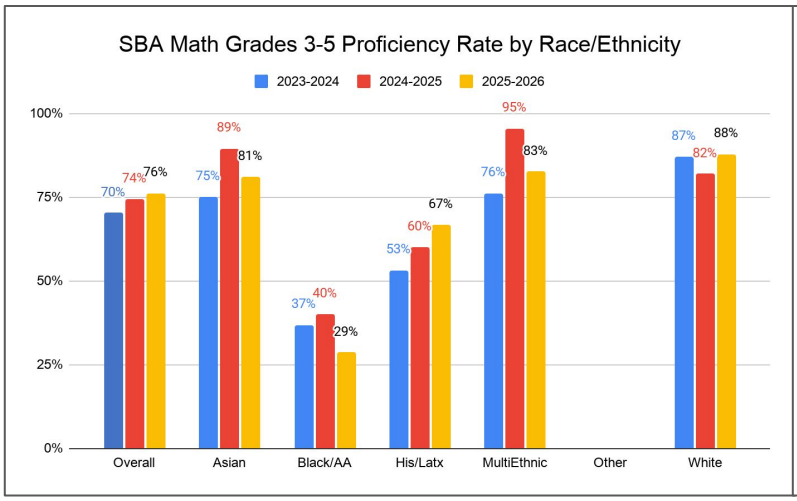
Performance Trend

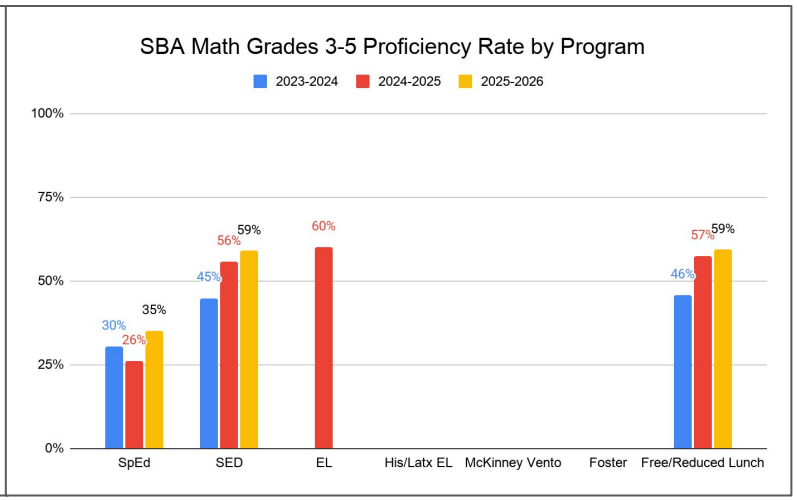
Overall 3rd-5th proficiency rates increased by 3% from 2024-25 to 2025-26.

Progress towards new 3x5 target

Overall, students in Grades 3-5 met the 3% improvement goal in 2025-26. The following focal groups met the 5% growth target: Special Education students (increase of 5% points), Students who are Socioeconomically Disadvantaged (increase of 8% points), Students Eligible for Free or Reduced Lunch (increase of 6% points), and His/Latx students (increase of 17% points).

SMARTER BALANCED ASSESSMENT (SBA) - MATH Grades 3-5





What is it?

The Smarter Balanced Summative Assessment for Math (SBA for Math) is the annual state standardized math test administered each Spring for students in Grades 3-8 and 11. It measures proficiency on the California Common Core State Math Standards. The charts above show the percentage of students in Grades 3-5 who showed proficiency (Met or Exceeded Standard) in math.

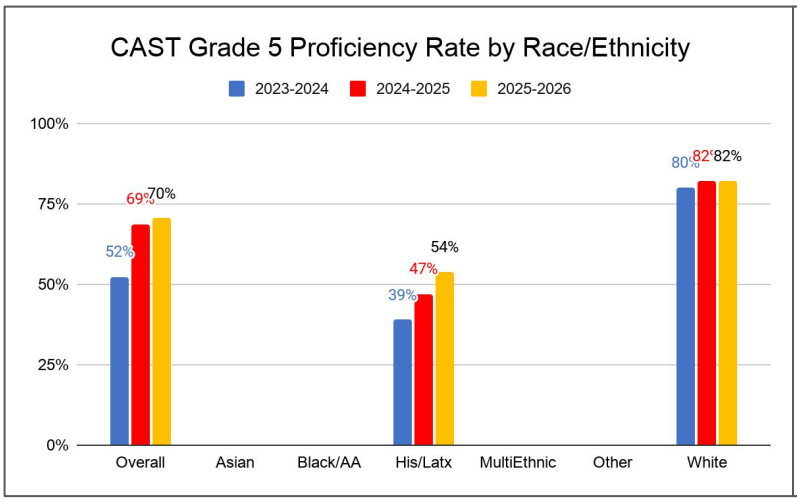
Performance Trend

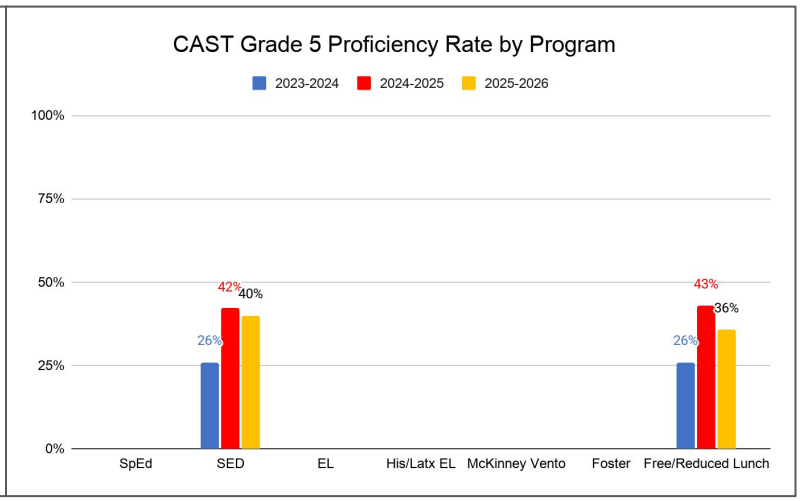
Overall 3rd-5th proficiency rates increased by 2% from 2024-25 to 2025-26.

Progress towards new 3x5 target

Overall, students in Grades 3-5 didn't meet the 3% improvement goal in 2025-26. The following focal groups met the 5% improvement goal: Hispanic/Latinx Students (increase of 7% points) and Special Education students (increased of 9% points)

CALIFORNIA SCIENCE TEST (CAST) - Grade 5





What is it?

The California Science Test (CAST) is the annual state standardized science test administered each Spring for students in Grades 5, 8 & 11. It measures proficiency on the California Next Generation Science Standards. The charts above show the percentage of students in Grade 5 who showed proficiency (Met or Exceeded Standard) in science.

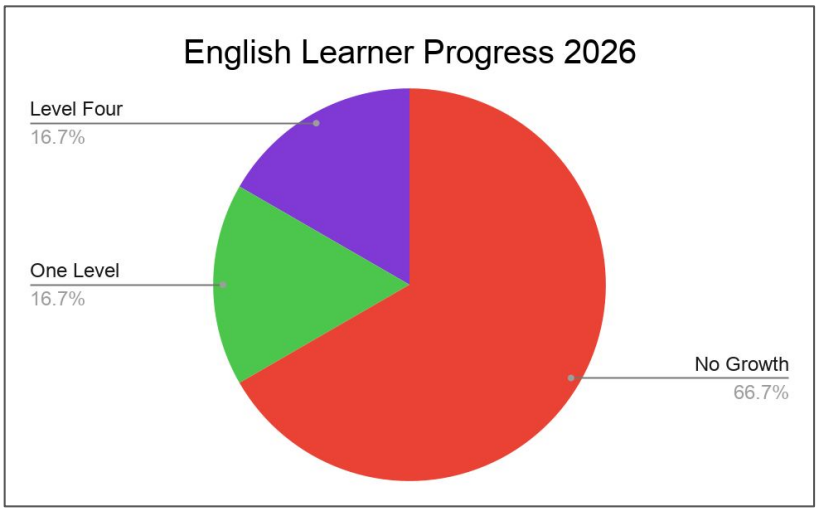
Performance Trend

Overall 5th grade proficiency rates remained about the same from 2024-25 to 2025-26.

Progress towards new 3x5 target

Overall, students in Grade 5 didn't meet the 3% improvement goal in 2025-26. The following focal groups met the 5% growth target: Hispanic/Latinx students (increase of 7% points)

ENGLISH LEARNER PROGRESS INDICATOR (ELPI) Grades 1-5*



What is it?

The ELPI levels show student progress toward English language proficiency for our multilingual students. The ELPI Levels are based on the ELPAC (English Language Proficiency Assessments for California). The goal is for English Learners to improve one level or more annually.

*Only English Learners in Grades 1-5 receive an ELPI level because it is determined by a student's progress on the ELPAC from one year to the next. The first time a student can have two years of ELPAC scores is after they take the assessment in both kindergarten and first grade.

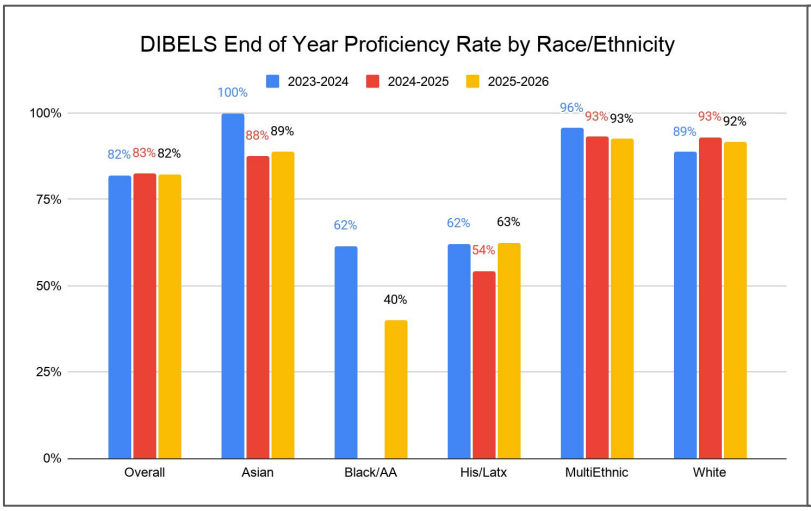
The English Learner Progress chart shows:

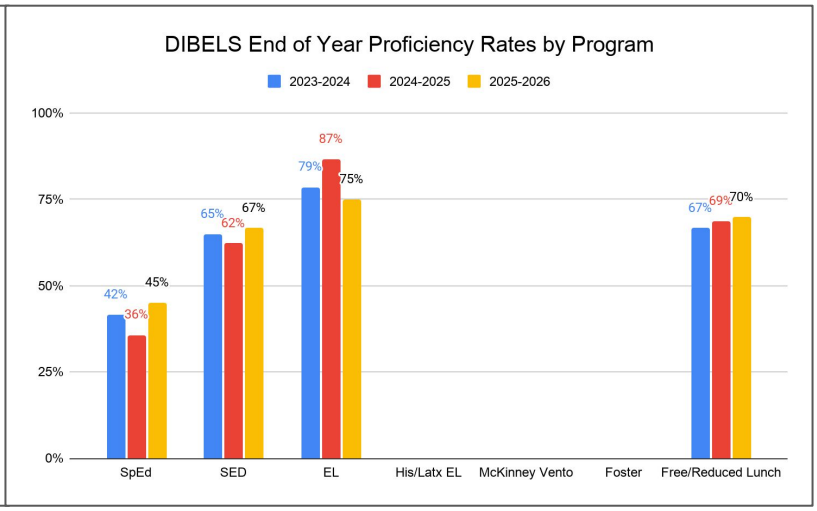
- The percentage of students who stayed at the same ELPI level or went down (**"No Growth"**)
- The percentage of students who advanced one ELPI level (**"One Level"**)
- The percentage of students who advanced more than one ELPI level (**"Two+ Levels"**)
- The percentage of students who stayed at the highest ELPI level (**"Level Four"**)

Performance Trend

At our school, 33.3 % of English Learners in Grades 1-5 met the state growth goals of improving 1 or more levels or remaining at Level 4. The California Data Dashboard categorizes 34.9% or less as "Very Low" growth.

DIBELS SCORES Grades K-2





What is it?

DIBELS (Dynamic Indicators of Basic Early Literacy Skills) is an English literacy screening assessment that is a measure of students' foundational reading skills. In BUSD this screener is administered three times per year (Fall, Winter, Spring) to students in Grades K-2, and in Grades 3-5 beginning in 2024-25. The charts above show the percentage of students in Grades K-2 who reached proficiency (At or Above Benchmark) in foundational reading skills at the end of each school year, as determined by their composite score.

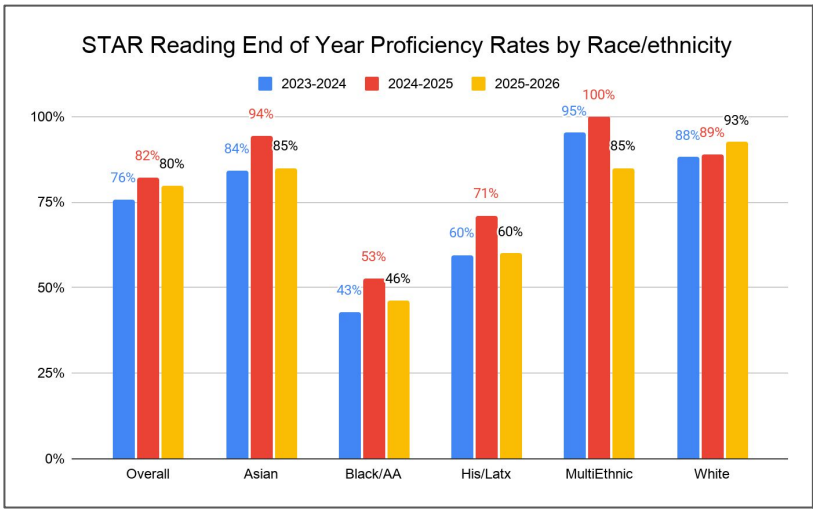
Performance Trend

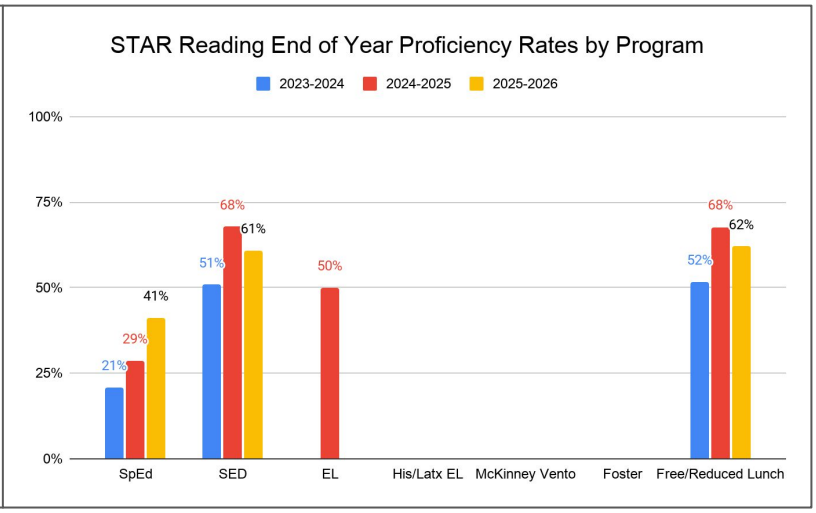
Overall K-2 Spring proficiency rates have remained steady, with 82% rate in 2025-26.

Progress towards new 3x5 target

Overall, students in Grades K-2 did not meet the 3% improvement goal in 2025-26. The following focal group met the 5% growth target: SPED students (9% point increase), SED students (5% point increase), and His/Latx students (9% point increase)

STAR READING SCORES Grades 3-5





What is it?

Star Reading is a nationally normed computer adaptive literacy screening assessment that measures students' progress on the California Common Core State English Literacy Standards. In BUSD this screener is administered three times per year (Fall, Winter, Spring) for students in Grades 3-8, and in Grades 9-10 beginning in 2024-25. The charts above show the percentage of students in Grades 3-5 who reached proficiency (At or Above Benchmark) on the Star Reading test at the end of each school year.

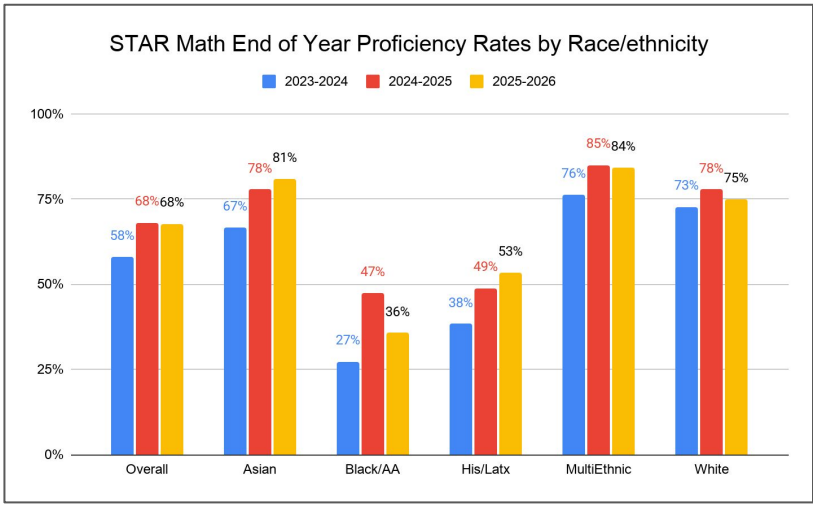
Performance Trend

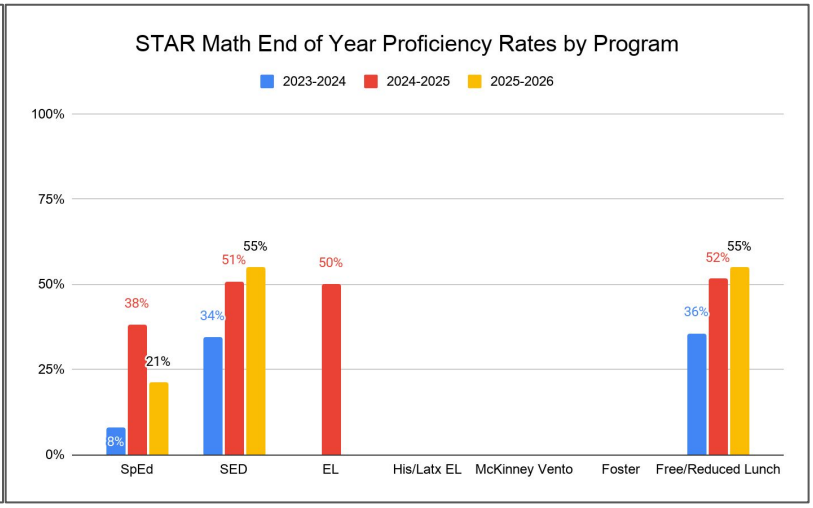
Overall 3rd-5th grade Spring proficiency rates increased by 6%.

Progress towards new 3x5 target

Overall, students in Grades 3-5 met the 3% improvement goal in 2024-25. The following focal groups met the 5% growth target: Hispanic/Latinx students (increase of 11%), Black/African-American students (10%), students with Disabilities (SPED) (increase of 7%), Socioeconomically Disadvantaged students (increase of 17%), and students qualifying for Free/Reduced Lunch (increase of 16%).

STAR MATH SCORES Grades 3-5





What is it?

Star Math is a nationally normed computer adaptive math screening assessment that measures students' progress on the California Common Core State Math Standards. In BUSD this screener is administered three times per year (Fall, Winter, Spring) for students in Grades 3-8, and in Grades 9-10 beginning in 2024-25. The charts above show the percentage of students in Grades 3-5 who reached proficiency (At or Above Benchmark) on the Star Math test at the end of each school year.

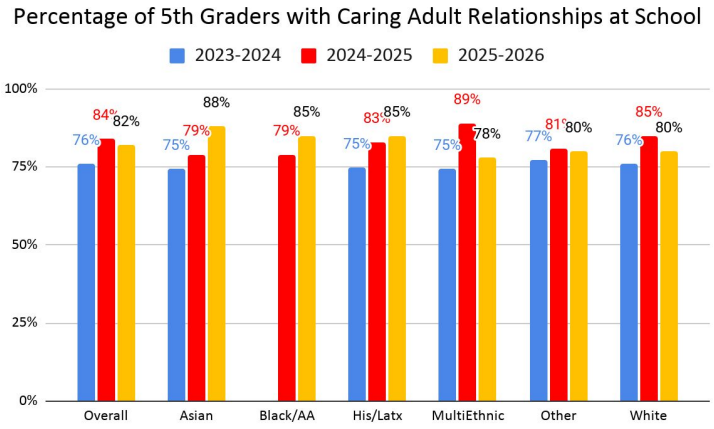
Performance Trend

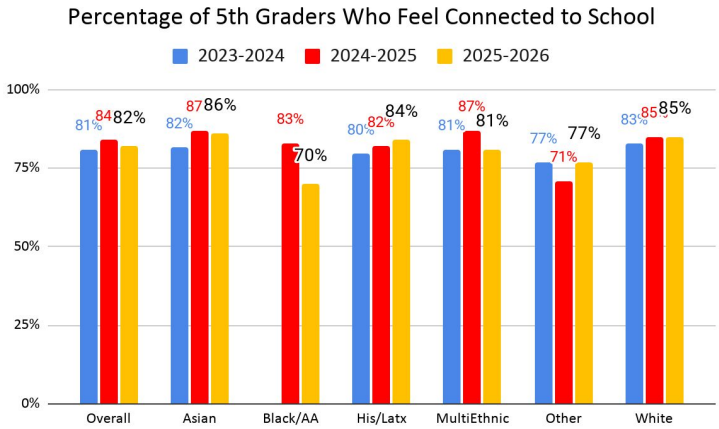
Overall 3rd-5th grade Spring proficiency rates has remained steady at 68% in 2025-2026.

Progress towards new 3x5 target

Overall, students in Grades 3-5 didn't meet the 3% improvement goal in 2025-26. No focal groups met the 5% improvement goal. Hispanic/Latinx students and SED students nearly met the improvement goal with a 4% point increase.

CALIFORNIA HEALTHY KIDS SURVEY (CHKS) Grade 5





What is it?

The California Healthy Kids Survey (CHKS) is an anonymous and confidential survey measuring school climate and safety, student wellness, and youth resiliency. This survey has been administered districtwide every other year to students in Grades 5, 7, 9 and 11. Beginning in Spring 2024, this survey will be given annually to students in Grades 5, 7, 9, and 11.

The charts above show the average percentage of 5th grade students across BUSD who responded "Yes all the time" and "Yes most of the time" to the following questions:

"Caring Adult Relationships"

Do the teachers and other grownups at school…

- Care about you?
- Listen when you have something to say?
- Make an effort to get to know you?

"School Connectedness"

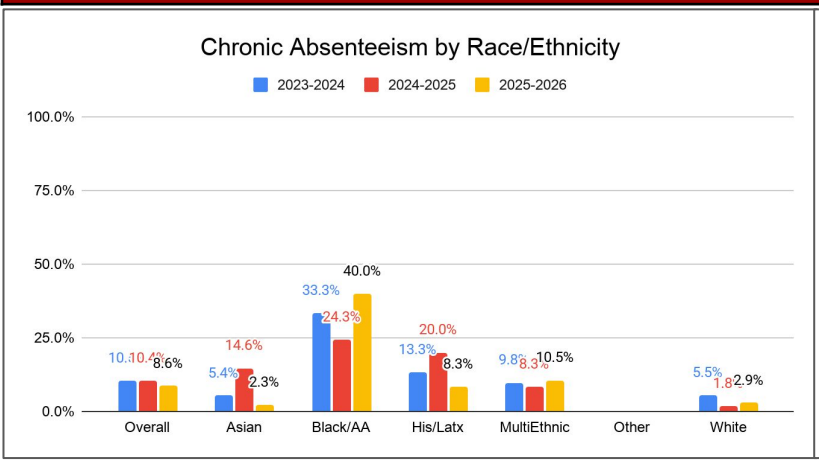
- Do you feel close to people at/from this school?
- Are you happy to be at/with this school?
- Do you feel like you are part of this school?
- Do teachers treat students fairly?
- Do you feel safe at school?

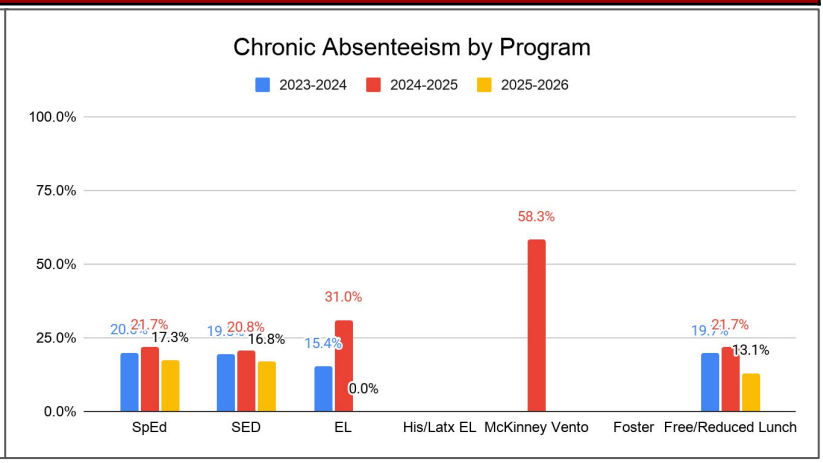
Trend

82% of 5th grade BUSD students who took this survey in Spring 2026 responded positively to the Caring Adult Relationships questions outlined above.

82% of 5th grade BUSD students who took this survey in Spring 2026 responded positively to the School Connectedness questions.

CHRONIC ABSENTEEISM Grades K-5





What is it?

Students are considered chronically absent when they miss 10% or more of the days that they are enrolled in school for any reason, including excused or unexcused absences. The charts above show the percentage of students in Grades K-5 who were chronically absent.

Trend

The 2025-26 chronic absenteeism rate was 8.6%, a 1.8% drop from the previous years. Note: for this metric, a decrease indicates improvement.

Progress towards new 3x5 target

Overall, students did not meet the 3% improvement goal in 2025-26. The following focal group met the 5% improvement goal: Hispanic/Latin students (11.7% point decrease), and students who qualify for free/reduced lunch (7.6% points decrease).
